

DATES: Tuesday, January 13, 2009, 9 a.m.–2:30 p.m.

ADDRESSES: The meeting will be held at the U.S. Chamber of Commerce, 1615 H Street, NW., Washington, DC 20062.

Instructions: Any stakeholder or member of the public who wishes to attend the public meeting or make a presentation is requested to provide his or her name and contact details, to include e-mail address and telephone number, no later than 5 p.m. Eastern Standard Time, Friday, January 9, 2009 via e-mail to the PS-Prep Program at privatesectorpreparedness@hsi.dhs.gov, or via telephone at (703) 416-8407. Everyone who plans to attend the meeting is respectfully requested to be present and seated by 8:45 a.m. Persons with disabilities who require special assistance should indicate this in their admittance request and are encouraged to identify anticipated special needs as early as possible. Although every effort will be made to accommodate all members of the public, seating is limited and will be allocated on a first-come, first-served basis.

FOR FURTHER INFORMATION CONTACT: Mr. Donald Grant, Incident Management Systems Integration Division, National Preparedness Directorate, National Integration Center, 500 C Street, SW., Washington, DC 20472. Phone: 202-646-3850 or e-mail: FEMA-NIMS@dhs.gov.

SUPPLEMENTARY INFORMATION: On December 24, 2008, the Federal Emergency Management Agency (FEMA), Department of Homeland Security (DHS), published a notice "Voluntary Private Sector Accreditation and Certification Preparedness Program," announcing PS-PREP, a DHS

program established under the authority of Title IX of the 9/11 Recommendations Act, Public Law 110-53, 121 Stat. 266, 338 (Aug. 3, 2007) (9/11 Recommendations Act). See 73 FR 79140; also available at <http://www.regulations.gov/search/index.jsp>. As discussed in the notice, DHS is developing PS-PREP to raise the level of private sector preparedness through a number of means, including: (i) Establishing a system for DHS to adopt private sector preparedness standards; (ii) encouraging creation of those standards; (iii) developing a method for a private sector entity to obtain a certification of conformity with a particular DHS-adopted private sector standard, and encouraging such certification; and (iv) making preparedness standards adopted by DHS more widely available.

The December 24 notice seeks recommendations from private sector stakeholders and the public at large regarding the private sector standards that DHS should adopt, both initially and over time. 73 FR at 79142. The December 24 notice also states that DHS intends to hold two public meetings in Washington, DC to provide a forum for public comment. 73 FR at 79145.

This notice announces the first of those meetings. FEMA is hosting a public meeting to discuss issues of interest pertaining to the PS-Prep Program. The purpose of this meeting is to provide an open forum for additional comment and dialogue with DHS on the PS-Prep Program. Individuals desiring to participate will have the opportunity to make a brief, formal or informal, presentation of not more than 10 minutes and then, if desired, engage in a questions and answers session with

DHS staff responsible for implementing the PS-Prep Program. The specific issues to be discussed at this meeting will follow the information requested in the December 24 notice: Adoption of private sector preparedness standards; comments regarding a maturity model process improvement approach; small business participation and concerns; comments regarding the business case; and comments regarding the accreditation process and certification process.

Public attendance is encouraged. This will assist with the preparation of meeting materials and seating arrangements.

Dennis R. Schrader,

Deputy Administrator, National Preparedness Directorate, Federal Emergency Management Agency.

BILLING CODE 9111-14-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[NV-040-07-5101-ER-F164; N-82076; 8-08807; TAS: 14X5017]

Notice of Availability of the Ely Energy Center Draft Environmental Impact Statement, White Pine County, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 (NEPA) 42 U.S.C. 4321 *et seq.*, the

Bureau of Land Management (BLM) has prepared a Draft Environmental Impact Statement (Draft EIS) for rights-of-way applications for the Ely Energy Center (EEC), a coal-fired electricity generating power plant and associated facilities north of Ely, Nevada, in White Pine County.

DATES: Written comments on the EEC Draft EIS must be received by the BLM within 90 days following the date the Environmental Protection Agency publishes the Notice of Availability in the **Federal Register**. Public meetings will be held in Las Vegas, Ely, Elko and Reno, Nevada. The date, time, and

location of the meetings will be made available at least 15 days before each meeting through public notices, media news releases, and/or mailings.

ADDRESSES: Written comments should be addressed to: EEC Project Manager, BLM Ely District Office, HC 33 Box 33500, Ely, NV 89301-9408, or sent by e-mail to EEC_DEIS@blm.gov.

Copies of the EEC DEIS are available in the Ely District Office and may also be reviewed or downloaded at: http://www.blm.gov/nv/st/en/fo/ely_field_office. In addition, the Draft EIS and associated documents will be available for review at the following locations: University of Nevada-Reno, Getchell Library, Government Publication Dept., Reno, Nevada; Washoe County Library, 301 South Center Street, Reno, Nevada; White Pine County Library, 950 Campton Street, Ely, Nevada; Clark County Library, 1401 E. Flamingo Rd., Las Vegas, Nevada.

