Abstract: The FR 2886b comprises a balance sheet, income statement, two schedules reconciling changes in capital and reserve accounts, and 11 supporting schedules. The reporting form parallels the Consolidated Reports of Condition and Income (Call Report) (FFIEC 031 and FFIEC 041; OMB No. 7100-0036) that commercial banks file and the Consolidated Financial Statements for Holding Companies (FR Y-9C; OMB No. 7100-0128) filed by large holding companies. Except for examination reports, it provides the only financial data available for these corporations.

The Federal Reserve is solely responsible for authorizing, supervising, and assigning ratings to Edge and agreement corporations. The Federal Reserve uses the data collected on the FR 2886b to identify present and potential problems and monitor and develop a better understanding of activities within the industry. Most Edge corporations are wholly owned by U.S. banks or holding companies and are consolidated into the financial statements of their parent organizations. However, eight banking Edge corporations are owned by foreign banks or nonbanking organizations.

Current actions: On December 11, 2013, the Federal Reserve published a notice in the **Federal Register** (78 FR 75346) requesting public comment for 60 days on the proposal to renew, without revision, the FR 2886b. The comment period for this notice expired on February 10, 2014. The Federal Reserve did not receive any comments.
