SUPPLEMENTARY INFORMATION:

I. Abstract

Private businesses under contract to the National Park Service manage food, lodging, tours, whitewater rafting, boating, and many other recreational activities and amenities in more than 100 national parks. These services gross more than \$1 billion every year and provide jobs for more than 25,000 people during peak season.

The regulations at 36 CFR part 51 primarily implement Title IV of the National Parks Omnibus Management Act of 1998 (Pub. L. 105-391), which provides legislative authority, policies, and requirements for the solicitation, award, and administration of NPS concession contracts. The information collection requirements associated with NPS concessions are currently approved under four OMB control numbers. During our review for this renewal, we discovered some additional requirements that need OMB approval. In this revision of 1024-0029, we are including all of the information collection requirements associated with applying for and operating NPS concessions. If OMB approves this revision, we will discontinue OMB Control Numbers 1024-0125, 1024-0126, and 1024-0231. Following are the information collection requirements associated with soliciting, awarding, and administering NPS concessions:

(1) *Proposals* (partially approved under OMB Control Number 1024-0125). The public solicitation process begins with the issuance of a prospectus to invite the general public to submit proposals for the contract. The prospectus describes the terms and conditions of the concession contract to be awarded, the procedures to be followed in the selection of the best proposal, and the information that must be provided. Information that we collect includes, but is not limited to:

- Description of how respondent will conduct operations to minimize disturbance to wildlife; protect park resources; and provide visitors with a high quality, safe, and enjoyable visitor experience.
- Organizational structure and history and experience with similar operations.
- Details on violations or infractions and how they were handled.
- Financial information and demonstration that respondent has credible, proven track record of meeting obligations.

We collect this information in narrative and form format. While the information we collect is currently approved under OMB Control No. 1024–0125, OMB has not approved the following forms:

- Business Organization and Credit Information (Form 1 or 2).
- Business History Information Form.
- Investment Expenses.
- Investment Assumptions.
- Initial Investments and Start-up Expenses Form.
- Initial Investments and Start-up Expenses Assumptions.
- Income Statement Form.
- Income Statement Assumptions.
- Operating Assumptions.
- Cash Flow Statement Form.
- Cash Flow Statement Assumptions.

(2) *Amendments.* Amendments to proposals may be submitted in accordance with 36 CFR 51.15 and 51.32.

(3) *Appeals* (currently approved under OMB Control Number 1024–0231). Regulations at 36 CFR 51.47 state that any person may appeal to the Director, NPS a determination that a concessioner is not a preferred offeror for the purposes of a right of preference in renewal and that the appeal must specify the grounds for the appeal.

(4) *Request to Construct a Capital Improvement* (currently approved under OMB Control Number 1024–0231). In accordance with 36 CFR 51.54, a request for approval to construct a capital improvement must include appropriate plans and specifications for the capital improvement. The request must also include an estimate of the total construction cost of the capital improvement. The estimate of the total construction cost must specify all elements of the cost in such detail as is necessary to permit the Director, NPS to determine that they are elements of construction cost. The approval requirements of this and other sections of 36 CFR part 51 also apply to any

change orders to a capital improvement project and to any additions to a structure or replacement of fixtures.

(5) *Construction Report* (currently approved under OMB Control Number 1024–0231). In accordance with 36 CFR 51.55, a concessioner obtaining a leasehold surrender interest must submit a construction report to the NPS. The construction report must be supported by actual invoices of the capital improvement's construction cost together with, if requested by the NPS, a written certification from a certified public accountant (CPA).

(6) *Application to Sell or Transfer Concession Operation* (currently approved under OMB Control Number 1024–0126). 36 CFR part 51, Subpart J, provides that a concessioner must obtain NPS approval to assign, sell, convey, grant, contract for, or otherwise transfer: any concession contract; any rights to operate under or manage the performance of a concession contract as a subconcessioner or otherwise; any controlling interest in a concessioner or concession contract; or any leasehold surrender interest or possessory interest obtained under a concession contract. The amount and type of information to be submitted varies with the type and complexity of the proposed transaction. Information includes, but is not limited to:

- Instruments proposed to implement the transaction.
- Opinion of counsel that the proposed transaction is lawful under all applicable Federal and State laws.
- Narrative description of the proposed transaction.
- Statement as to the existence and nature of any litigation relating to the proposed transaction.
- Description of the management qualifications, financial background, and financing and operational plans of any proposed transferee.
- Description of all financial aspects of the proposed transaction.

- Prospective financial statements (proformas).

- Schedule that allocates in detail the purchase price (or, in the case of a transaction other than an asset purchase, the valuation) of all assets assigned or encumbered. In addition, the applicant must provide a description of the basis for all allocations and ownership of all assets.

(7) *Annual Financial Statements* (currently approved under OMB Control No. 1024–0029). We use Forms 10–356 and 10–356A to collect annual financial reports. These forms are an accumulation of various financial statements commonly used by industry for reporting in conformance with generally accepted accounting principles. The information provides a comprehensive view of the concessioner's financial situation at the end of its fiscal year and the concessioner's activity over the preceding year.

(8) *Recordkeeping.* In accordance with 36 CFR 51.98, a concessioner (and any subconcessioner) must keep and make available to NPS, records for the term of the concession contract and for 5 years after the termination or expiration of the concession contract.

Abstract: The Secretary of the United States Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary is required, by various laws, to manage mineral resource production from Federal and Indian lands and the OCS, collect the royalties and other mineral revenues due, and distribute the funds collected under those laws. We have posted those laws pertaining to mineral leases on Federal and Indian lands and the OCS at http://www.onrr.gov/Laws_R_D/PublicLawsAMR.htm.

Effective October 1, 2010, ONRR reorganized and transferred our regulations from chapter II to chapter XII in 30 CFR, resulting in a change to our citations. You can find the information collections covered in this ICR at 30 CFR part 1202, subparts C and D, which pertain to Federal oil and gas royalties; part 1204, subpart C, which pertains to accounting and auditing relief for marginal properties; and part
