

To submit your comment online, go to <http://www.regulations.gov> and in the search box insert the docket numbers FMCSA-1998-4334; FMCSA-1999-5578; FMCSA-1999-5748; FMCSA-1999-6156; FMCSA-2000-7363; FMCSA-2001-10578; FMCSA-2003-15268; FMCSA-2003-15892; FMCSA-2005-22194; FMCSA-2005-22727; FMCSA-2007-0017; FMCSA-2007-27897; FMCSA-2009-0154; FMCSA-2009-0206; FMCSA-2009-0303; FMCSA-2011-0092; FMCSA-2011-0142; FMCSA-2011-0190; FMCSA-2011-0298; FMCSA-2011-0325; FMCSA-2013-0029; FMCSA-2013-0165; FMCSA-2-13-0166; FMCSA-2013-0167; FMCSA-2013-0168; FMCSA-2013-0169; FMCSA-2013-0170; FMCSA-2013-0174 and click the search button. When the new screen appears, click on the blue "Comment Now!" button on the right hand side of the page. On the new page, enter information required including the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope.

We will consider all comments and material received during the comment period and may change the decision based on your comments. FMCSA may issue a response at any time after the close of the comment period.

#### Viewing Comments and Documents

To view comments, as well as any documents mentioned in this preamble, go to <http://www.regulations.gov> and in the search box insert the docket number FMCSA-1998-4334; FMCSA-1999-5578; FMCSA-1999-5748; FMCSA-1999-6156; FMCSA-2000-7363; FMCSA-2001-10578; FMCSA-2003-15268; FMCSA-2003-15892; FMCSA-2005-22194; FMCSA-2005-22727; FMCSA-2007-0017; FMCSA-2007-27897; FMCSA-2009-0154; FMCSA-2009-0206; FMCSA-2009-0303; FMCSA-2011-0092; FMCSA-2011-0142; FMCSA-2011-0190; FMCSA-2011-0298; FMCSA-2011-0325; FMCSA-2013-0029; FMCSA-2013-0165; FMCSA-2-13-0166; FMCSA-2013-0167; FMCSA-2013-0168; FMCSA-2013-0169; FMCSA-2013-0170; FMCSA-2013-0174 and click "Search." Next, click "Open Docket Folder" and you will find all documents and related comments.

## DEPARTMENT OF TRANSPORTATION

### Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2015-0070]

#### Qualification of Drivers; Exemption Applications; Vision

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of final disposition.

**SUMMARY:** FMCSA announces its decision to exempt 36 individuals from the vision requirement in the Federal Motor Carrier Safety Regulations (FMCSRs). They are unable to meet the vision requirement in one eye for various reasons. The exemptions will enable these individuals to operate commercial motor vehicles (CMVs) in interstate commerce without meeting the prescribed vision requirement in one eye. The Agency has concluded that granting these exemptions will provide a level of safety that is equivalent to or greater than the level of safety maintained without the exemptions for these CMV drivers.

**DATES:** The exemptions were granted December 3, 2015. The exemptions expire on December 3, 2017.

**FOR FURTHER INFORMATION CONTACT:** Christine A. Hydock, Chief, Medical Programs Division, (202) 366-4001, [fmcsmadical@dot.gov](mailto:fmcsmadical@dot.gov), FMCSA, Department of Transportation, 1200 New Jersey Avenue SE., Room W64-113, Washington, DC 20590-0001. Office hours are 8:30 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays. If you have questions regarding viewing or submitting material to the docket, contact Docket Services, telephone (202) 366-9826.

#### SUPPLEMENTARY INFORMATION:

##### I. Electronic Access

You may see all the comments online through the Federal Document Management System (FDMS) at <http://www.regulations.gov>.

**Docket:** For access to the docket to read background documents or comments, go to <http://www.regulations.gov> and/or Room W12-140 on the ground level of the West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**Privacy Act:** In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to [www.regulations.gov](http://www.regulations.gov), as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at [www.dot.gov/privacy](http://www.dot.gov/privacy).

## II. Background

On November 2, 2015, FMCSA published a notice of receipt of exemption applications from certain individuals, and requested comments from the public (80 FR 67476). That notice listed 36 applicants' case histories. The 36 individuals applied for exemptions from the vision requirement in 49 CFR 391.41(b)(10), for drivers who operate CMVs in interstate commerce.

