Information Collection Requirement

Title: Security Threat Assessment for Individuals Applying for a Hazardous Materials Endorsement for a Commercial Drivers License

Type of Request: Revision of a currently approved collection.

OMB Control Number: 1652-0027.

Forms(s): N/A.

Affected Public: Drivers seeking a hazardous material endorsement (HME) on their commercial driver's license (CDL).

Abstract: This collection supports the implementation of sec. 1012 of the USA PATRIOT Act (Pub. L. 107-56, 115 Stat. 272, 396, Oct. 26, 2001; 49 U.S.C. 5103a), which mandates that no State or the District of Columbia may issue a HME on a CDL unless TSA has first determined the driver is not a threat to transportation security. TSA's regulations at 49 CFR part 1572 describe the procedures, standards, and eligibility criteria for security threat assessments on individuals seeking to obtain, renew, or transfer a HME on a CDL. In order to conduct the security threat assessment, States (or a TSA designated agent in States that elect to have TSA perform the collection of information) must collect information in addition to that already collected for the purpose of HME applications, which will occur once approximately every five years. The driver is required to submit an application that includes personal biographic information (for instance, height, weight, eye and hair color, date of birth); information concerning legal status, mental health defects history, and criminal history; and fingerprints. In addition, 49 CFR part 1572 requires States to maintain a copy of the driver application for a period of one year.

TSA proposes to amend the application to collect minor additional information, such as legal status document information and whether the driver is a new applicant or renewing or transferring the HME. This will enable TSA to better understand and forecast driver retention, transfer rate, and drop-rate, thus improving customer service, reducing program costs, and enhancing comparability with other Federal background checks, including the Transportation Workers Identification Credential (TWIC).

Number of Respondents: 295,000.

Estimated Annual Burden Hours: An estimated 960,000 hours annually.

Issued in Arlington, Virginia, on February 21, 2013.

Susan Perkins,

TSA Paperwork Reduction Act Officer, Office of Information Technology.

Issues for Comment Focus

DHS, USCIS invites the general public and other Federal agencies to comment upon this proposed revision of a currently approved collection of information. In accordance with the Paperwork Reduction Act of 1995, the information collection notice is published in the **Federal Register** to obtain comments regarding the nature of the information collection, the categories of respondents, and the estimated burden (i.e. the time, effort, and resources used by the respondents to respond).

For Forms I-765 and I-765WS, USCIS is especially interested in the public's experience, input, and estimate of the burden in terms of time and money incurred by applicants for the following aspects of this information collection:

- The time burden incurred by preparers (persons who assist the respondent with the preparation of the form) who are not paid by the respondent.

- For preparers who are paid, the time and expense to the respondent to find and secure such preparers for assistance.

- The amount that paid preparers charge for their services.
- The time required to obtain supporting documents for Forms I-765 and I-765WS.

- The monetary costs incurred to secure supporting documents from sources such as a landlord, church, utility, public agency (housing, social services, law enforcement, local/state governments), school, medical care provider, advocacy group, law firm, or military service.

- The average time required and cost incurred to secure secondary evidence such as an affidavit or a statement.

- The percentage of total applicants who require English translations of their supporting documents.

- The percentage of supporting documents for each individual applicant that require translation into English.

- The time required to find, hire or otherwise obtain translations of supporting documents for immigration benefit requests.

- The average out of pocket monetary cost if any to obtain translations of supporting documents when required.

USCIS requested input on these questions in its 60-day notice and received no comments. If no comments are received from knowledgeable individuals, USCIS will perform its own analysis using information from other sources to estimate these costs for its next submission to OMB for this information collection.

In addition, to be helpful in the improvement of this form and the program associated with this information collection, written comments and suggestions are requested to provide USCIS with clear and specific suggestions on the data elements captured through these forms and the evidence required to be submitted with a focus on one or more of the following four points:
