DEPARTMENT OF LABOR**Employment Standards Administration****Proposed Revision of the Approval of Information Collection Requirements**

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment Standards Administration

is soliciting comments concerning its proposal to extend OMB approval of the information collection for the following medical reports: Roentgenographic Interpretation (CM-933), Roentgenographic Quality Rereading (CM-933b), Medical History and Examination for Coal Mine Workers' Pneumoconiosis (CM-988), Report of Arterial Blood Gas Study (CM-1159), and Report of Ventilatory Study (CM-2907). A copy of the proposed information collection request can be obtained by contacting the office listed below in the addresses section of this Notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before March 31, 2008.

ADDRESSES: Mr. Steve Andoseh, U.S. Department of Labor, 200 Constitution Ave., NW., Room S-3201, Washington, DC 20210, telephone (202) 693-0373, fax (202) 693-1451, *E-mail* andoseh.steven@dol.gov. Please use only one method of transmission for comments (mail, fax, or E-mail).

SUPPLEMENTARY INFORMATION:**I. Background**

The Black Lung Benefits Act of 1977 as amended, 20 U.S.C 901 et seq. and 20 CFR 718.102 set forth criteria for the administration and interpretation of x-rays. When a miner applies for benefits, the Division of Coal Mine Workers' Compensation (DCMWC) is required to schedule a series of four diagnostic tests to help establish eligibility for black lung benefits. Each of the diagnostic tests has its own form that sets forth the medical results. The forms are: Roentgenographic Interpretation (CM-933), Roentgenographic Quality Rereading (CM-933b), Medical History and Examination for Coal Mine Workers' Pneumoconiosis (CM-988), Report of Arterial Blood Gas Study (CM-1159), and Report of Ventilatory Study (CM-2907). This information collection is currently approved for use through July 31, 2008.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

The Department of Labor seeks the approval for the extension of this currently approved information collection in order to carry out its responsibility to determine eligibility for black lung benefits.

Type of Review: Extension.

Agency: Employment Standards Administration.

Title: Roentgenographic Interpretation (CM-933), Roentgenographic Quality Rereading (CM-933b), Medical History and Examination for Coal Mine Workers' Pneumoconiosis (CM-988), Report of Arterial Blood Gas Study (CM-1159), and Report of Ventilatory Study (CM-2907).

OMB Number: 1215-0090.

Agency Number: CM-933, CM-933b, CM-988, CM-1159, and CM-2907.

Affected Public: Business or other for-profit, and Not-for-profit institutions.

Form No.	Number of respondents	Number of responses	Avg. time per response (min.)	Burden hours
Burden Estimates:				
CM-933	3,500	3,500	5	292
CM-933b	3,500	3,500	3	175
CM-988	3,500	3,500	30	1,750
CM-1159	3,500	3,500	15	875
CM-2907	3,500	3,500	20	1,167
Total	17,500	17,500	14.6	4,259
