DEPARTMENT OF COMMERCE**Economic Development Administration****Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance**

AGENCY: Economic Development Administration, Department of Commerce.

ACTION: Notice and opportunity for public comment.

Pursuant to section 251 of the Trade Act 1974, as amended (19 U.S.C. 2341 *et seq.*), the Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of these firms contributed importantly to the total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

LIST OF PETITIONS RECEIVED BY EDA FOR CERTIFICATION ELIGIBILITY TO APPLY FOR TRADE ADJUSTMENT ASSISTANCE
[12/29/2014 through 1/20/2015]

Firm name	Firm address	Date accepted for investigation	Product(s)
Linemaster Switch Corporation	29 Plaine Hill Road, Woodstock, CT 06281.	The firm manufactures electronic and mechanical foot controls, replacement parts and accessories.

Any party having a substantial interest in these proceedings may request a public hearing on the matter. A written request for a hearing must be submitted to the Trade Adjustment Assistance for Firms Division, Room 71030, Economic Development Administration, U.S. Department of Commerce, Washington, DC 20230, no later than ten (10) calendar days following publication of this notice.

Please follow the requirements set forth in EDA's regulations at 13 CFR 315.9 for procedures to request a public hearing. The Catalog of Federal Domestic Assistance official number and title for the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance for Firms.

Dated: January 20, 2015.

Michael S. DeVillo,
Eligibility Examiner.

DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board**

[B–2–2015]

Foreign-Trade Zone 42—Orlando, Florida Application for Reorganization under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Greater Orlando Aviation Authority, grantee of FTZ 42, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee's “service area” in the context of the FTZ Board's standard 2,000-acre activation limit for a zone. The application was submitted

pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on January 20, 2015.

FTZ 42 was approved by the FTZ Board on September 29, 1978 (Board Order 137, 43 FR 46887, 10/11/78). The current zone includes the following sites: *Site 1* (168 acres)—Orlando International Airport, Orlando; and, *Site 2* (27 acres, expires 6/30/15)—Lincoln International Corporate Park, 8633 Transport Drive, Orlando.

The grantee's proposed service area under the ASF would be Orange County, Florida, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The proposed service area is within and adjacent to the Orlando Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone to include

both of the existing sites as “magnet” sites. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. No subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 42’s previously authorized subzone.

In accordance with the FTZ Board’s regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is March 27, 2015. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 13, 2015.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the FTZ Board’s Web site, which is accessible via www.trade.gov/ftz. For further information, contact Camille Evans at Camille.Evans@trade.gov or (202) 482–2350.

Dated: January 20, 2015.

Andrew McGilvray,
Executive Secretary.

Foreign-Trade Zones Board

[B–01–2015]

Foreign-Trade Zone (FTZ) 174—Pima County, Arizona, Notification of Proposed Production Activity, Global Solar Energy, Inc., (Thin Film Photovoltaic Solar Products), Tucson, Arizona

Tucson Regional Economic Opportunities, Inc., grantee of FTZ 174, submitted a notification of proposed production activity to the FTZ Board on behalf of Global Solar Energy, Inc. (Global Solar), located in Tucson, Arizona. The notification conforming to the requirements of the regulations of

the FTZ Board (15 CFR 400.22) was received on January 14, 2015.

A separate application for subzone designation at the Global Solar facility is planned and will be processed under Section 400.31 of the FTZ Board’s regulations. The facility is used for the production of thin film photovoltaic solar cells, strings, panels, and photovoltaic-coated stainless steel rolls based on copper-indium-gallium-diselenide (CIGS) technology. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials/components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Global Solar from customs duty payments on the foreign status materials/components used in export production (estimated to be 35% of annual shipments). On its domestic sales, Global Solar would be able to choose the duty rate during customs entry procedures that applies to the thin film photovoltaic solar products (duty free) for the foreign-status materials/components noted below. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad include: Indium metal shot; gallium metal shot; selenium shot; gallium liquid; copper pellets; diodes; custom junction-boxes (unpotted); monolithic targets; stainless steel substrates; polymer film rolls; ethylene tetrafluoroethylene film rolls; junction-box pottant catalyst; junction-box pottant; and plastic slit input rolls (duty rates range from free to 4.2%). The request indicates that the stainless steel substrates (HTSUS 7220.20.1060 and 7220.20.1080) are subject to an antidumping/countervailing duty (AD/CVD) order. The FTZ Board’s regulations (15 CFR 400.14(e)) require that merchandise subject to AD/CVD actions be admitted to the proposed subzone in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is March 9, 2015.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the FTZ

Board’s Web site, which is accessible via www.trade.gov/ftz.
