

governmental units. The arrangements reduce burden by greatly reducing the number of people who have to complete a form as the data are collected from a centralized source instead of from multiple sources. Currently, the Census Bureau has central collection arrangements to collect local government data with 28 states and state government data from all 50 states. The Census Bureau continues to expand the conversion of paper submissions into electronic formats by collaborating with state and local governments regarding electronic reporting of central collection data, and encouraging electronic responses from individual governments.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau plans to conduct a survey for the Social Security Administration (SSA) beginning in September 2014. The survey is the SSA Supplement on Retirement, Pensions, and Related Content (SSA Supplement), which is the first externally sponsored supplement to the newly redesigned Survey of Income and Program Participation (SIPP). The sample for the SSA Supplement will come from completed interviews from Wave 1 of the 2014 panel of the Survey of Income and Program Participation, conducted from February to May of 2014 (2014 SIPP, OMB approval number 0607–0977). The SSA Supplement is expected to be conducted once per SIPP Panel, after the completion of Wave 1 interviews. Questions in the SSA Supplement are from 2008 SIPP topical modules selected by the SSA, with minimal modifications (2008 SIPP, OMB approval number 0607–0944).

The SSA bases two of its major policy micro-simulations on the SIPP: (1) Modeling Income in the Near Term (MINT) for evaluating Social Security reform; and, (2) the Financial Eligibility Model (FEM) for evaluating Supplemental Security Income, Qualified Medicare Beneficiary, and Medicare Part-D Low Income Subsidy programs. Recent economic events have had a profound impact on the overall economic well-being of our nation, and underscore the importance of the data the Social Security Administration is seeking to collect. Of specific importance to the SSA is the impact of this economic crisis on current and future beneficiaries. Since the 1996 SIPP panel, the SSA has used data collected by the SIPP for policy evaluation research and the modification of government programs. Prior to the 2014 SIPP redesign, the data came from core questions asked each wave and from intermittent topical supplements. As part of an effort to streamline the annual data collection in the SIPP instrument, the redesigned SIPP does not include some topical data previously used by the SSA for the MINT and FEM models. These items include detailed questions on personal retirement accounts, retirement and pension plans from current and previous employment, complete marital history, and functional limitations and disabilities affecting employment and daily living. The SSA Supplement will continue the collection of this necessary data which the SSA cannot obtain from any other source.

The Census Bureau, through sponsorship by the SSA, plans to collect the SSA Supplement data using Computer Assisted Telephone Interviewing (CATI). Interviews for the SSA supplement will not be conducted through personal visits.

Approximately 35,000 households are expected to be interviewed from the initial sample fielded in Wave 1 of the 2014 SIPP panel. Each household averages 2.1 people aged 15 and above, yielding approximately 73,500 person-level interviews. The sample for the SSA Supplement will consist of all households that have completed interviews, either in person or by telephone, from 2014 SIPP Wave 1. New additions to the household between the 2014 SIPP interview and the SSA Supplement interview will not be included in the SSA Supplement; however, movers will be followed and interviewed, as they are in the SIPP. Interviews take approximately 30 minutes per adult on average; consequently, the total burden for SSA Supplement interviews will be 36,750 hours.

The Census Bureau will release a public use file for availability to general data users via its Web site, with the ability to match to the 2014 SIPP public-use file.

II. Method of Collection

The SSA Supplement will use the Computer Assisted Telephone Interview (CATI) mode of data collection. The SSA Supplement will be conducted as one interview per person once per SIPP Panel, after the completion of Wave 1 interviews. The interviews for the SSA Supplement will be conducted via the Census Bureau's three telephone centers with all household members 15 years old or over using regular proxy-responder rules. The SSA Supplement interviews are expected to last 2 to 3 months beginning in September 2014.

III. Data

OMB Control Number: 0607–XXXX.

Order Renewing Order Temporarily Denying Export Privileges

Pursuant to Section 766.24 of the Export Administration Regulations, 15 CFR Parts 730–774 (2013) (“EAR” or the “Regulations”), I hereby grant the request of the Office of Export Enforcement (“OEE”) to renew the July

31, 2013 Order Temporarily Denying the Export Privileges of Mahan Airways, Zarand Aviation, Gatewick LLC, Pejman Mahmood Kosarayanifard, Mahmoud Amini, Kerman Aviation, Sirjanco Trading LLC, Ali Eslamian, Mahan Air General Trading LLC, Skyco (UK) Ltd., Equipco (UK) Ltd., and Mehdi Bahrami. I find that renewal of the Temporary Denial Order (“TDO”) is necessary in the public interest to prevent an imminent violation of the EAR.

I. Procedural History

On March 17, 2008, Darryl W. Jackson, the then-Assistant Secretary of Commerce for Export Enforcement (“Assistant Secretary”), signed a TDO denying Mahan Airways’ export privileges for a period of 180 days on the grounds that its issuance was necessary in the public interest to prevent an imminent violation of the Regulations. The TDO also named as denied persons Blue Airways, of Yerevan, Armenia (“Blue Airways of Armenia”), as well as the “Balli Group Respondents,” namely, Balli Group PLC, Balli Aviation, Balli Holdings, Vahid Alaghband, Hassan Alaghband, Blue Sky One Ltd., Blue Sky Two Ltd., Blue Sky Three Ltd., Blue Sky Four Ltd., Blue Sky Five Ltd., and Blue Sky Six Ltd., all of the United Kingdom. The TDO was issued *ex parte* pursuant to Section 766.24(a), and went into effect on March 21, 2008, the date it was published in the **Federal Register**.

The TDO subsequently has been renewed in accordance with Section 766.24(d), including most recently on July 31, 2013.¹ As of March 9, 2010, the Balli Group Respondents and Blue Airways were no longer subject to the TDO. As part of the February 25, 2011 TDO renewal, Gatewick LLC, Mahmoud Amini, and Pejman Mahmood Kosarayanifard (“Kosarian Fard”) were added as related persons in accordance with Section 766.23 of the Regulations. On July 1, 2011, the TDO was modified by adding Zarand Aviation as a respondent in order to prevent an imminent violation. Specifically, Zarand Aviation owned an Airbus A310 subject to the Regulations that was being operated for the benefit of Mahan Airways in violation of both the TDO

¹ The July 31, 2013 Order was published in the **Federal Register** on August 7, 2013. 78 Fed. Reg. 48138 (Aug. 7, 2013). The TDO previously had been renewed on September 17, 2008, March 16, 2009, September 11, 2009, March 9, 2010, September 3, 2010, February 25, 2011, August 24, 2011, February 15, 2012, August 9, 2012, and February 4, 2013. The August 24, 2011 renewal followed the modification of the TDO on July 1, 2011, which added Zarand Aviation as a respondent. Each renewal or modification order was published in the **Federal Register**.
