Appendix I

Scope of the Investigation

The product covered by this investigation is calcium hypochlorite, regardless of form (e.g., powder, tablet (compressed), crystalline (granular), or in liquid solution), whether or not blended with other materials, containing at least 10% available chlorine measured by actual weight. The scope also includes bleaching powder and hemibasic calcium hypochlorite.

Calcium hypochlorite has the general chemical formulation $\text{Ca}(\text{OCl})_2$, but may also be sold in a more dilute form as bleaching powder with the chemical formulation, $\text{Ca}(\text{OCl})_2 \cdot \text{CaCl}_2 \cdot \text{Ca}(\text{OH})_2 \cdot 2\text{H}_2\text{O}$ or hemibasic calcium hypochlorite with the chemical formula of $2\text{Ca}(\text{OCl})_2 \cdot \text{Ca}(\text{OH})_2$ or $\text{Ca}(\text{OCl})_2 \cdot 0.5\text{Ca}(\text{OH})_2$. Calcium hypochlorite has a Chemical Abstract Service ("CAS") registry number of 7778-54-3, and a U.S. Environmental Protection Agency ("EPA") Pesticide Code ("PC") Number of 014701. The subject calcium hypochlorite has an International Maritime Dangerous Goods ("IMDG") code of Class 5.1 UN 1748, 2880, or 2208 or Class 5.1/8 UN 3485, 3486, or 3487.

Calcium hypochlorite is currently classifiable under the subheading 2828.10.0000 of the Harmonized Tariff Schedule of the United States ("HTSUS"). The subheading covers commercial calcium hypochlorite and other calcium hypochlorite. When tableted or blended with other materials, calcium hypochlorite may be entered under other tariff classifications, such as 3808.94.5000 and 3808.99.9500, which cover disinfectants and similar products. While the HTSUS subheadings, the CAS registry number, the U.S. EPA PC number, and the IMDG codes are provided for convenience and customs purposes, the

written description of the scope of this investigation is dispositive.

Certain New Pneumatic Off-The-Road Tires From the People's Republic of China: Final Results of the Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 1, 2013, the Department of Commerce ("the Department") initiated the sunset review of the antidumping duty order on certain new pneumatic off-the-road tires ("OTR tires") from the People's Republic of China ("PRC") pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). As a result of its analysis, the Department finds that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping at the margins indicated in the "Final Results of Sunset Review" section of this notice.

DATES: *Effective Date:* January 14, 2014.

FOR FURTHER INFORMATION CONTACT: Demitrios Kalogeropoulos, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2623.

SUPPLEMENTARY INFORMATION:

Background

On August 1, 2013, the Department published the notice of initiation of the sunset review of the antidumping duty order on OTR tires from the PRC, pursuant to Section 751(c) of the Act.¹ The Department received a notice of intent to participate from Titan Tire Corporation ("Titan") and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC ("USW") (collectively, "domestic interested parties"). Titan claimed interested party status under section 771(9)(C) of the Act, as a domestic producer of the domestic like product.

USW claimed interested party status under section 771(9)(D) of the Act as a certified or recognized union representing workers engaged in manufacturing the domestic like product.

On September 3, 2013, the Department received an adequate substantive response from the domestic interested parties identified above within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). The Department did not receive a substantive response from any respondent interested party. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department has conducted an expedited (120-day) sunset review of the antidumping duty order on OTR tires from the PRC.

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.² Therefore, all deadlines in this segment of the proceeding have been extended by 16 days.

Scope of the Order

The products covered by the order are new pneumatic tires designed for off-the-road and off-highway use, subject to certain exceptions. The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States ("HTSUS") subheadings: 4011.20.10.25, 4011.20.10.35, 4011.20.50.30, 4011.20.50.50, 4011.61.00.00, 4011.62.00.00, 4011.63.00.00, 4011.69.00.00, 4011.92.00.00, 4011.93.40.00, 4011.93.80.00, 4011.94.40.00, and 4011.94.80.00. While HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope is dispositive.

For a full description of the scope, see "Issues and Decision Memorandum for the Final Results of Expedited First Sunset Review of the Antidumping Duty Order on New Pneumatic Off-The-Road Tires from the People's Republic of China," from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Acting Assistant Secretary for Enforcement and Compliance, dated December 16, 2013 ("Issues and Decision Memorandum").

