[Docket No. 52-039; NRC-2009-0112]

PPL Bell Bend, LLC; Combined License Application for the Bell Bend Nuclear Power Plant; Notice of Hearing, Opportunity To Petition for Leave To Intervene, and Associated Order

Pursuant to the Atomic Energy Act of 1954, as amended, and the regulations in Title 10 of the *Code of Federal Regulations* (10 CFR) Part 2, "Rules of Practice for Domestic Licensing Proceedings and Issuance of Orders," 10 CFR Part 50, "Domestic Licensing of Production and Utilization Facilities," and 10 CFR Part 52, "Licenses, Certifications, and Approvals for Nuclear Power Plants," notice is hereby given that a hearing will be held, at a

time and place to be set in the future by the U.S. Nuclear Regulatory Commission (NRC, the Commission) or designated by the Atomic Safety and Licensing Board (Board). The hearing will consider the application dated October 10, 2008, filed by PPL Bell Bend, LLC, pursuant to Subpart C of 10 CFR Part 52, for a combined license (COL). The application, which was supplemented by the applicant by letters dated November 18, 2008, November 24, 2008, December 1, 2008, and December 8, 2008, requests approval of a COL for the Bell Bend Nuclear Power Plant to be located in Luzerne County, Pennsylvania. The application was accepted for docketing on December 19, 2008 (73 FR 79519). The docket number established for this application is 52-039. The Bell Bend Nuclear Power Plant COL application incorporates by reference the application for a standard Design Certification for the U. S. Evolutionary Power Reactor (EPR) submitted to NRC by AREVA NP on December 11, 2007. This design certification application was supplemented by letters dated February 7, 2008, and February 20, 2008. The U.S. EPR design certification application was accepted for docketing on February 25, 2008, and is the subject of an ongoing rulemaking under docket number 52-020.

The hearing will be conducted by a Board that will be designated by the Chief Judge of the Atomic Safety and Licensing Board Panel or will be conducted by the Commission. Notice as to the membership of the Board will be published in the **Federal Register** at a later date. The NRC staff will complete a detailed technical review of the application and will document its findings in a safety evaluation report. The Commission will refer a copy of the application to the Advisory Committee on Reactor Safeguards (ACRS) in accordance with 10 CFR 52.87, "Referral to the ACRS," and the ACRS will report on those portions of the application that concern safety.

Any person whose interest may be affected by this proceeding and who desires to participate as a party to this proceeding must file a written petition for leave to intervene in accordance with 10 CFR 2.309. Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing.

A petition for a leave to intervene must be filed no later than 60 days from the date of publication of this notice in the **Federal Register**. Non-timely filings will not be entertained absent a

determination by the Commission or presiding officer designated to rule on the petition, pursuant to the requirements of 10 CFR 2.309(c)(i) through (c)(viii).

Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing. A petition for leave to intervene must be filed in accordance with the NRC E-Filing rule, which was promulgated by the NRC on August 28, 2007 (72 FR 49139). The E-Filing process requires participants to submit and serve documents over the Internet or in some cases to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek a waiver in accordance with the procedures described below.

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the petitioner must contact the Office of the Secretary by e-mail at HearingDocket@nrc.gov, or by calling (301) 415-1677, to request (1) a digital ID certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal server for any proceeding in which it is participating; and/or (2) creation of an electronic docket for the proceeding (even in instances in which the petitioner (or its counsel or representative) already holds an NRC-issued digital ID certificate). Each participant will need to download the Workplace Forms Viewer™ to access the Electronic Information Exchange (EIE), a component of the E-Filing system. The Workplace Forms Viewer™ is free and is available at <http://www.nrc.gov/site-help/e-submittals/install-viewer.html>. Information about applying for a digital ID certificate is available on NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals/apply-certificates.html>.

Once a participant has obtained a digital ID certificate, had a docket created, and downloaded the EIE viewer, it can then submit a petition for leave to intervene. Submissions should be in Portable Document Format (PDF) in accordance with NRC guidance available on the NRC public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. A filing is considered complete at the time the filer submits its documents through EIE. To be timely, an electronic filing must be submitted to the EIE system no later than 11:59 p.m. Eastern Time on the due date. Upon
