NHK Enterprises requests a photography permit to film gray whale and killer whale interactions in the Aleutian Islands from Unimak Pass to Sand Point, Alaska. Filmmakers plan to obtain footage using a 100-ft boat, a 21-ft aluminum skiff, and a helicopter. Up to 100 gray whales and 300 killer whales may be approached and filmed during the life of the permit. Species that could be incidentally harassed during filming activities include: 60 White-sided dolphins (*Lagenorhynchus obliquidens*), 20 harbor porpoise (*Phocoena phocoena*), 60 harbor seals (*Phoca vitulina*), 40 Northern fur seals (*Callorhinus ursinus*), and 40 Dall's porpoises (*Phocoenoides dalli*). The film would be shared with the Japanese public through television broadcast, Internet broadcast, and other publications (e.g. photographic book), and DVD. The permit would be valid for five years from the date of issuance.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

COUNCIL ON ENVIRONMENTAL QUALITY

National Ocean Council—National Ocean Policy Draft Implementation Plan

AGENCY: Council on Environmental Quality.

ACTION: Notice of availability; request for comments.

SUMMARY: On July 19, 2010, President Obama signed Executive Order 13547 establishing a National Policy for the Stewardship of the Ocean, our Coasts, and the Great Lakes (National Ocean Policy). As part of the President's charge for Federal agencies to implement the National Ocean Policy, the National Ocean Council developed actions to achieve the Policy's nine priority objectives, and to address some of the most pressing challenges facing the ocean, our coasts, and the Great Lakes. Collectively, the actions are encompassed in a single draft *National Ocean Policy Implementation Plan (Implementation Plan)*. The draft

Implementation Plan describes more than 50 actions the Federal Government will take to improve the health of the ocean, coasts, and Great Lakes, which support tens of millions of jobs, contribute trillions of dollars a year to the national economy, and are essential to public health and national security.

The draft *Implementation Plan* will ensure the Federal Government targets limited resources more effectively to deliver demonstrable results for the American people, including predictability for users, more efficient and coordinated decision-making, and improved sharing of data and technology. For each action, the *Implementation Plan* outlines key milestones, identifies responsible agencies, and indicates the expected timeframe for completion.

Experts from the National Ocean Council's member departments, agencies, and offices developed the actions in the draft *Implementation Plan* with significant input from national, regional, and local stakeholders and the general public. The development process included public comment periods from January through April 2011 and June through July 2011, and 12 regional listening sessions around the country.

Next, public comments on the draft *Implementation Plan* will inform the preparation of the final plan. We welcome your general input, and also pose the following questions:

- Does the draft *Implementation Plan* reflect actions you see are needed to address the nine priorities for the ocean, coasts, and the Great lakes?
- What is the most effective way to measure outcomes and to detect whether a particular action in the *Implementation Plan* has achieved its intended outcome? Would a report card format be useful?

Comments received will be collated and posted on the National Ocean Council Web site. The final *Implementation Plan* is expected in the spring of 2012.

DATES: The National Ocean Council must receive comments by midnight, February 27, 2012.

ADDRESSES: The draft *Implementation Plan* and additional information can be found at <http://www.WhiteHouse.gov/oceans>. Comments should be submitted electronically to <http://www.WhiteHouse.gov/oceans>.

Comments may also be sent in writing to “ATTN: National Ocean Council” by fax to (202) 456-0753, or by mail to National Ocean Council, 722 Jackson Place NW., Washington, DC 20503. Heightened security measures in force
