E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves establishing a security zone and maybe categorically excluded from further review under paragraph 34(g) of Figure 2–1 of Commandant Instruction M16475.ID. A preliminary environmental analysis checklist supporting this is available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

SUPPLEMENTARY INFORMATION: The purpose of this proposed rule is to update 48 CFR part 609, subpart 609.4, Debarment, Suspension, and Ineligibility and part 649, Termination of Contracts. Primarily, this update simplifies the procedural aspects of the suspension and debarment process, by simplifying the fact-finding process, wherein a single fact-finding official may be used in lieu of a fact-finding panel. Specifically, the proposed rule would:

- Make an editorial change to section 609.405-1.
- Redesignate section 609.405-70 as section 649.101-70.

- Revise paragraphs 609.406-3(b)(3)-(7) to simplify the fact-finding process, wherein a single fact-finding official may be used in lieu of a fact-finding panel and to eliminate specific entitlements and deadlines not required by the FAR.

- Amend section 609.406-3(d) and 609.407-3(d) to remove “and to the General Services Administration in accordance with 609.404.”

- Amend section 609.407-3(b)(2) to change “panel” to “official.”

Regulatory Findings

Administrative Procedure Act

In accordance with the provisions of the Administrative Procedure Act governing rules promulgated by federal agencies that affect the public (5 U.S.C. 552 and 553), the Department is publishing this proposed rule and inviting public comment.

Regulatory Flexibility Act

The Department of State, in accordance with the Regulatory Flexibility Act (5 U.S.C. 605(b)), has reviewed this regulation and, by approving it, certifies that this rule will not have a significant economic impact on a substantial number of small entities. This determination was based on the fact that the changes proposed in this update have no impact on small businesses. The number of small businesses considered for suspension or debarment will not grow or shrink as a result of the proposed changes. The Department analyzed the suspension/debarment actions that occurred in FY14 and no small businesses were impacted.

Unfunded Mandates Act of 1995

This proposed rule will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any year and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Act of 1995.

Small Business Regulatory Enforcement Fairness Act of 1996

This proposed rule is not a major rule as defined by the Small Business Regulatory Enforcement Act of 1996 (5 U.S.C. 801 *et seq.*). This proposed rule will not result in an annual effect on the economy of \$100 million or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign-

based companies in domestic and import markets. This determination was based on the fact that the proposed changes are intended to simplify the procedural aspects of the suspension and debarment process. The proposed rule does not place new requirements on contract performance. The proposed rule does not have a significant cost or administrative impact on offerors or contractors.

Executive Orders 12866 and 13563

Executive Orders (E.O.) 12866 and 13563 direct agencies to assess costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts and equity). E.O. 13563 emphasized the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. The Department of State does not consider this proposed rule to be an “economically significant regulatory action” under Executive Order 12866.

In addition, the Department is exempt from Executive Order 12866 except to the extent that it is promulgating regulations in conjunction with a domestic agency that are significant regulatory actions. The Department has nevertheless reviewed the regulation to ensure its consistency with the regulatory philosophy and principles set forth in the Executive Orders and finds that the benefits of updating this rule outweigh any costs, which the Department assesses to be minimal.

Executive Order 13132

This proposed rule will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with section 6 of Executive Order 13132, it is determined that this proposed rule does not have sufficient federalism implications to require consultations or warrant the preparation of a federalism summary impact statement.

Executive Order 13175

The Department has determined that this proposed rulemaking will not have tribal implications, will not impose substantial direct compliance costs on Indian tribal governments, and will not pre-empt tribal law. Accordingly, the requirements of Executive Order 13175

do not apply to this proposed rulemaking.

Paperwork Reduction Act

The proposed rule imposes no new or revised information collections under the Paperwork Reduction Act of 1980 (44 U.S.C. Chapter 35).
