Rule 12f-3, SEC File No. 270-141, OMB Control No. 3235-0249

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget a request for approval of extension of the previously approved collection of information provided for in Rule 12f-3 (17 CFR 240.12f-3), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 12f-3 (the "Rule"), which was originally adopted in 1934 pursuant to Sections 12(f) and 23(a) of the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Act"), as modified in 1995, prescribes the information which must be included in applications for and notices of termination or suspension of unlisted trading privileges for a security as contemplated in Section 12(f)(4) of the Act. An application must provide, among other things, the name of the applicant; a brief statement of the applicant's interest in the question of termination or suspension of such unlisted trading privileges; the title of the security; the name of the issuer; certain information regarding the size of the class of security and its recent trading history; and a statement indicating that the applicant has provided a copy of such application to the exchange from which the suspension or termination of unlisted trading privileges are sought, and to any other exchange on which the security is listed or admitted to unlisted trading privileges.

The information required to be included in applications submitted pursuant to Rule 12f-3, is intended to provide the Commission with sufficient information to make the necessary findings under the Act to terminate or suspend by order the unlisted trading privileges granted a security on a national securities exchange. Without the Rule, the Commission would be unable to fulfill these statutory responsibilities.

The burden of complying with Rule 12f-3 arises when a potential respondent, having a demonstrable bona fide interest in the question of

termination or suspension of the unlisted trading privileges of a security, determines to seek such termination or suspension. The staff estimates that each such application to terminate or suspend unlisted trading privileges requires approximately one hour to complete. Thus each potential respondent would incur on average one burden hour in complying with the Rule. The Commission staff estimates that there could be as many as 18 responses annually. Compliance with the application requirements of Rule 12f-3 is mandatory, though the filing of such applications is undertaken voluntarily. Rule 12f-3 does not have a record retention requirement *per se*. However, responses made pursuant to Rule 12f-3 are subject to the recordkeeping requirements of Rules 17a-3 and 17a-4 of the Act. Information received in response to Rule 12f-3 shall not be kept confidential; the information collected is public information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

#### Extension:

Rule 12d2-1, SEC File No. 270-98, OMB Control No. 3235-0081.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information provided for in Rule 12d2-1 (17 CFR 240.12d2-1), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Act").

On February 12, 1935, the Commission adopted Rule 12d2-1 ("Suspension of Trading") which sets forth the conditions and procedures under which a security may be suspended from trading under Section 12(d) of the Act.<sup>1</sup> Rule 12d2-1 provides the procedures by which a national securities exchange may suspend from trading a security that is listed and registered on the exchange. Under Rule 12d2-1, an exchange is permitted to suspend from trading a listed security in accordance with its rules, and must promptly notify the Commission of any such suspension, along with the effective date and the reasons for the suspension.

Any such suspension may be continued until such time as the Commission may determine that the suspension is designed to evade the provisions of Section 12(d) of the Act and Rule 12d2-2 thereunder.<sup>2</sup> During the continuance of such suspension under Rule 12d2-1, the exchange is required to notify the Commission promptly of any change in the reasons for the suspension. Upon the restoration to trading of any security suspended under Rule 12d2-1, the exchange must notify the Commission promptly of the effective date of such restoration.

The trading suspension notices serve a number of purposes. First, they inform the Commission that an exchange has suspended from trading a listed security or reintroduced trading in a previously suspended security. They also provide the Commission with information necessary for it to determine that the suspension has been accomplished in accordance with the rules of the exchange, and to verify that the exchange has not evaded the requirements of Section 12(d) of the Act and Rule 12d2-2 thereunder by

<sup>1</sup> See Securities Exchange Act Release No. 7011 (February 5, 1963), 28 FR 1506 (February 16, 1963).

<sup>2</sup> Rule 12d2-2 prescribes the circumstances under which a security may be delisted from an exchange and withdrawn from registration under Section 12(b) of the Act, and provides the procedures for taking such action.

improperly employing a trading suspension. Without Rule 12d2–1, the Commission would be unable to fully implement these statutory responsibilities.

