

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *”

Agencies must specifically solicit comments to: (a) Evaluate whether the collection is necessary or useful; (b) evaluate the accuracy of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of technology.

To comply with the public consultation process, on October 10, 2012, BOEM published a **Federal Register** notice (77 FR 61633) announcing that we would submit this ICR to OMB for approval. This notice provided the required 60-day comment period. We received one comment. The Marine Mammal Commission states that BOEM’s reporting requirements provide a systematic and uniform method to track compliance with regulations, including those that protect marine resources. Therefore, the Commission supports BOEM’s request to OMB to approve the renewal of this collection.

Public Availability of Comments: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: February 7, 2013.

Deanna Meyer-Pietruszka,
Chief, Office of Policy, Regulations, and Analysis.
