

National Marine Sanctuary, 113 Harbor Way, Suite 150, Santa Barbara, CA 93109–2315, 805–966–7107 extension 464, michael.murray@noaa.gov.

SUPPLEMENTARY INFORMATION: The CINMS Advisory Council was originally established in December 1998 and has a broad representation consisting of 21 members, including ten government agency representatives and eleven members from the general public. The Council functions in an advisory capacity to the Sanctuary Superintendent. The Council works in concert with the Sanctuary Superintendent by keeping him or her informed about issues of concern throughout the Sanctuary, offering recommendations on specific issues, and aiding the Superintendent in achieving the goals of the National Marine Sanctuary Program. Specifically, the Council's objectives are to provide advice on: (1) Protecting natural and cultural resources and identifying and evaluating emergent or critical issues involving Sanctuary use or resources; (2) Identifying and realizing the Sanctuary's research objectives; (3) Identifying and realizing educational opportunities to increase the public knowledge and stewardship of the Sanctuary environment; and (4) Assisting to develop an informed constituency to increase awareness and understanding of the purpose and value of the Sanctuary and the National Marine Sanctuary Program.

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic; Amendment 18

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent (NOI) to prepare a draft environmental impact

statement (DEIS); notice of scoping meetings; request for comments.

SUMMARY: The South Atlantic Fishery Management Council (Council) intends to prepare a DEIS to assess impacts on the natural and human environment of management measures proposed in its draft Amendment 18 to the Fishery Management Plan for Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic Region (FMP).

DATES: Written comments on the scope of the issues to be addressed in the DEIS will be accepted until February 22, 2008, at 5 p.m.

ADDRESSES: Comments may be sent by any of the following methods, mail: Kate Michie, NMFS, Southeast Regional Office, 263 13th Avenue South, St. Petersburg, FL 33701; phone: 727–824–5305; fax: 727–824–5308; e-mail: 0648-XE89@noaa.gov. Scoping documents are available from the Council's Web site at www.safmc.net.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, South Atlantic Fisheries Management Council, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: 843–571–4366, toll free 1–866–SAFMC–10; fax: 843–769–4520; e-mail: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: The mackerel fishery of the Gulf of Mexico and South Atlantic region in the exclusive economic zone is managed under the FMP. The FMP was prepared by the Council and implemented by NMFS under the authority of the Magnuson-Stevens Fishery Conservation and Management Act by regulations at 50 CFR part 622.

Amendment 18 would allocate the Atlantic migratory group king mackerel commercial quota by region to prevent early closure in one state from negatively impacting fishing in another state. Given the level of commercial catch and the potential change in the commercial quota after the 2008 Southeast Data Assessment and Review (SEDAR) assessment, it is possible the commercial quota would be harvested before the end of the fishing year. If the quota is reached by October or November, 2008, and a closure is necessary, this could have large, negative impacts to fishermen in North Carolina.

This NOI is intended to inform the public of the preparation of a DEIS in support of Amendment 18 to the FMP to establish regional allocations for Atlantic migratory group king mackerel. Options suggested thus far to allocate the quota by region include: state by state quotas; semi-annual quotas (i.e.,

March 1 through September 30 and October 1 through the end of February, or March 1 through August 31 and September 1 through the end of February); and regional quotas (i.e., for Georgia and Florida, and for North Carolina and South Carolina).

Following consideration of public scoping comments, the Council plans to begin preparation of the draft Mackerel Amendment 18/DEIS after the 2008 SEDAR stock assessment has been completed. The Council and its Scientific and Statistical Committee will review the draft Mackerel Amendment 18/DEIS in 2009. If the Council approves the document, public review will take place in May 2009.

A **Federal Register** notice will announce the availability of the DEIS associated with this amendment, as well as a 45-day public comment period, pursuant to regulations issued by the Council on Environmental Quality for implementing the National Environmental Policy Act and to NOAA's Administrative Order 216–6. The Council will consider public comments received on the DEIS in developing the final environmental impact statement (FEIS), and before voting to submit the final amendment to NMFS for Secretarial review, approval, and implementation. NMFS will announce in the **Federal Register** the availability of the final amendment and FEIS for public review during the Secretarial review period, and will consider all public comments prior to final agency action to approve, disapprove, or partially approve the final amendment.

Scoping Meetings, Times, and Locations

All meetings will begin at 2 p.m. In addition to Amendment 18, the Council intends to scope three other amendments at this series of meetings. Separate NOIs have been prepared for each amendment. The meetings will be physically accessible to people with disabilities. Requests for information packets or for sign language interpretation or other auxiliary aids should be directed to the Council (see **ADDRESSES**).

SUPPLEMENTARY INFORMATION: Fisheries
of the South Atlantic region in the
exclusive economic zone are managed
under their respective FMPs. The
Magnuson-Stevens Fishery
Conservation and Management Act
requires the Councils to establish
annual catch limits (ACLs) that will
limit harvest and prevent overfishing.
To establish sector specific ACLs, the
Council would need to allocate the total
allowable catch between recreational
and commercial sectors. In addition, the
Council could consider a separate
allocation for the for-hire sector such
that there could be three sectors with
allocations: commercial; for-hire
(charters, headboats and guides); and
private recreational.

This NOI is intended to inform the
public of the preparation of a DEIS in
support of a Comprehensive
Amendment to the Council's FMPs to
address allocations. Options suggested
thus far for determining sector
allocations include: use of historical
landings; examination of relative
catches by each sector and projection of
future demand; and detailed social and
economic analyses.

Following consideration of public
scoping comments, the Council plans to
begin preparation of the draft
Comprehensive Allocation Amendment/
DEIS in March 2008. The Council and
its Scientific and Statistical Committee
will review the draft Comprehensive
Allocation Amendment/DEIS in 2008. If
the Council approves the document,
public review will take place in
November 2008.

A **Federal Register** notice will
announce the availability of the DEIS
associated with this amendment, as well
as a 45-day public comment period,
pursuant to regulations issued by the
Council on Environmental Quality for
implementing the National
Environmental Policy Act and to
NOAA's Administrative Order 216-6.
The Council will consider public
comments received on the DEIS in
developing the final environmental
impact statement (FEIS), and before
voting to submit the final amendment to

NMFS for Secretarial review, approval,
and implementation. NMFS will
announce in the **Federal Register** the
availability of the final amendment and
FEIS for public review during the
Secretarial review period, and will
consider all public comments prior to
final agency action to approve,
disapprove, or partially approve the
final amendment.

Amendment, the Council intends to
