

institutions, and human rights communities.

Board members appointed by the Secretary of Defense, who are not full-time or permanent part-time federal employees, shall be appointed to serve as experts and consultants under the authority of 5 U.S.C. 3109 and shall serve as special government employee members. With the exception of travel and per diem for official Board related travel, Board members shall serve without compensation.

The Secretary of Defense may approve the appointment of Board members for one to four year terms of service; however, no member, unless authorized by the Secretary of Defense, may serve more than two consecutive terms of service. This same term of service limitation also applies to any DoD authorized subcommittees.

Whenever possible, appointments shall be staggered to avoid complete turnover of the Board's membership at one time. In addition, the Board may be assisted by non-voting subject matter experts or consultants. These consultants are designated at the request of the Board by the Secretary of the Army with the concurrence of the Secretary of Defense.

Each Board member is appointed to provide advice on behalf of the government on the basis of his or her best judgment without representing any particular point of view and in a manner that is free from conflict of interest.

The Department, when necessary, and consistent with the Board's mission and DoD policies and procedures may establish subcommittees deemed necessary to support the Board. Establishment of subcommittees will be based upon a written determination, to include terms of reference, by the Secretary of Defense, the Deputy Secretary of Defense or the advisory committee's sponsor. Such subcommittees shall not work independently of the chartered Board, and shall report all their recommendations and advice to the Board for full deliberation and discussion. Subcommittees have no authority to make decisions on behalf of the chartered Board; nor can any subcommittee or its members update or report directly to the Department of Defense or any Federal officers or employees.

All subcommittee members shall be appointed in the same manner as the Board members; that is, the Secretary of Defense shall appoint subcommittee members even if the member in question is already a Board member. Subcommittee members, with the approval of the Secretary of Defense,

may serve a term of service on the subcommittee of one to four years; however, no member shall serve more than two consecutive terms of service on the subcommittee.

Subcommittee members, if not full-time or part-time government employees, shall be appointed to serve as experts and consultants under the authority of 5 U.S.C. 3109, and shall serve as special government employees, whose appointments must be renewed by the Secretary of Defense on an annual basis. With the exception of travel and per diem for official Board related travel, subcommittee members shall serve without compensation.

All subcommittees operate under the provisions of FACA, the Government in the Sunshine Act of 1976 (5 U.S.C. 552b), governing Federal statutes and regulations, and governing DoD policies/procedures.

FOR FURTHER INFORMATION CONTACT: Jim Freeman, Deputy Advisory Committee Management Officer for the Department of Defense, 703-692-5952.

SUPPLEMENTARY INFORMATION: The Board shall meet at the call of the Board's Designated Federal Officer, in consultation with the Board's Chairperson. The estimated number of Board meetings is one per year.

In addition, the Designated Federal Officer is required to be in attendance at all Board and subcommittee meetings for the entire duration of each and every meeting; however, in the absence of the Designated Federal Officer, the Alternate Designated Federal Officer shall attend the entire duration of the Board or subcommittee meeting.

Pursuant to 41 CFR 102-3.105(j) and 102-3.140, the public or interested organizations may submit written statements to Board of Visitors for the Western Hemisphere Institute for Security Cooperation membership about the Board's mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of Board of Visitors for the Western Hemisphere Institute for Security Cooperation.

All written statements shall be submitted to the Designated Federal Officer for the Board of Visitors for the Western Hemisphere Institute for Security Cooperation, and this individual will ensure that the written statements are provided to the membership for their consideration. Contact information for the Board of Visitors for the Western Hemisphere Institute for Security Cooperation Designated Federal Officer can be obtained from the GSA's FACA

Database—<https://www.fido.gov/facadatabase/public.asp>.

The Designated Federal Officer, pursuant to 41 CFR 102-3.150, will announce planned meetings of the Board of Visitors for the Western Hemisphere Institute for Security Cooperation. The Designated Federal Officer, at that time, may provide additional guidance on the submission of written statements that are in response to the stated agenda for the planned meeting in question.

Dated: February 22, 2012.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Intent To Prepare an Environmental Impact Statement/Overseas Environmental Impact Statement for Military Readiness Activities in the Northwest Training and Testing Study Area and To Announce Public Scoping Meetings

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, as implemented by the Council on Environmental Quality Regulations (40 Code of Federal Regulations Parts 1500-1508), and Executive Order 12114, the Department of the Navy (DoN) announces its intent to prepare an Environmental Impact Statement (EIS)/Overseas Environmental Impact Statement (OEIS) to assess the potential environmental impacts associated with training and testing military readiness activities conducted in the Northwest Training and Testing (NWTT) Study Area (Study Area). The Study Area is composed of established maritime operating and warning areas in the eastern north Pacific Ocean region, located adjacent to the Northwest coast of the United States, to include the Strait of Juan de Fuca, Puget Sound, and the Behm canal in southeastern Alaska. The Study Area includes four existing range complexes and facilities: The Northwest Training Range Complex (NWTRC), the Naval Undersea Warfare Center (NUWC) Keyport Range Complex, Carr Inlet Operations Area, and the Southeast Alaska Acoustic Measurement Facility (SEAFAC). In addition to these range complexes, the Study Area also includes

pierside locations on Navy bases where sonar maintenance and testing occurs within the Study Area, and inland waters that are not part of the range complexes, where training and testing may occur.

The DoN is preparing this EIS/OEIS to renew current federal regulatory permits and authorizations, address proposed, future training and testing activities not covered under existing permits and authorizations (such as those activities proposed to be conducted in the Carr Inlet Operations Area), and include new platforms and weapons systems training and testing requirements.