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption." The statute also allows the Agency to renew exemptions at the end of the 2-year period. Accordingly, FMCSA has evaluated the 36 applications on their merits and made a determination to grant exemptions to each of them.

## III. Vision and Driving Experience of the Applicants

The vision requirement in the FMCSRs provides:

A person is physically qualified to drive a commercial motor vehicle if that person has distant visual acuity of at least 20/40 (Snellen) in each eye without corrective lenses or visual acuity separately corrected to 20/40 (Snellen) or better with corrective lenses, distant binocular acuity of at least 20/40 (Snellen) in both eyes with or without corrective lenses, field of vision of at least 70° in the horizontal meridian in each eye, and the ability to recognize the colors of traffic signals and devices showing red, green, and amber (49 CFR 391.41(b)(10)).

FMCSA recognizes that some drivers do not meet the vision requirement but have adapted their driving to accommodate their vision limitation and demonstrated their ability to drive safely. The 36 exemption applicants listed in this notice are in this category. They are unable to meet the vision requirement in one eye for various reasons, including amblyopia, aniridia, anisotropic amblyopia, Best disease, branch retinal artery occlusion, chronic retinal detachment, complete loss of vision, corneal scar, fibrovascular

ingrowth, hypertropia, macular degeneration, macular edema, macular scar, partial coloboma, prosthetic eye, pseudophakia, refractive amblyopia, retinal detachment, retinal vein occlusion, strabismic amblyopia. In most cases, their eye conditions were not recently developed. Twenty-six of the applicants were either born with their vision impairments or have had them since childhood.

The 10 individuals that sustained their vision conditions as adults have had it for a range of 2 to 54 years.

Although each applicant has one eye which does not meet the vision requirement in 49 CFR 391.41(b)(10), each has at least 20/40 corrected vision in the other eye, and in a doctor's opinion, has sufficient vision to perform all the tasks necessary to operate a CMV. Doctors' opinions are supported by the applicants' possession of valid commercial driver's licenses (CDLs) or non-CDLs to operate CMVs. Before issuing CDLs, States subject drivers to knowledge and skills tests designed to evaluate their qualifications to operate a CMV.

All of these applicants satisfied the testing requirements for their State of residence. By meeting State licensing requirements, the applicants demonstrated their ability to operate a CMV, with their limited vision, to the satisfaction of the State.

While possessing a valid CDL or non-CDL, these 36 drivers have been authorized to drive a CMV in intrastate commerce, even though their vision disqualified them from driving in interstate commerce. They have driven CMVs with their limited vision in careers ranging for 3 to 54 years. In the past three years, 2 drivers were involved in crashes, and 3 drivers were convicted of moving violations in CMVs.

The qualifications, experience, and medical condition of each applicant were stated and discussed in detail in the November 2, 2015 notice (80 FR 67476).

#### IV. Basis for Exemption Determination

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the vision requirement in 49 CFR 391.41(b)(10) if the exemption is likely to achieve an equivalent or greater level of safety than would be achieved without the exemption. Without the exemption, applicants will continue to be restricted to intrastate driving. With the exemption, applicants can drive in interstate commerce. Thus, our analysis focuses on whether an equal or greater level of safety is likely to be achieved by permitting each of these drivers to drive in interstate commerce as opposed to

restricting him or her to driving in intrastate commerce.

To evaluate the effect of these exemptions on safety, FMCSA considered the medical reports about the applicants' vision as well as their driving records and experience with the vision deficiency.

To qualify for an exemption from the vision requirement, FMCSA requires a person to present verifiable evidence that he/she has driven a commercial vehicle safely with the vision deficiency for the past 3 years. Recent driving performance is especially important in evaluating future safety, according to several research studies designed to correlate past and future driving performance. Results of these studies support the principle that the best predictor of future performance by a driver is his/her past record of crashes and traffic violations. Copies of the studies may be found at Docket Number FMCSA-1998-3637.

