[Release No. 34-57321; File No. SR-Amex-2008-11]

Self-Regulatory Organizations; American Stock Exchange, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Delete the AEMI-One Rules

February 13, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 11, 2008, the American Stock Exchange, LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared substantially by the Amex. The Amex has submitted the proposed rule change under Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Amex proposes to delete its AEMI-One rules in their entirety because the AEMI-One rules, which have been superseded by the Amex's AEMI rules, are no longer in effect.

The text of the proposed rule change is available at <http://www.amex.com>, the principal office of the Amex, and the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Amex included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The Amex has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Amex proposes to delete the AEMI-One rules in their entirety. The Amex adopted the AEMI-One rules in connection with the implementation of an initial version of AEMI, the Exchange's hybrid market trading platform for equity products and exchange-traded funds, that was operative on a pilot basis prior to the Trading Phase Date.⁵ The AEMI-One rules are no longer in effect, having been superseded by the Exchange's AEMI rules on the Trading Phase Date.

According to the Amex, the Exchange initially deployed AEMI in a controlled manner during the AEMI-One pilot program, and the AEMI-One rules that were effective during this period were slightly modified from their AEMI rule counterparts to reflect the different regulatory environments in effect before and after the Trading Phase Date. In its original AEMI-One proposal, the Amex stated that it would delete the AEMI-One rules from its rulebook via a filing with the Commission following the effectiveness of the AEMI rules;⁶ that is the purpose of the instant filing.

2. Statutory Basis

The Amex believes that the proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁸ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Amex believes that the proposed rule change does not impose any burden on competition that is not necessary or

appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Amex has designated the proposed rule change as one that: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days from the date of filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Therefore, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

The Amex has requested that the Commission waive the 30-day operative delay. The Commission hereby grants the Amex's request.¹¹ As discussed above, the Amex's AEMI-One rules are no longer in effect because they have been superseded by the AEMI rules. Accordingly, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because deleting the AEMI-One rules will eliminate potential confusion and ensure that the Amex's rulebook accurately reflects the rules currently in effect on the Amex.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

⁵ The Trading Phase Date was the final date set by the Commission for full operation of all automated trading centers that intended to qualify their quotations for trade-through protection under Rule 611 of Regulation NMS, 17 CFR 242.611. The Trading Phase Date was March 5, 2007.

⁶ See File No. SR-Amex-2006-72, Amendment No. 1 at 5-6 ("The Exchange expects that the AEMI-One Pilot will be in effect for only a few months up until the Trading Phase Date, at which time the AEMI Rules will become effective and will supersede the AEMI-One Rules. The Exchange will then delete the AEMI-One Rules from its rulebook via a filing with the Commission.")

¹⁰ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Amex to provide the Commission with written notice of its intention to file the proposed rule change, along with a brief description of the text of the proposed rule change, at least five business days prior to filing the proposal with the Commission, or such shorter time as designated by the Commission. The Commission has determined to waive the five-day period in this case.

¹¹ For purposes of waiving the 30-day operative delay, the Commission has considered the proposal's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

[Release No. 34-57325; File No. SR-Amex-2008-04]

Self-Regulatory Organizations; American Stock Exchange LLC; Notice of Filing of Proposed Rule Change Related to Index Dissemination Requirements for Index-Linked Securities

February 13, 2008.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 30, 2008, the American Stock Exchange LLC ("Amex" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend sections 107D(i) and 107D(h)(3)(ii) of the Amex *Company Guide* ("Company Guide") to provide that the value of an index or composite value of the indexes underlying an issuance of Index-Linked Securities must be widely disseminated on at least a 15-second basis with respect to an index or indexes containing only securities listed on a national securities exchange, or on at least a 60-second basis with respect to an index or indexes containing foreign country securities.

The text of the proposed rule change is available at <http://www.amex.com>, at the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend sections 107D(i) and section 107D(h)(3)(ii) of the *Company Guide* for the purpose of conforming the index dissemination requirements relating to Index-Linked Securities to that of Index Fund Shares ("IFs") and Portfolio Depositary Receipts ("PDRs") (collectively, exchange-traded funds or "ETFs"). Section 107D(i)(iii) of the *Company Guide* provides that the current value of an index will be widely disseminated at least every 15 seconds. Similarly, section 107D(i)(iv) provides that if the value of an Index-Linked Security is based on more than one index, then the composite value of such indexes must be widely disseminated at least every 15 seconds.

As proposed, section 107D(i) of the *Company Guide* would be revised as follows:

(iii) The current value of an index or composite value of more than one (1) index will be widely disseminated at least every 15 seconds with respect to indexes containing only securities listed on a national securities exchange, or on at least a 60-second basis with respect to indexes containing foreign country securities, provided, however, that if the official index value does not change during some or all of the period when trading is occurring on the Exchange (for example, for indexes of foreign country securities because of time zone differences or holidays in countries where such indexes' component stocks trade) then the last calculated official index value must remain available throughout Exchange trading hours.

Accordingly current subparagraph (iv) to section 107D(i) of the *Company Guide* would be eliminated.

In addition, the delisting requirements set forth in section 107D(h)(3)(ii) of the *Company Guide* relating to Index-Linked Securities would similarly need revision due to
