

listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: Section 8(b) of TSCA requires EPA to compile and keep current an Inventory of Chemical Substances in Commerce, which is a listing of chemical substances manufactured, imported, and processed for commercial purposes in the United States. The purpose of the Inventory is to define, for the purpose of TSCA, what chemical substances exist in U.S. commerce. Since the Inventory thereby performs a regulatory function by distinguishing between existing chemicals and new chemicals, which TSCA regulates in different ways, it is imperative that the Inventory be accurate.

However, from time to time, EPA or respondents discover that substances have been incorrectly described by reporting companies. Reported substances have been unintentionally misidentified as a result of simple typographical errors, the misidentification of substances, or the lack of sufficient technical or analytical capabilities to characterize fully the exact chemical substances. EPA has developed guidelines (45 FR 50544, July 29, 1980) under which incorrectly described substances listed in the Inventory can be corrected. The correction mechanism ensures the accuracy of the Inventory without imposing an unreasonable burden on the chemical industry. Without the Inventory correction mechanism, a company that submitted incorrect information would have to file a premanufacture notification (PMN) under TSCA section 5 to place the correct chemical substance on the Inventory whenever the previously reported substance is found to be misidentified. This would impose a much greater burden on both EPA and the submitter than the existing correction mechanism. This information collection applies to reporting and recordkeeping activities associated with the correction of misreported chemical substances found on the TSCA Inventory.

Responses to the collection of information are voluntary. Respondents may claim all or part of a notice as CBI. EPA will disclose information that is covered by a CBI claim only to the extent permitted by, and in accordance with, the procedures in 40 CFR part 2.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register**, are listed in 40 CFR part 9 and included on the related collection instrument or form, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to be 2.25 hours per response. Burden means the total time, effort or financial resources expended by persons to generate, maintain, retain or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install and utilize technology and systems for the purposes of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Entities potentially affected by this action are manufacturers or importers of chemical substances, mixtures or categories listed on the TSCA Inventory and regulated under TSCA section 8, who had reported to the initial effort to establish the TSCA Inventory in 1979, and who need to make a correction to that submission.

Frequency of Collection: On occasion.

Estimated average number of responses for each respondent: 1.

Estimated No. of Respondents: 9.

Estimated Total Annual Burden on Respondents: 20 hours.

Estimated Total Annual Costs: \$1,061.

Changes in Burden Estimates: There is no net change in the total estimated respondent burden compared with that currently in the OMB inventory.

Dated: February 5, 2008.

COUNCIL ON ENVIRONMENTAL QUALITY

The National Environmental Policy Act

AGENCY: Council on Environmental Quality.

ACTION: Notice of Availability, "A Citizen's Guide to the National

Environmental Policy Act—Having Your Voice Heard.”

SUMMARY: The Council on Environmental Quality (CEQ) has published “A Citizen’s Guide to the NEPA—Having Your Voice Heard.” The guide explains the National Environmental Policy Act (NEPA), and how it is implemented, as well as how people outside the Federal government—individual citizens, private sector permit applicants, members of organized groups, and representatives of Tribal, State, or local governments—can better participate in the Federal environmental impact assessment process. This informational guide contains no new requirements.

ADDRESSES: Electronic or facsimile requests are preferred given that Federal agencies often experience mail delays as a result of security screening. Submit requests for the guide via electronic mail to hgregzmiel@ceq.eop.gov with the subject line “NEPA Citizen’s Guide.” Fax requests to “NEPA Citizen’s Guide” at (202) 456-0753. Mail requests to NEPA Citizen’s Guide, Attn.: Associate Director for NEPA Oversight, 722 Jackson Place, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Horst Greczmiel at (202) 395-5750.

SUPPLEMENTARY INFORMATION: CEQ established a NEPA task force and is implementing its recommendations to modernize the implementation of NEPA and make the NEPA process more effective and efficient. This guide responds to public requests and comments received during the development of the “National Environmental Policy Act Task Force Report to the CEQ—Modernizing NEPA Implementation,” and from participants in the four NEPA Regional Roundtables that reviewed the report. More information about the task force is posted at <http://ceq.eh.doe.gov/ntf>. CEQ requested public comments on the proposed guide on February 21, 2007, 72 FR 7876. Those comments are posted at <http://ceq.eh.doe.gov/ntf/implementation.html>.

The “A Citizen’s Guide to the NEPA—Having Your Voice Heard” describes the NEPA process and suggests ways in which citizens and non-Federal entities can participate in Federal agencies’ implementation of NEPA. The final guide, revised in response to public comments, includes a discussion of the environmental policies set out in section 101 of NEPA, clarifying specific points in the process when public comments and input are effective, explaining variations in planning

processes for Federal highways, and distinguishing between required and optional implementation.

The procedural steps in analyzing proposed Federal actions through the three levels of analysis provided in the CEQ Regulations Implementing the Procedural Requirements of the National Environmental Policy Act (40 CFR parts 1500–1508)—the categorical exclusion, the environmental assessment, and the environmental impact statement—are described. The guide also advises how to obtain assistance from CEQ and other government agencies, in addition to available options to those concerned whether an agency is properly implementing its NEPA responsibilities.

Dated: February 4, 2008.

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collection Requirement Submitted to OMB for Review and Approval, Comments Requested

February 6, 2008.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden, invites the general public and other federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before March 13, 2008. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, via Internet at Nicholas_A_Fraser@omb.eop.gov or via fax at (202) 395-5167 and to Cathy Williams, Federal Communications Commission, Room 1-C823, 445 12th