Analysis of Comments Received

All issues raised in this review are addressed in the Issues and Decision Memorandum. The issues discussed in the Issues and Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order were revoked. Parties can find a complete discussion of these issues and the corresponding

recommendations in this public document, which is on file electronically via IA ACCESS. IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit in Room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.ita.doc.gov/frn/index.html>.

The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Calcium Hypochlorite From the People's Republic of China: Initiation of Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* January 14, 2014.

FOR FURTHER INFORMATION CONTACT: Katie Marksberry, Office V, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-7906.

SUPPLEMENTARY INFORMATION:

The Petition

On December 18, 2013, the Department of Commerce (the "Department") received a countervailing duty ("CVD") petition concerning imports of calcium hypochlorite from the People's Republic of China ("PRC"), filed in proper form by Arch Chemicals, Inc. ("Petitioner"), a domestic producer of calcium hypochlorite.¹ The CVD Petition was accompanied by an antidumping duty ("AD") petition concerning imports of calcium hypochlorite from the PRC. On December 19, 2013, and December 24, 2013, the Department requested additional information and clarification of certain areas of the Petition, and on December 23, 2013, and December 30, 2013, Petitioner filed a response to each request.²

¹ See "Petition for the Imposition of Antidumping and Countervailing Duties on Calcium Hypochlorite from the People's Republic of China, dated December 18, 2013 (hereafter referred to as the "Petition").

² See Petitioner's December 23, 2013, filing titled, "Calcium Hypochlorite from the People's Republic of China: Response to Supplemental Questions";

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the "Act"), Petitioner alleges that producers/exporters of calcium hypochlorite in the PRC received countervailable subsidies within the meaning of sections 701 and 771(5) of the Act, and that imports from these producers/exporters materially injure, or threaten material injury to, an industry in the United States.

The Department finds that Petitioner filed this Petition on behalf of the domestic industry because it is an interested party as defined in section 771(9)(C) of the Act. The Department also finds that Petitioner has demonstrated sufficient industry support with respect to the initiation of the CVD investigation that Petitioner is requesting.³

Period of Investigation

The period of investigation ("POI") is January 1, 2012 through December 31, 2012, in accordance with 19 CFR 351.204(b)(2).

Scope of the Investigation

The product covered by this investigation is calcium hypochlorite from the PRC. For a full description of the scope of the investigation, please see the "Scope of Investigation" in the appendix to this notice.

Comments on the Scope of the Investigation

During our review of the Petition, we solicited information from Petitioner to ensure that the proposed scope language is an accurate reflection of the products for which the domestic industry is seeking relief. Moreover, as discussed in the preamble to the Department's regulations⁴, we are setting aside a period for interested parties to raise issues regarding product coverage. The Department encourages all interested parties to submit such comments by January 27, 2014, which is 20 calendar days from the signature date of this notice. All comments must be filed on the record of the CVD investigation, as well as the concurrent AD investigation.

Filing Requirements

All submissions to the Department must be filed electronically using Enforcement & Compliance's

Consultations

Pursuant to section 702(b)(4)(A)(ii) of the Act, the Department held consultations with the government of the PRC (hereinafter, the "GOC") with respect to the Petition on January 3, 2014.⁶

Determination of Industry Support for the Petition

Section 702(b)(1) of the Act requires that a petition be filed on behalf of the domestic industry. Section 702(c)(4)(A) of the Act provides that a petition meets this requirement if the domestic producers or workers who support the petition account for: (i) At least 25 percent of the total production of the domestic like product; and (ii) more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for, or opposition to, the petition. Moreover, section 702(c)(4)(D) of the Act provides that, if the petition does not establish support of domestic producers or workers accounting for more than 50 percent of the total production of the domestic like product, the Department shall: (i) Poll the industry or rely on other information in order to determine if there is support for the petition, as required by subparagraph (A); or (ii) determine industry support using a statistically valid sampling method to poll the industry.

Section 771(4)(A) of the Act defines the "industry" as the producers as a whole of a domestic like product. Thus, to determine whether a petition has the
