

necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder¹⁰ because it does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate.

A proposed rule change filed under Rule 19b-4(f)(6) may not become operative prior to 30 days after the date of filing unless the Commission designates a shorter time if such action is consistent with the protection of investors and the public interest.¹¹ Nasdaq has requested that the Commission waive the 30-day operative delay, which would make the rule change operative immediately upon filing with the Commission. The Commission believes waiving the 30-day operative date is consistent with the protection of investors and the public interest because the proposed rule change provides greater transparency to issuers and investors and may reduce the likelihood of untimely notification of dividend declarations.¹² For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.

At any time within 60 days of the filing of a rule change pursuant to Section 19(b)(3)(A) of the Act,¹³ the Commission may summarily abrogate

the rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
