

the Commission of orders ruling on such NRC staff determinations (whether granting or denying access) is governed by 10 CFR 2.311.³

I. The Commission expects that the NRC staff and presiding officers (and any other reviewing officers) will consider and resolve requests for access to SUNSI, and motions for protective orders, in a timely fashion in order to

minimize any unnecessary delays in identifying those petitioners who have standing and who have propounded contentions meeting the specificity and basis requirements in 10 CFR Part 2. Attachment 1 to this Order summarizes the general target schedule for processing and resolving requests under these procedures.

It is so ordered.

Dated at Rockville, Maryland, this 22nd day of January 2014.

For the Nuclear Regulatory Commission.

Annette L. Vietti-Cook,

Secretary of the Commission.

ATTACHMENT 1—General Target Schedule for Processing and Resolving Requests for Access to Sensitive Unclassified Non-Safeguards Information in This Proceeding

Day	Event/activity
0	Publication of Federal Register notice of hearing and opportunity to petition for leave to intervene, including order with instructions for access requests.
10	Deadline for submitting requests for access to Sensitive Unclassified Non-Safeguards Information (SUNSI) with information: supporting the standing of a potential party identified by name and address; describing the need for the information in order for the potential party to participate meaningfully in an adjudicatory proceeding.
60	Deadline for submitting petition for intervention containing: (i) Demonstration of standing; and (ii) all contentions whose formulation does not require access to SUNSI (+25 Answers to petition for intervention; +7 petitioner/requestor reply).
20	Nuclear Regulatory Commission (NRC) staff informs the requestor of the staff's determination whether the request for access provides a reasonable basis to believe standing can be established and shows need for SUNSI. (NRC staff also informs any party to the proceeding whose interest independent of the proceeding would be harmed by the release of the information.) If NRC staff makes the finding of need for SUNSI and likelihood of standing, NRC staff begins document processing (preparation of redactions or review of redacted documents).
25	If NRC staff finds no "need" or no likelihood of standing, the deadline for requestor/petitioner to file a motion seeking a ruling to reverse the NRC staff's denial of access; NRC staff files copy of access determination with the presiding officer (or Chief Administrative Judge or other designated officer, as appropriate). If NRC staff finds "need" for SUNSI, the deadline for any party to the proceeding whose interest independent of the proceeding would be harmed by the release of the information to file a motion seeking a ruling to reverse the NRC staff's grant of access.
30	Deadline for NRC staff reply to motions to reverse NRC staff determination(s).
40	(Receipt +30) If NRC staff finds standing and need for SUNSI, deadline for NRC staff to complete information processing and file motion for Protective Order and draft Non-Disclosure Affidavit. Deadline for applicant/licensee to file Non-Disclosure Agreement for SUNSI.
A	If access granted: Issuance of presiding officer or other designated officer decision on motion for protective order for access to sensitive information (including schedule for providing access and submission of contentions) or decision reversing a final adverse determination by the NRC staff.
A + 3	Deadline for filing executed Non-Disclosure Affidavits. Access provided to SUNSI consistent with decision issuing the protective order.
A + 28	Deadline for submission of contentions whose development depends upon access to SUNSI. However, if more than 25 days remain between the petitioner's receipt of (or access to) the information and the deadline for filing all other contentions (as established in the notice of hearing or opportunity for hearing), the petitioner may file its SUNSI contentions by that later deadline.
A + 53	(Contention receipt +25) Answers to contentions whose development depends upon access to SUNSI.
A + 60	(Answer receipt +7) Petitioner/Intervenor reply to answers.
>A + 60	Decision on contention admission.

SUPPLEMENTARY INFORMATION:

I. Introduction

Pursuant to § 2.106 of Title 10 of the
Code of the Federal Regulations (10
CFR), the NRC is providing notice, in
the matter of Virgil C. Summer Nuclear
Station Independent Spent Fuel Storage
Installation (ISFSI) Order Modifying
License (Effective Immediately).

II. Further Information

I.

The NRC has issued a general license
to South Carolina Electric & Gas
Company (SCEG), authorizing the
operation of an ISFSI, in accordance
with the Atomic Energy Act of 1954, as
amended, and 10 CFR part 72. This
Order is being issued to SCEG because
SCEG has identified near-term plans to
store spent fuel in an ISFSI under the
general license provisions of 10 CFR
part 72. The Commission's regulations
at 10 CFR 72.212(b)(5), 10 CFR
50.54(p)(1), and 10 CFR 73.55(c)(5)
require licensees to maintain safeguards
contingency plan procedures to respond
to threats of radiological sabotage and to
protect the spent fuel against the threat
of radiological sabotage, in accordance
with 10 CFR part 73, Appendix C.
Specific physical security requirements
are contained in 10 CFR 73.51 or 73.55,
as applicable.

Inasmuch as an insider has an
opportunity equal to, or greater than,
any other person, to commit radiological
sabotage, the Commission has
determined these measures to be
prudent. Comparable Orders have been
issued to all licensees that currently
store spent fuel or have identified near-
term plans to store spent fuel in an
ISFSI.

II.

On September 11, 2001, terrorists
simultaneously attacked targets in New
York, NY, and near Washington, DC,
using large commercial aircraft as
