General**

The Computer Matching and Privacy Protection Act of 1988 (Public Law (Pub. L.) 100–503), amended the Privacy Act (5 U.S.C. 552a) by describing the conditions under which computer matching involving the Federal government could be performed and adding certain protections for persons applying for, and receiving, Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101–508) further amended the Privacy Act regarding protections for such persons.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with

other Federal, State, or local government records. It requires Federal agencies involved in computer matching programs to:

- (1) Negotiate written agreements with the other agency or agencies participating in the matching programs;
- (2) Obtain approval of the matching agreement by the Data Integrity Boards of the participating Federal agencies;
- (3) Publish notice of the computer matching program in the **Federal Register**;
- (4) Furnish detailed reports about matching programs to Congress and OMB;
- (5) Notify applicants and beneficiaries that their records are subject to matching; and
- (6) Verify match findings before reducing, suspending, terminating, or denying a person's benefits or payments.

B. Purpose of the Matching Program

The purpose of this matching program is to set forth the terms, conditions, and safeguards under OPM will disclose civil service benefit and payment data to us. We are legally required to offset specific benefits by a percentage of civil service benefits received (Spousal and Survivors benefits, Supplemental Security Income (SSI) benefits, and Disability Insurance Benefits are offset by a percentage of the recipients own federal government pension benefits). We administer the Old Age, Survivors, Disability Insurance (OASDI), SSI, and Special Veterans' Benefits (SVB) programs. We will use the match results under this agreement to meet our civil service benefit offset obligations. Appendices A, B, C, and D of this agreement contain specific information on the matching programs that we will conduct under this agreement.

This agreement is executed in compliance with the Privacy Act of 1974 (5 U.S.C. 552a), as amended by the Computer Matching and Privacy Protection Act of 1988, and the

regulations and guidance promulgated thereunder.

C. Authority for Conducting the Matching Program

The legal authority for SSA to conduct this matching activity for SSI purposes is in section 1631(e)(1)(B) and (f) of the Social Security Act (Act) (42 U.S.C. 1383(e)(1)(B) and (f)) and for the SVB purposes is in section 806 of the Act (42 U.S.C. 1006). Section 224 of the Act (42 U.S.C. 424a) provides for the reduction of Social Security disability benefits when the disabled worker is also entitled to a Public Disability Benefit.

Section 1631(f) of the Act requires Federal agencies to furnish us with information necessary to verify eligibility, and section 224(h)(1) of the Act requires any Federal agency to provide us with information in its possession that we may require for the purposes of making a timely determination of the amount of reduction under section 224 of the Act.

D. Categories of Records and Persons Covered by the Matching Program

OPM will provide us with an electronic file containing civil service benefit and payment data from the annuity and survivor master file. The **Federal Register** designation for the OPM file is OPM/Central—1 Civil Service Retirement and Insurance Records. Pursuant to 5 U.S.C. 552a(b)(3), OPM established routine uses to disclose the subject information to us.

Each record on the OPM file will be matched for Social Security Number (SSN) verification to our Master Files of SSN Holders and SSN Applications. The **Federal Register** designation for the SSA file is Master Files of SSN Holders and SSN Applications, SSA/OSR, 60–0058. Those records verified will then be matched to our SSI and SVB payment information maintained in the Social Security record (SSR) and SVB. The **Federal Register** designation for the SSA file is SSR and SVB, SSA/OSR, 60–0103.

E. Inclusive Dates of the Matching Program

The effective date for these matching programs is April 13, 2013, provided that the following notice periods have lapsed: 30 days after publication of this notice in the **Federal Register** and 40 days after notice of the matching program is sent to Congress and OMB. The matching programs will continue for 18 months from the effective date and, if both agencies meet certain

[Public Notice 8237]

Notice of Intent To Prepare a Supplemental Environmental Impact Statement (SEIS) and To Conduct Scoping and To Initiate Consultation consistent With the National Environmental Policy Act (NEPA) and Section 106 of the National Historic Preservation Act (NHPA) for the Proposed Enbridge Energy, Limited Partnership, Line 67 Capacity Expansion Project

SUMMARY: The purpose of this notice is to inform the public that the Department of State (the Department) will be preparing a Supplemental Environmental Impact Statement for the proposed Enbridge Energy, Limited Partnership, Line 67 Capacity Expansion Project. Under E.O. 13337, the Secretary of State is authorized to issue Presidential Permits for the construction, connection, operation, or maintenance at the borders of the United States, of facilities for the exportation or importation of liquid petroleum, petroleum products, or other non-gaseous fuels to or from a foreign country.

Enbridge Energy (Enbridge) has applied to the Department for an amendment to their current Presidential Permit authorizing it to operate at a higher capacity the existing crude oil pipeline (known as “Line 67”). To approve the amendment, the Department of State must find that issuance would serve the national interest. In the course of processing such applications, the Department consults extensively with concerned Federal and State agencies, and invites public comment in arriving at its determination.

The Department issued a Final Environmental Impact Statement (FEIS) on June 5, 2009, as part of its review of the initial Presidential Permit application for Line 67. On August 3, 2009, the Department issued a Presidential Permit authorizing the construction, operation and maintenance of facilities at the U.S.-Canada border for Line 67 (known at the time of permit issuance as the “Alberta Clipper” pipeline). Enbridge completed construction of Line 67 in 2010
