SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0748.

Title: Section 64.104, 64.1509, 64.1510 Pay-Per-Call and Other Information Services.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 5,125 respondents; 5,175 responses.

Estimated Time per Response: 2 to 260 hours.

Frequency of Response: Annual and on occasion reporting requirements; Recordkeeping requirement; Third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority(s) for the information collection are found at 47 U.S.C. 228(c)(7)-(10); Public Law 192-556, 106 stat. 4181 (1992), codified at 47 U.S.C. 228 (The Telephone Disclosure and Dispute Resolution Act of 1992).

Total Annual Burden: 47,750 hours.

Total Annual Cost: None.

Nature and Extent of Confidentiality: An assurance of confidentiality is not offered because this information

collection does not require the collection of personally identifiable information from individuals.

Privacy Impact Assessment: No impact(s).

Needs and Uses: 47 CFR 64.1504 of the Commission's rules incorporates the requirements of Sections 228(c)(7)-(10) of the Communications Act restricting the manner in which toll-free numbers may be used to charge telephone subscribers for information services. Common carriers may not charge a calling party for information conveyed on a toll-free number call, unless the calling party: (1) Has executed a written agreement that specifies the material terms and conditions under which the information is provided, or (2) pays for the information by means of a prepaid account, credit, debit, charge, or calling card and the information service provider gives the calling party an introductory message disclosing the cost and other terms and conditions for the service. The disclosure requirements are intended to ensure that consumers know when charges will be levied for calls to toll-free numbers and are able to obtain information necessary to make informed choices about whether to purchase toll-free information services.

47 CFR 64.1509 of the Commission rules incorporates the requirements of 47 U.S.C. (c)(2) and 228 (d)(2)-(3) of the Communications Act. Common carriers that assign telephone numbers to pay-per-call services must disclose to all interested parties, upon request, a list of all assigned pay-per-call numbers. For each assigned number, carriers must also make available: (1) A description of the pay-per-call services; (2) the total cost per minute or other fees associated with the service; and (3) the service provider's name, business address, and telephone number. In addition, carriers handling pay-per-call services must establish a toll-free number that consumers may call to receive information about pay-per-call services. Finally, the Commission requires carriers to provide statements of pay-per-call rights and responsibilities to new telephone subscribers at the time service is established and, although not required by statute, to all subscribers annually.

Under 47 CFR 64.1510 of the Commission's rules, telephone bills containing charges for interstate pay-per-call and other information services must include information detailing consumers' rights and responsibilities with respect to these charges. Specifically, telephone bills carrying pay-per-call charges must include a consumer notification stating that: (1) The charges are for non-communication

services; (2) local and long distance telephone services may not be disconnected for failure to pay per-call charges; (3) pay-per-call (900 number) blocking is available upon request; and (4) access to pay-per-call services may be involuntarily blocked for failure to pay per-call charges. In addition, each call billed must show the type of services, the amount of the charge, and the date, time, and duration of the call. Finally, the bill must display a toll-free number which subscribers may call to obtain information about pay-per-call services. Similar billing disclosure requirements apply to charges for information services either billed to subscribers on a collect basis or accessed by subscribers through a toll-free number. The billing disclosure requirements are intended to ensure that telephone subscribers billed for pay-per-call or other information services can understand the charges levied and are informed of their rights and responsibilities with respect to payment of such charges.

FEDERAL COMMUNICATIONS COMMISSION

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice; request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of

information technology; and ways to further reduce the information burden for small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid OMB control number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before April 26, 2013. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Submit your PRA comments to Nicholas A. Fraser, Office of Management and Budget, via fax at 202-395-5167 or via Internet at Nicholas_A_Fraser@omb.eop.gov and to Judith B. Herman, Federal Communications Commission, via the Internet at Judith-b.herman@fcc.gov. To submit your PRA comments by email send them to: PRA@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Judith B. Herman, Office of Managing Director, (202) 418-0214.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-1127.
Title: First Responder Emergency Contact Information in the Universal Licensing System (ULS).
Form Number: N/A.
Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities, not-for-profit institutions and state, local or tribal government.

Number of Respondents: 13,310 respondents; 13,310 responses.

Estimated Time per Response: .25 hours.

Frequency of Response: On occasion reporting requirement.

Obligation To Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. section 4(i) and 154(i).

Total Annual Burden: 3,327 hours.

Total Annual Cost: N/A.

Privacy Impact Assessment: N/A.
Nature and Extent of Confidentiality: To protect the identities and locations of key first responder communications personnel, the Commission will treat emergency contact information submitted into the Universal Licensing System (ULS), pursuant to the Public Notice the Bureau released in 2009, as confidential and will not make such information publicly available. The contact information submitted into ULS by public safety licensees and non-public safety licensees designated as emergency first responders will be available only to Commission staff. Interested licensees should file their operational point of contact information in ULS in the form of a confidential pleading.

Needs and Uses: The Commission will submit this expiring information collection to the Office of Management and Budget (OMB) for approval of an extension request (no change in the public reporting requirement). The Commission is reporting a 33,274 hour reduction in burden which is due to fewer respondents and responses. The Commission's Public Safety and Homeland Security Bureau (Bureau) enhanced the existing ULS to collect operational point of contact information from public safety licensees designated as emergency first responders responsible for coordinating with state, county and local authorities during times of emergency. The process of procuring and maintaining spectrum using the ULS remains intact and requires no additional training for licensees to participate in this voluntary collection. This enhancement to ULS to collect emergency point of contact information enables Commission staff to more effectively provide immediate assistance and outreach to licensees during times of emergency. Using this information, the Bureau is able to coordinate among licensees in given geographic areas to make more wireless service available to emergency first responders and emergency operations.

Public safety licensees and non-public safety licensees designated as emergency first responders operating pursuant to Part 90 of the Commission's rules should identify the following information regarding the operational point of contact for the licensee directly

responsible for coordinating with the state, county, and/or local emergency authorities:

- (1) Name and title;
- (2) Office telephone number;
- (3) Mobile telephone number; and
- (4) Email address.

The Bureau issued a Public Notice with step-by-step instructions on how to use the enhanced features made available to licensees to provide this information.

Federal Communications Commission.
