American Indians Into Nursing; Nursing Program

Announcement Type: New and Competing Continuation Limited Competition.

Funding Announcement Number: HHS-2016-IHS-NU-0001.

Catalog of Federal Domestic Assistance Number: 93.970.

Key Dates

Application Deadline Date: June 1, 2016.

Review Date: June 15, 2016.

Earliest Anticipated Start Date: August 1, 2016.

I. Funding Opportunity Description

Statutory Authority

The Indian Health Service (IHS) is accepting competitive cooperative agreement applications for American

Indians into Nursing. This program is authorized under section 1616e of the Indian Health Care Improvement Act, Public Law 94-437, as amended (IHCA). This program is described in the Catalog of Federal Domestic Assistance (CFDA) under 93.970.

Background

The IHS, an agency within the Department of Health and Human Services (HHS), is responsible for providing Federal health services to American Indians and Alaska Natives (AI/AN). The mission of the IHS is to raise the physical, mental, social, and spiritual health of AI/AN. The IHCA authorizes the IHS to provide grants and cooperative agreements to colleges, universities, and other entities to develop and maintain nursing education programs and recruit individuals to become registered nurses, certified nurse midwives, and nurse practitioners who will provide services to AI/AN people. The programs administered are designed to attract and recruit qualified AI/AN individuals into nursing and advance practice nursing professions. The American Indians into Nursing program cooperative agreements or grant is used by the educational institution to provide IHS scholarships to students enrolled in nursing education programs.

Purpose

The purpose of this IHS cooperative agreement is to recruit, retain, graduate and increase the number of registered nurses, certified nurse midwives and nurse practitioners who deliver health care services to AI/AN communities. The primary objectives of this cooperative agreement grant award are to: (1) Recruit and train AI/AN individuals to be registered nurses; (2) facilitate associate degree registered nurses becoming baccalaureate prepared registered nurses; (3) provide a program that prepares practicing registered nurses for advance nursing education; (4) provide a program that encourages registered nurses and advance practice nurses to provide or continue to provide, health care services to AI/NA communities; and (5) provide scholarships to individuals that will cover tuition, books, fees, room and board, stipend for living expenses, or other expenses incurred in connection with nursing or advance practice nursing programs.

The funding opportunity announcement solicits applications that provide a preference to AI/AN students and a curriculum with a rural health and public health focus.

Limited Competition Justification

The limitation is based on IHS geographically high need areas: Navajo Area (NM, AZ) Billings Area (MT, WY), Great Plains Area (SD, ND, NE., IA), Albuquerque Area (CO, NM NV), and Phoenix Area (NV, UT, AZ). Historically and currently, these IHS areas have a high need for both registered nurses and advance practice nurses. These IHS areas are designated by the Health Resource and Service Administration (HRSA) as Health Professions Shortage Areas (HPSA). Additionally, many of these states have American Indian Serving Institutions (Tribal colleges and universities) that feed into universities with nursing programs.