FMCSA believes it can properly apply the principle to monocular drivers, because data from the Federal Highway Administration's (FHWA) former waiver study program clearly demonstrate the driving performance of experienced monocular drivers in the program is better than that of all CMV drivers collectively (See 61 FR 13338, 13345, March 26, 1996). The fact that experienced monocular drivers demonstrated safe driving records in the waiver program supports a conclusion that other monocular drivers, meeting the same qualifying conditions as those required by the waiver program, are also likely to have adapted to their vision deficiency and will continue to operate safely.

The first major research correlating past and future performance was done in England by Greenwood and Yule in 1920. Subsequent studies, building on that model, concluded that crash rates for the same individual exposed to certain risks for two different time periods vary only slightly (See Bates and Neyman, University of California Publications in Statistics, April 1952). Other studies demonstrated theories of predicting crash proneness from crash history coupled with other factors. These factors—such as age, sex, geographic location, mileage driven and conviction history—are used every day by insurance companies and motor vehicle bureaus to predict the probability of an individual experiencing future crashes (See Weber, Donald C., "Accident Rate Potential: An Application of Multiple Regression Analysis of a Poisson Process," Journal of American Statistical Association, June 1971). A 1964 California Driver

Record Study prepared by the California Department of Motor Vehicles concluded that the best overall crash predictor for both concurrent and nonconcurrent events is the number of single convictions. This study used 3 consecutive years of data, comparing the experiences of drivers in the first 2 years with their experiences in the final year.

Applying principles from these studies to the past 3-year record of the 36 applicants, 2 drivers were involved in crashes, and 3 drivers were convicted of moving violations in a CMV. All the applicants achieved a record of safety while driving with their vision impairment, demonstrating the likelihood that they have adapted their driving skills to accommodate their condition. As the applicants' ample driving histories with their vision deficiencies are good predictors of future performance, FMCSA concludes their ability to drive safely can be projected into the future.

We believe that the applicants' intrastate driving experience and history provide an adequate basis for predicting their ability to drive safely in interstate commerce. Intrastate driving, like interstate operations, involves substantial driving on highways on the interstate system and on other roads built to interstate standards. Moreover, driving in congested urban areas exposes the driver to more pedestrian and vehicular traffic than exists on interstate highways. Faster reaction to traffic and traffic signals is generally required because distances between them are more compact. These conditions tax visual capacity and driver response just as intensely as interstate driving conditions. The veteran drivers in this proceeding have operated CMVs safely under those conditions for at least 3 years, most for much longer. Their experience and driving records lead us to believe that each applicant is capable of operating in interstate commerce as safely as he/she has been performing in intrastate commerce. Consequently, FMCSA finds that exempting these applicants from the vision requirement in 49 CFR 391.41(b)(10) is likely to achieve a level of safety equal to that existing without the exemption. For this reason, the Agency is granting the exemptions for the 2-year period allowed by 49 U.S.C. 31136(e) and 31315 to the 36 applicants listed in the notice of November 2, 2015 (80 FR 67476).

We recognize that the vision of an applicant may change and affect his/her ability to operate a CMV as safely as in the past. As a condition of the exemption, therefore, FMCSA will impose requirements on the 36

individuals consistent with the grandfathering provisions applied to drivers who participated in the Agency's vision waiver program.

Those requirements are found at 49 CFR 391.64(b) and include the following: (1) That each individual be physically examined every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirement in 49 CFR 391.41(b)(10) and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file, or keep a copy in his/her driver's qualification file if he/she is self-employed. The driver must have a copy of the certification when driving, for presentation to a duly authorized Federal, State, or local enforcement official.

#### V. Discussion of Comments

FMCSA received no comments in this proceeding.

#### IV. Conclusion

Based upon its evaluation of the 36 exemption applications, FMCSA exempts the following drivers from the vision requirement in 49 CFR 391.41(b)(10), subject to the requirements cited above (49 CFR 391.64(b)):

Raymond H. Annis (CA)  
Joseph A. Basista (PA)  
James T. Bauer (PA)  
Duane W. Brzuchalski (AZ)  
John D. Burns, Jr. (NY)  
Stephen J. Calandrino (PA)  
Randall S. Canedy (PA)  
Rufus A. Dennis (TN)  
David Diamond (IL)  
David D. Frey (FL)  
Jason T. Glaude (ME)  
Patrick Griffin (OK)  
Roger J. Hansen (WI)  
Elvin M. Hursh (PA)  
Tommy R. Jefferies (FL)  
Jeffrey A. Keefer (OH)  
Dale R. Knuppel (CO)  
James J. Kopesky (WI)  
Richard W. Korthanke (KS)  
William E. Leimkuehler (CA)  
Michael R. Letson (MI)  
Jose A. Marco (TX)  
Cole W. McLaughlin (SD)  
Javier R. Morales (CA)  
Clarence L. Ogle (SD)  
Roy A. Quesada (PA)  
Rafael Quintero (TX)

Clark M. Robinson (SC)  
Donald L. Schoendienst (MO)  
Wesley C. Slattery (KS)  
James J. Slemmer, Jr. (PA)  
Jeffrey W. Smith (NC)  
Mark R. Stevens (IA)  
Kevin A. Szafranski (ND)  
Gerry W. Talbott (VA)  
Raymond W. Teemer (NJ)

In accordance with 49 U.S.C. 31136(e) and 31315, each exemption will be valid for 2 years unless revoked earlier by FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

If the exemption is still effective at the end of the 2-year period, the person may apply to FMCSA for a renewal under procedures in effect at that time.

Issued on: March 16, 2016.

## DEPARTMENT OF TRANSPORTATION

### Federal Transit Administration

[Docket No. FTA-2016-0005]

#### Notice of Proposed Buy America Waiver for Special Trackwork Turnout Switch Components

**AGENCY:** Federal Transit Administration, DOT.

**ACTION:** Notice of Proposed Buy America waiver and request for comment.

**SUMMARY:** The Federal Transit Administration (FTA) received a request from the Detroit Transportation Corporation (DTC) for a Buy America non-availability waiver for the procurement of two special trackwork turnout switch components (switch). The existing switches were installed as original equipment in 1987 and designed to European standards, using AREMA 115RE rail throughout the turnout with a special 60E1A1 switch point section. The proper operation of the switch is essential for the continued, safe operations of DTC vehicles. DTC seeks a waiver for the switch because there are no domestic manufacturers of the switch. In addition, European design and the proprietary nature of the equipment means that alternative proposers would need to first familiarize themselves with European

standards, design, construction, and installation procedures to provide a replacement switch. DTC issued two requests for proposals (RFPs) for procurement of the switch, and received only one proposal, which was not Buy America-complaint. 49 U.S.C. 5323(j)(2) and 49 CFR 661.7(c)(2). In accordance with 49 U.S.C. 5323(j)(3)(A), FTA is providing notice of the non-availability waiver request and seeks public comment before deciding whether to grant the request. If granted, the waiver would apply for the switch identified in the waiver request.

**DATES:** Comments must be received by March 29, 2016. Late-filed comments will be considered to the extent practicable.

**ADDRESSES:** Please submit your comments by one of the following means, identifying your submissions by docket number FTA-2016-0005:

1. *Web site:* <http://www.regulations.gov>. Follow the instructions for submitting comments on the U.S. Government electronic docket site.
2. *Fax:* (202) 493-2251.
3. *Mail:* U.S. Department of Transportation, 1200 New Jersey Avenue SE., Docket Operations, M-30, West Building, Ground Floor, Room W12-140, Washington, DC 20590-0001.
4. *Hand Delivery:* U.S. Department of Transportation, 1200 New Jersey Avenue SE., Docket Operations, M-30, West Building, Ground Floor, Room W12-140, Washington, DC 20590-0001 between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**Instructions:** All submissions must make reference to the "Federal Transit Administration" and include docket number FTA-2016-0005. Due to the security procedures in effect since October 2011, mail received through the U.S. Postal Service may be subject to delays. Parties making submissions responsive to this notice should consider using an express mail firm to ensure the prompt filing of any submissions not filed electronically or by hand. Note that all submissions received, including any personal information therein, will be posted without change or alteration to <http://www.regulations.gov>. For more information, you may review DOT's complete Privacy Act Statement in the **Federal Register** published April 11, 2000 (65 FR 19477), or you may visit <http://www.regulations.gov>.

**FOR FURTHER INFORMATION CONTACT:** Laura Ames, FTA Attorney-Advisor, at (202) 366-2743 or [Laura.Ames@dot.gov](mailto:Laura.Ames@dot.gov).

**SUPPLEMENTARY INFORMATION:** The purpose of this notice is to provide
