I. Background

Under the Medicare program, eligible beneficiaries may receive covered services through a Medicare Advantage (MA) organization that contracts with CMS. The regulations specifying the Medicare requirements that must be met for a Medicare Advantage Organization (MAO) to enter into a contract with CMS are located at 42 CFR part 422. These regulations implement Part C of Title XVIII of the Social Security Act (the Act), which specifies the services that an MAO must provide and the requirements that the organization must meet to be an MA contractor. Other relevant sections of the Act are Parts A and B of Title XVIII and Part A of Title XI pertaining to the provision of services by Medicare-certified providers and suppliers. Generally, for an entity to be an MA organization, the organization must be licensed by the State as a risk-bearing organization as set forth in part 422.

As a method of assuring compliance with certain Medicare requirements, an MA organization may choose to become accredited by a CMS-approved accrediting organization (AO). Once accredited by such a CMS-approved AO, we deem the MA organization to be compliant in one or more of six

requirements set forth in section 1852(e)(4)(B) of the Act. For an AO to be able to “deem” an MA plan as compliant with these MA requirements, the AO must prove to CMS that its standards are at least as stringent as Medicare requirements. Health maintenance organizations (HMOs) or preferred provider organizations (PPOs) accredited by an approved accrediting organization may receive, at their request, “deemed” status for CMS requirements with respect to the following six MA criteria: Quality Improvement; Antidiscrimination; Access to Services; Confidentiality and Accuracy of Enrollee Records; Information on Advanced Directives; and Provider Participation Rules. (See 42 CFR 422.156(b)). At this time, recognition of accreditation does not include the Part D areas of review set out at § 423.165(b). AOs that apply for MA deeming authority are generally recognized by the health care industry as entities that accredit HMOs and PPOs. As we specify at § 422.157(b)(2)(ii), the term for which an AO may be approved by CMS may not exceed 6 years. For continuing approval, the AO must apply to CMS to renew its “deeming authority” for a subsequent approval period.

The Accreditation Association for Ambulatory Health Care, Inc. (AAAHC) was approved as a CMS-approved accreditation organization for MA HMOs and PPOs on July 12, 2006, and that term will expire on July 11, 2012. On December 14, 2011, AAAHC submitted an application to renew its deeming authority. On that same date, AAAHC submitted materials requested from CMS which included updates and/or changes to items set out in Federal regulations at § 422.158(a) that are prerequisites for receiving accreditation program approval by CMS, and which were furnished to CMS by AAAHC as a part of their renewal applications for HMOs and PPOs.

II. Provisions of the Proposed Notice

The purpose of this notice is to notify the public of the AAAHC's request to renew its Medicare Advantage deeming authority for HMOs and PPOs. AAAHC submitted all the necessary materials (including its standards and monitoring protocol) to enable us to make a determination concerning its request for approval as an accreditation organization for CMS. This renewal application was determined to be complete on February 6, 2012. Under section 1852(e)(4) of the Act and our regulations at § 422.158 (Federal review of accrediting organizations), our review and evaluation of AAAHC will include,

but not necessarily be limited to, the following components:

A. Components of the Review Process

- The types of MA plans that it would review as part of its accreditation process.
- A detailed comparison of the organization's accreditation requirements and standards with the Medicare requirements (for example, a crosswalk).
- Detailed information about the organization's survey process, including the following—
 - ++ Frequency of surveys and whether surveys are announced or unannounced.
 - ++ Copies of survey forms, and guidelines and instructions to surveyors.
 - ++ Descriptions of—
 - The survey review process and the accreditation status decision making process;
 - The procedures used to notify accredited MA organizations of deficiencies and to monitor the correction of those deficiencies; and
 - The procedures used to enforce compliance with accreditation requirements.

 - ++ The size and composition of accreditation survey teams for each type of plan reviewed as part of the accreditation process;
 - ++ The education and experience requirements surveyors must meet;
 - ++ The content and frequency of the in-service training provided to survey personnel;
 - ++ The evaluation systems used to monitor the performance of individual surveyors and survey teams; and
 - ++ The organization's policies and practice with respect to the participation, in surveys or in the accreditation decision process by an individual who is professionally or financially affiliated with the entity being surveyed.
 - A description of the organization's data management and analysis system with respect to its surveys and accreditation decisions, including the kinds of reports, tables, and other displays generated by that system.
 - A description of the organization's procedures for responding to and investigating complaints against accredited organizations, including policies and procedures regarding coordination of these activities with appropriate licensing bodies and ombudsmen programs.
 - A description of the organization's policies and procedures with respect to

the withholding or removal of accreditation for failure to meet the accreditation organization's standards or requirements, and other actions the organization takes in response to noncompliance with its standards and requirements.

- A description of all types (for example, full, partial) and categories (for example, provisional, conditional, temporary) of accreditation offered by the organization, the duration of each type and category of accreditation and a statement identifying the types and categories that would serve as a basis for accreditation if CMS approves the accreditation organization.

- A list of all currently accredited MA organizations and the type, category, and expiration date of the accreditation held by each of them.

- A list of all full and partial accreditation surveys scheduled to be performed by the accreditation organization as requested by CMS.

- The name and address of each person with an ownership or control interest in the accreditation organization.

- CMS will also consider AAAHC's past performance in the deeming program and results of recent deeming validation reviews, or look-behind audits conducted as part of continuing Federal oversight of the deeming program under § 422.157(d).

B. Notice Upon Completion of Evaluation
