Background

On November 19, 2014, the Department published its final determination that countervailable subsidies are being provided to producers and exporters of steel wire rod from the PRC.¹ On January 2, 2015, the ITC notified the Department of its final determination pursuant to sections 705(b)(1)(A)(i) and section 705(d) of the Tariff Act of 1930, as amended (the Act) that an industry in the United States is materially injured by reasons of subsidized imports of subject merchandise from the PRC.² The ITC also determined that critical circumstances do not exist.³

Correction to the Final Determination

In the *Final Determination* we inadvertently omitted Benxi Iron & Steel (Group) Co., Ltd. from the list of companies comprising Benxi Beiyang Iron & Steel Import & Export Corp./ Benxi Beiyang Iron & Steel (Group) Co., Ltd.⁴ Benxi Iron & Steel (Group) Co., Ltd. is properly included in the list of affiliates in the "Suspension of Liquidation" section of this notice.

Countervailing Duty Order

In accordance with sections 705(b)(1)(A)(i) and 705(d) of the Act, the ITC notified the Department of its final determination that the industry in the United States producing steel wire rod is materially injured by reason of subsidized imports of steel wire rod from the PRC. Therefore, in accordance with section 705(c)(2) of the Act, we are publishing this CVD order.

Pursuant to section 706(a) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by the Department, CVDs on unliquidated entries of steel wire rod entered, or withdrawn from warehouse, for consumption on or after July 8, 2014, the date on which the Department

published its affirmative *Preliminary Determination*⁵ in the **Federal Register**, and before November 5, 2014, the date on which the Department instructed CBP to discontinue the suspension of liquidation in accordance with section 703(d) of the Act. Section 703(d) of the Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for more than four months. Entries of steel wire rod made on or after November 5, 2014, and prior to the date of publication of the ITC's final determination in the **Federal Register** are not liable for assessment of CVDs, due to the Department's discontinuation, effective November 5, 2014, of the suspension of liquidation.

With regard to the ITC's negative critical circumstances determination, the Department will instruct CBP to lift suspension and refund any cash deposits of estimated CVDs for entries on or after April 9, 2014 (i.e., 90 days prior to the date of the *Preliminary Determination*), but before July 8, 2014.

Suspension of Liquidation

In accordance with section 706 of the Act, the Department will direct CBP to reinstitute the suspension of liquidation of steel wire rod from the PRC, effective the date of publication of the ITC's notice of final determination in the **Federal Register**, and to assess, upon further instruction by the Department pursuant to section 706(a)(1) of the Act, CVDs for each entry of the subject merchandise in an amount based on the net countervailable subsidy rates for the subject merchandise. CBP must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the rates listed below:
