

DEPARTMENT OF COMMERCE

**Submission for OMB Review;
Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Economic Surveys of U.S.

Commercial Fisheries.

OMB Control Number: 0648–0369.

Form Number(s): NA.

Type of Request: Regular submission (revision and extension of a current information collection).

Number of Respondents: 10,380.

Average Hours per Response: 2 hours.

Burden Hours: 21,000 (for the three-year approval period).

Needs and Uses: This request is for an extension and revision of a currently approved generic collection.

Economic data for selected United States (U.S.) commercial fisheries will be collected for each of the following groups of operations, based on pre-approved questions: (1) Processors, including onshore plants, floating processing plants, mothership vessels, and catcher/processor vessels; (2) first receivers of fish, including dealers, wholesalers, and auctions; (3) catcher vessels; and (4) for-hire vessels. Companies associated with these groups will be surveyed for expenditure, earnings, effort, ownership, and employment data; and basic demographic data on fishing and processing crews. These economic data collection programs contribute to legally mandated analyses required under the Magnuson-Stevens Fishery Conservation and Management Act (MFCMA), the National Environmental Policy Act (NEPA), the Regulatory Flexibility Act (RFA), Executive Orders 12866 and 13563 (EO 12866 and EO 13563) as well as a variety of state statutes including Florida Statute 120.54, Hawaii Revised Statute 201M–2, New Jersey Permanent Statutes 52:14B–19 and Oregon Revised Statutes 183.335 and 183.540.

In general, questions will be asked concerning ex-vessel and wholesale prices and revenue, variable and fixed costs, expenditures, effort, ownership, dependence on the fisheries, and fishery employment. The data collection efforts will be coordinated to reduce the additional burden for those who participate in multiple fisheries. Participation in these data collections will be voluntary.

Program change: We are adding questions for first receivers to this collection.

The data will be used for the following three purposes: (1) To monitor the economic performance of these fisheries through primary processing; (2) to analyze the economic performance effects of current management measures; and (3) to analyze the economic performance effects of alternative management measures. The measures of economic performance to be supported by this data collection program include the following: (1) Contribution to net national benefit; (2) contribution to income of groups of participants in the fisheries (i.e., fishermen, vessel owners, processing plant employees, and processing plant owners); (3) employment; (4) regional economic impacts (income and employment); and (5) factor utilization rates. As required by law, the confidentiality of the data will be protected.

Data collections will focus each year on a different component of the U.S. commercial fisheries, with only limited data collected in previously surveyed components of these fisheries. The latter will be done to update the models that will be used to track economic performance and to evaluate the economic effects of alternative management actions. This cycle of data collection will facilitate economic performance data being available and updated for all the components of the U.S. commercial fisheries identified above.

Affected Public: Business or other for-profit organizations.

Frequency: One time for each survey.

Respondent's Obligation: Voluntary.

Certain Granular Polytetrafluoroethylene Resin From Italy: Rescission of Antidumping Duty Administrative Review; 2011-2012

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from an interested party, the Department of Commerce ("the Department") initiated an administrative review of the antidumping duty order on certain granular polytetrafluoroethylene ("PTFE") resin from Italy. The period of review is August 1, 2011, through July 31, 2012. Based on the withdrawal of the request for review, we are now rescinding this administrative review.

DATES: *Effective Date:* February 19, 2013.

FOR FURTHER INFORMATION CONTACT:

Mary Kolberg or Yasmin Nair, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1785 or (202) 482-3183, respectively.

SUPPLEMENTARY INFORMATION:

Background

Pursuant to a request by Industrial Plastics and Machine, Inc. ("Industrial Plastics"), a U.S. importer of subject merchandise, the Department initiated an administrative review of Guarniflon SpA, an Italian producer and exporter of the subject merchandise.¹ Industrial Plastics withdrew its request for an administrative review of Guarniflon SpA on December 26, 2012.²

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the parties that requested a review withdraw the

request within 90 days of the date of publication of the notice of initiation of the requested review. As noted above, Industrial Plastics withdrew its request for review of Guarniflon SpA within 90 days of the date of publication of the notice of initiation. No other parties requested a review. Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding this review in its entirety.

Assessment

The Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice of rescission of administrative review.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: February 11, 2013.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