There are 18 national securities exchanges that are subject to Rule 12d2–1. The burden of complying with Rule 12d2–1 is not evenly distributed among the exchanges, however, since there are many more securities listed on the New York Stock Exchange, Inc., the NASDAQ Stock Exchange, and the NYSEMKT LLC than on the other exchanges.<sup>3</sup> However, for purposes of this filing, the Commission staff has assumed that the number of responses is evenly divided among the exchanges. There are approximately 1,600 responses under Rule 12d2–1 for the purpose of suspension of trading from the national securities exchanges each year, and the resultant aggregate annual reporting hour burden would be, assuming on average one-half reporting hour per response, 800 annual burden hours for all exchanges. The related internal compliance costs associated with these burden hours are \$159,200 per year.

The collection of information obligations imposed by Rule 12d2–1 is mandatory. The response will be available to the public and will not be kept confidential.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

### Submission for OMB Review; Comment Request

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549–2736.

### Extension: Mutual Fund Interactive Data

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the “Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for extension of the previously approved collection of information discussed below.

Open-end management investment companies (“funds”) are required to submit to the Commission information included in their registration statements, or information included in or amended by post-effective amendments thereto, in response to Items 2, 3, and 4 (“risk/return summary information”) of Form N–1A (17 CFR 239.15A and 274.11A) in interactive data format and to post it on their Web sites, if any, in interactive data form. In addition, funds are required to submit an interactive data file to the Commission for any form of prospectus filed pursuant to rule 497(c) or (e) (17 CFR 230.497) under the Securities Act of 1933 (“Securities Act”) (15 U.S.C. 77a *et seq.*) that includes risk/return summary information that varies from the registration statement and to post the interactive data file on their Web sites, if any.

The title for the collection of information for submitting risk/return summary information in interactive data format is “Mutual Fund Interactive Data.” This collection of information relates to regulations and forms adopted under the Securities Act, the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*), and the Investment Company Act of 1940 (15 U.S.C. 80a–1 *et seq.*) that set forth disclosure requirements for funds and other issuers. The purpose of the Mutual Fund Interactive Data requirements is to make risk/return summary information easier for investors to analyze and to assist in automating regulatory filings and business information processing.

Funds are required to file an initial registration statement on Form N–1A and to update that registration statement

annually. The Commission estimates that each fund will submit one interactive data document as an exhibit to a registration statement or a post-effective amendment thereto on Form N–1A that includes or amends information provided in response to Items 2, 3 or 4 annually. In addition, based on a review by Commission staff of Mutual Fund Interactive Data submissions in calendar year 2013, the Commission estimates that 36% of funds will provide risk/return summary information as interactive data in additional filings submitted pursuant to rule 485(b) (17 CFR 230.485(b)) or rule 497 under the Securities Act annually.

The Commission estimates that the total annual hour burden associated with tagging risk/return summary information is approximately 11 hours. Based on estimates of 10,559 funds each submitting one interactive data document as an exhibit to a registration statement or post-effective amendment thereto and 3,801 funds submitting an additional interactive data document as an exhibit to a filing pursuant to rule 485(b) or rule 497, each incurring 11 hours per year on average, the Commission estimates that, in the aggregate, the tagging of risk/return summary information will result in approximately 157,960 annual burden hours. In addition, the Commission estimates that funds will require an average of approximately one burden hour to post interactive data to their Web sites. Based on estimates of 10,559 funds each posting one interactive data document as an exhibit to a registration statement or post-effective amendment thereto and 3,801 funds posting an additional interactive data document as an exhibit to a filing pursuant to rule 485(b) or rule 497, each incurring one burden hour per year on average, the Commission estimates that, in the aggregate, Mutual Fund Interactive Data Web site posting requirements will result in approximately 14,360 annual burden hours.

The Commission estimates that the average cost burden per fund is \$890 per year. Based on the estimate of 10,559 funds using software and/or consulting services at an annual cost of \$890, the Commission estimates that, in the aggregate, the total external costs to the industry will be approximately \$9.4 million.

Estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms.

The collection of information under the Mutual Fund Interactive Data

<sup>3</sup> In fact, some exchanges do not file any trading suspension reports in a given year.