A limited number of copies of the document will be available at the following BLM offices: Ely District Office, 702 North Industrial Way, Ely, Nevada; Elko District Office, 3900 Idaho Street, Elko, Nevada; Southern Nevada District Office, 4701 North Torrey Pines, Las Vegas, Nevada; Nevada State Office, 1340 Financial Boulevard, Reno, Nevada; Bureau of Land Management, 18th and C Street, NW., Washington, DC.

FOR FURTHER INFORMATION CONTACT: Joe Incardine, 801-524-3833.

SUPPLEMENTARY INFORMATION: The proposed Ely Energy Center is a 1,500 megawatt (MW) coal-fired power plant that would be located north of McGill, Nevada, at one of two alternative sites. The primary purposes of the EEC and related transmission interconnections is to provide company-generated, base-load electricity for Sierra Pacific Power Company and Nevada Power customers and to connect their electric systems in northern and southern Nevada, allowing the power generated by the EEC to be transported throughout the state. Sierra Pacific Power Company applied for rights-of-way (ROWs) in accordance with Title V of the Federal Land Policy and Management Act of October 21, 1976 (43 U.S.C. 1761) and the regulations under 43 CFR 2800, with the BLM for the following features: A coal-fired power plant site, transmission lines and substations, a well field and water line, rail line, and access roads. The BLM action is to consider issuing ROWs for the construction of the power plant and for the construction and operation of the ancillary facilities. Also, as provided for in Decision LR 21 of the Ely Resource Management Plan,

the BLM would dispose of the power plant site to Sierra Pacific Power Company.

The BLM issued the *Notice of Intent to Prepare an Environmental Impact Statement for a Proposed Coal-Fired Electric Power Plant; Nevada*, in the **Federal Register** on January 26, 2007, with a 60-day public scoping period. Five public scoping meetings were held in February 2006. Issues identified from scoping comments include air quality impacts, emissions of greenhouse gases and impacts from water drawdown resulting from operation of the plant. Issues identified in scoping comments have been addressed in the Draft EIS.

There are three alternatives analyzed in the Draft EIS: The Proposed Action; Alternative 1, which relocates the plant to a site further to the north; and No Action.

The EEC would consist of two coal-fired 750-MW (nominal) supercritical steam turbine units using hybrid cooling systems with an expected commercial life of 50 years or longer. Water for cooling and other purposes would be obtained from a well field in the Steptoe Valley Hydrographic Basin and brought by pipeline to the plant site. Coal would be transported from the Powder River Basin in Wyoming via rail along the existing Northern Nevada Railroad or a new line running south from the Shafter, Nevada, siding for up to 100 miles (less for the northern site) of the Union Pacific east-west line. Two new 500-kV electric power transmission lines, each up to 270 miles in length, would provide a north-south interconnection to supply demand centers for Nevada consumers and tie into the EEC. The specific facilities would include the two new 500-kV power lines, expansion of the existing 500-kV Harry Allen Switching Station, and either one new 500-kV switching station at the EEC and expansion of the 500/345 kV Robinson Summit switching station, or one new 500/345-kV switching station at the EEC site.

Public comments and information submitted including names, street addresses, and e-mail addresses of respondents will be available for public review and disclosure at the above address during regular business hours (7:30 a.m. to 4:30 p.m.), Monday through Friday, except holidays. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying

information from public review, we cannot guarantee that we will be able to do so.

Authority: 43 CFR 2800.

John F. Ruhs,

Ely District Manager.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[ID-933-1430-01; DK-G08-0001; IDI-04790, IDI-15482]

Public Land Order No. 7722; Revocation of Secretarial Order dated October 29, 1908, and Partial Revocation of Public Land Order No. 1703; Idaho

AGENCY: Bureau of Land Management, Interior.

ACTION: Public land order.

SUMMARY: This order revokes in its entirety a Secretarial Order insofar as it affects 135.20 acres of National Forest System land within the Kaniksu National Forest withdrawn from surface entry and mining and reserved for use of the Forest Service for the Ethel Ranger Station. This order partially revokes Public Land Order No. 1703 insofar as it affects a 0.64 acre parcel of National Forest System land reserved for use by the United States Army Corps of Engineers for flood control purposes in connection with the Albeni Falls Project. This order also opens 80.64 acres of the lands to surface entry. The remaining lands will remain closed to surface entry and mining due to an overlapping withdrawal.

DATES: *Effective Date:* February 2, 2009.

FOR FURTHER INFORMATION CONTACT: Jackie Simmons, BLM Idaho State Office, 1387 S. Vinnell Way, Boise, Idaho 83709, 208-373-3867.

SUPPLEMENTARY INFORMATION: The revocation is needed to facilitate a Forest Service land conveyance pursuant to the United States Forest Service's Small Tracts Act (16 U.S.C. 1185 (2000)).

Order

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714 (2000), it is ordered as follows:

1. The Secretarial Order dated October 29, 1908, which withdrew National Forest System lands for the Ethel Ranger Station, is hereby revoked in its entirety as to the following described lands:
