

dealers'. . . ."¹² Although the court and the SEC were discussing the cash equities markets, the Exchange believes that these views apply with equal force to the options markets.

The proposed rule change to add IM-7023-1 and the other IMs to the rule book will, in large part, include guidance regarding: (i) Devices (or servers) used in the transportation, dissemination or aggregation of data and ways to count such devices; (ii) examples and details of what constitutes fee-liable Non-Display Usage; (iii) examples and details of what Non-Display Usage does not include; and (iv) examples of how to report Non-Display Usage.

The Exchange believes that the proposed rule change is reasonable because it does not change any of the current practices or any dues, fees and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls. Rather, it adds transparency for market participants and provides for the equitable treatment for distributors through making all such U.S. non-display policies easily available and accessible to all distributors on an equal basis.

In sum, the Exchange believes that the proposed rule change will provide transparency, clarity, and eliminate potential confusion that may exist for distributors and market participants regarding Non-Display Usage and, thereby, will promote just and equitable principles of trade.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose a burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule change will provide market participants guidance and greater clarity in making fee-liable Non-Display Usage determinations and, as a result, will serve to enhance competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹³ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
