

exempts the system of records entitled "PBGC-17, Office of Inspector General Investigative File System—PBGC" from the provisions of 5 U.S.C. 552a(c)(3), (d)(1) through (4), (e)(1), (e)(4)(G) and (H), and (f) for the same reasons as stated in paragraph (a)(2) of this section, that is, because the system contains investigatory material compiled for law enforcement purposes other than material within the scope of subsection 552a(j)(2).

(2) *Reasons for exemption.* The reasons for asserting this exemption are because the disclosure and other requirements of the Privacy Act could substantially compromise the efficacy and integrity of the Office of Inspector General operations. Disclosure could invade the privacy of other individuals and disclose their identity when they were expressly promised confidentiality. Disclosure could interfere with the integrity of information which would otherwise be subject to privileges, *see, e.g.*, 5 U.S.C. 552(b)(5), and which could interfere with other important law enforcement concerns, *see, e.g.*, 5 U.S.C. 552(b)(7).

(c) *Federal Civilian or Contract Employment—(1) Exemption.* Under the authority granted by 5 U.S.C. 552a(k)(5), the PBGC hereby exempts the system of records entitled "PBGC-17, Office of Inspector General Investigative File System—PBGC" from the provisions of 5 U.S.C. 552a(c)(3), (d)(1) through (4), (e)(1), (e)(4)(G) and (H), and (f) because the system contains investigatory material compiled for the purpose of determining eligibility or qualifications for federal civilian or contract employment.

(2) *Reason for exemption.* The reason for asserting this exemption is to protect from disclosure the identity of a confidential source when an express promise of confidentiality has been given to obtain information from sources who would otherwise be unwilling to provide necessary information.

Issued in Washington, DC, this 23rd day of March, 2009.

49 CFR Part 260

[Docket No. FRA-2008-0061, Notice No. 2]

RIN 2130-AB91

Railroad Rehabilitation and Improvement Financing Program

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM); withdrawal.

SUMMARY: On June 9, 2008, FRA published an NPRM in the **Federal Register** proposing to amend the eligibility and application form and content criteria of the Railroad Rehabilitation and Improvement Finance (RRIF) Program. For the reasons stated below, FRA has decided to withdraw the NPRM.

DATES: The NPRM published on June 9, 2008 at 73 FR 32515 is withdrawn as of March 30, 2009.

FOR FURTHER INFORMATION CONTACT: Casey Symington, Attorney Advisor, Office of Chief Counsel, FRA, 1200 New Jersey Avenue, SE., RCC-20, Mail Stop 10, Washington, DC 20590 (telephone 202-493-6349).

SUPPLEMENTARY INFORMATION:

I. Background

The NPRM was developed in order to ensure the long-term sustainability of the Railroad Rehabilitation and Improvement Financing (RRIF) Program, promote the competitiveness of the railroad industry, and reduce the risk of default for applicants and the Federal government (government). The NPRM proposed to accomplish these goals by adding additional eligibility and application content requirements to the existing RRIF regulations. However, during and after the formal comment period on the NPRM, FRA received adverse comments on its provisions. After reviewing these comments, FRA has determined that it has insufficient information to ensure that the proposed

provisions would achieve the stated goals of the NPRM or to ensure that the proposed provisions would not cause unintended consequences on the utilization of the RRIF program. Accordingly, FRA is withdrawing the NPRM.

FRA received 21 written comments in response to the NPRM. All commenters opposed the NPRM. Nine commenters requested that it be withdrawn and three commenters requested that the NPRM be suspended or not implemented. The majority of comments raised concerns about the need and purpose of the rulemaking, the inability of the proposed rule to address the stated goals, the negative effect of the proposed rule on small entities and non-railroad entities, the increased costs and expense of complying with the proposed rule, the NPRM's effect of limiting the availability of the RRIF program and the possible resulting reduction in rail infrastructure investment, possible contradictions of legislative intent, and potentially unclear language in several of the NPRM provisions.

The comments thoughtfully addressed a number of issues raised through the NPRM, and FRA appreciates the time and effort put forth by those who commented.

II. Reason for Withdrawal

FRA has carefully reviewed the comments submitted pursuant to the NPRM. Based on our review of the comments, there is insufficient information at this time to assure a final rule with the proposed provisions would not have the unintended negative consequences anticipated by the commenters.

FRA remains dedicated to ensuring responsible lending through the RRIF program. As such, this withdrawal does not preclude the agency from issuing a separate rulemaking concerning the program. Should FRA decide to undertake such a rulemaking in the future, FRA will re-propose actions and provide new opportunities for comment.

III. The Withdrawal

In consideration of the foregoing, the NPRM for FRA Docket No. FRA-2008-0061, as published in the **Federal Register** on June 9, 2008 (73 FR 32515) is hereby withdrawn.

Issued in Washington, DC, on March 24, 2009.

Jo Strang,

Acting Deputy Administrator.