The DoN will invite the National Marine Fisheries Service and the U.S. Fish and Wildlife Service to be cooperating agencies in preparation of this EIS and OEIS pursuant to 40 CFR 1501.6.

DATES AND ADDRESSES: Nine public scoping meetings will be held between 5 p.m. and 8 p.m. on:

- Tuesday, March 27, 2012.
Ted Ferry Civic Center, 888 Venetia
Way, Ketchikan, Alaska 99901.

Each of the nine scoping meetings will consist of an informal, open house session with information stations staffed by DoN representatives. Comments will be accepted from the public at all scoping meetings. Meeting details will

be announced in local newspapers. Additional information concerning meeting times will be available on the EIS/OEIS web page located at: <http://www.NWTTTEIS.com>.

FOR FURTHER INFORMATION CONTACT: Ms. Kimberly Kler, Naval Facilities Engineering Command, Northwest. Attention: NWTT EIS/OEIS, 1101 Tautog Circle, Suite 203, Silverdale, Washington 98315–1101.

SUPPLEMENTARY INFORMATION: The DoN's Proposed Action is to conduct training and testing activities, primarily within existing range complexes, operating areas, testing ranges, and select Navy pierside locations located in the Northwest.

The Study Area combines the at-sea portions (air and sea space) of the following range complexes that were previously analyzed under NEPA: The NWTRC and the NUWC Keyport Range Complex. The Study Area also includes Navy piers within Puget Sound where sonar maintenance and testing occurs, Carr Inlet Operations Area, and SEAFAC.

The air and sea space component of the NWTRC includes the area off the coast of Washington, Oregon, and northern California—out to approximately 250 nautical miles, specific training areas within the Strait of Juan de Fuca and Puget Sound, and the Olympic Military Operations Areas.

The NUWC Range Complex is composed of three geographically distinct range sites; two within Puget Sound and one in the Pacific Ocean. The Keyport Range Site is located in Kitsap County and includes portions of Liberty Bay and Port Orchard Reach (also known as Port Orchard Narrows). The Dabob Bay Range Complex Site is located in Hood Canal and Dabob Bay, in Jefferson, Mason, and Kitsap counties. The Quinault Underwater Tracking Range Site is located in the Pacific Ocean off the coast of Jefferson and Grays Harbor Counties in Washington.

The Carr Inlet Operations Area is located in southern Puget Sound, in an arm of water between Key Peninsula and Gig Harbor Peninsula.

The Southeast Alaska Acoustic Measurement Facility (SEAFAC) is located in the Western Behm Canal in Ketchikan Gateway Borough, Alaska.

The proposed action is to conduct military training and testing activities in the Study Area. The purpose of the Proposed Action is to achieve and maintain military readiness to meet the requirements of Title 10 of the U.S. Code, thereby ensuring the DoN meets its mission to maintain, train and equip

combat-ready military forces capable of winning wars, deterring aggression, and maintaining freedom of the seas.

The alternatives analyzed in the NWTT EIS/OEIS are as follows.

(1) No Action Alternative: Baseline training and testing activities, as defined by existing DoN environmental planning documents, including the NWTRC EIS/OEIS and the NUWC Keyport Range Complex Extension EIS/OEIS.

(2) Alternative 1: The alternative consists of the No Action alternative, plus the all-inclusive Study Area, and adjustments to types and levels of activities, from the baseline as necessary to support current and planned DoN training and testing requirements. This Alternative considers:

- activities conducted throughout the Study Area, including testing activities at the Carr Inlet Operations Area and SEAFAC.

- mission requirements associated with force structure changes, including those resulting from the development, testing, and ultimate introduction of new platforms (ships and aircraft), and weapons systems into the fleet.

(3) Alternative 2: Consists of Alternative 1 plus, an increase in the tempo of training and testing activities.

Resource areas that will be addressed because of the potential effects from the Proposed Action include, but are not limited to, ocean and biological resources (including marine mammals and threatened and endangered species), terrestrial resources (including threatened and endangered species), sediments and water quality, air quality, airborne soundscape, cultural resources, transportation, regional economy, recreation, and public health and safety.

The scoping process will be used to identify community concerns and local issues that will be addressed in the EIS/OEIS. Federal agencies, Native American Indian Tribes and Nations, state agencies, local agencies, the public, and interested persons are encouraged to provide comments to the DoN to identify specific issues or topics of environmental concern that the commenter believes the DoN should consider.

All comments, provided orally or in writing at the scoping meetings, will receive the same consideration during EIS/OEIS preparation. Written comments must be postmarked no later than April 16, 2012, and should be mailed to: Ms. Kimberly Kler, Naval Facilities Engineering Command, Northwest, 1101 Tautog Circle, Suite 203, Silverdale, Washington 98315–1101, Attention: NWTT EIS/OEIS Project Manager.

Notice of Submission for OMB Review

AGENCY: Department of Education.

ACTION: Comment request.

SUMMARY: The Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management, invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995 (Pub. L. 104-13).

DATES: Interested persons are invited to submit comments on or before March 28, 2012.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Education Desk Officer, Office of Management and Budget, 725 17th Street NW., Room 10222, New Executive Office Building, Washington, DC 20503, be faxed to (202) 395-5806 or emailed to oir_submission@omb.eop.gov with a cc: to ICDocketMgr@ed.gov. Please note that written comments received in response to this notice will be considered public records.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The OMB is particularly interested in comments which: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.
