1. The Wireless Telecommunications and Wireline Competition Bureaus (the Bureaus) release an updated list of eligible areas for the reverse auction that will award up to \$50 million in one-time Tribal Mobility Fund Phase I support, Auction 902. The updated list reflects changes to the eligible areas for Auction 902 based on authorizations of support and default determinations from the initial auction of Mobility Fund Phase I support, Auction 901. Bidding in Auction 902 is scheduled to be held on Tuesday, February 25, 2014.

2. In the *Auction 902 Procedures Public Notice*, 78 FR 56875, September 16, 2013, the Bureaus identified areas eligible for the Tribal Mobility Fund Phase I support to be offered in Auction 902. At that time, the Bureaus released a file with information about the bidding areas for Auction 902 and a file containing detailed information about

the census blocks of those bidding areas. In the list of bidding areas, the Bureaus identified with an asterisk the items with one or more census blocks that were the subject of a winning bid in Auction 901 for which the relevant long-form application remained pending. The Bureaus explained that if they determined prior to Auction 902 that any winning bids from Auction 901 covering blocks that would otherwise be eligible for Auction 902 could not be authorized, then such eligible blocks would be made available in the auction. Similarly, the Bureaus explained that they would exclude from Auction 902 any of the identified blocks for which they authorized Auction 901 support prior to the auction. The Bureaus subsequently released a public notice, 78 FR 61350, October 3, 2013, updating the list of eligible areas for Auction 902 to reflect Auction 901 authorizations of support and default determinations as of September 27, 2013.

3. The Bureaus announce the removal of certain census blocks for which support has been authorized for Auction 901 winning bids, as these blocks will not be available for support in Auction 902. The Bureaus note that in some cases, all of the census blocks for a particular bidding area have been removed, and thus that bidding area is no longer available in Auction 902. In other cases, only some of the census blocks for a particular bidding area have been removed, and thus that bidding area is still available in Auction 902 but includes fewer eligible populated census blocks.

4. Also, for those blocks on which Auction 901 winning bidders have defaulted, the Bureaus remove the asterisks in the list that previously identified the relevant census blocks as having received winning bids in Auction 901, and these areas will be eligible for bidding in Auction 902. There are no longer any asterisks in the list of eligible areas for Auction 902 because after these updates, the list is no longer subject to any pending Auction 901 long-form applications.

5. The updated list of bidding areas is released as Attachment A to the *Auction 902 Updated Eligible Areas Public Notice*. An updated version of the file containing detailed information about the census blocks of all of the bidding areas is available on the Auction 902 Web site at <http://wireless.fcc.gov/auctions/902/>. The interactive map of eligible areas has been updated to reflect these changes to the eligible areas for Auction 902. The link to the interactive map is available on the Auction 902 Web site at <http://wireless.fcc.gov/auctions/902/>, and the map itself is at

<http://www.fcc.gov/maps/tribal-mobility-fund-phase-1-eligible-areas>. Geographic information system (GIS) data for the eligible areas is available as a downloadable shapefile on the Auction 902 Web site at <http://wireless.fcc.gov/auctions/902/>. The updated census blocks file, the interactive map, and the GIS data include a notation indicating when they were updated.

6. Attachment B of the *Auction 902 Updated Eligible Areas Public Notice* lists the bidding areas that have been removed or modified since the prior list was released on September 27, 2013. These changes have been incorporated into each of the Auction 902 short-form applications (FCC Form 180), where applicable.
