Proposal to Approve Under OMB Delegated Authority the Extension for Three Years, Without Revision, of the Following Report

Report title: Recordkeeping Requirements Associated with the Interagency Statement on Complex Structured Finance Activities.

Agency form number: FR 4022.

OMB control number: 7100-0311.

Frequency: Annual.

Reporters: State member banks, bank holding companies, and U.S. branches and agencies of foreign banks.

Estimated annual reporting hours: 180 hours.

Estimated average hours per response: 10 hours.

Number of respondents: 18 respondents.

General description of report:

Sections 11(a), 11(i), 21, and 25 of the Federal Reserve Act (12 U.S.C. 248(a), 248(i), 483, and 602) authorize the Board to issue the information collection and recordkeeping guidance associated with the Interagency Statement. In addition, section 5(c) of the Bank Holding Company Act (12 U.S.C. 1844(c)), section 10(b) of the Home Owners' Loan Act (12 U.S.C. 1467a (b)(2)), and section 13(a) of the International Banking Act (12 U.S.C. 3108(a)) provide further authority for the Board to issue such rules and guidance. As a guidance document, the Interagency Statement is voluntary, although conformance with the guidance may be the subject of review during examinations of institutions

engaged in CSFTs. No information is collected by the Board in connection with the Interagency Statement, so the issue of confidentiality does not ordinarily arise. Should an institution's policies or procedures adopted pursuant to the Interagency Statement be retained as part of the record of an institution's examination, the records would be exempt from disclosure under exemption (b)(8) of the Freedom of Information Act, 5 U.S.C. 552(b)(8).

Abstract: The guidance provides that state member banks, bank holding companies, and U.S. branches and agencies of foreign banks supervised by the Federal Reserve should establish and maintain policies and procedures for identifying, evaluating, assessing, documenting, and controlling risks associated with certain complex structured finance transactions (CSFTs).

A financial institution engaged in CSFTs should maintain a set of formal, firm-wide policies and procedures that are designed to allow the institution to identify, evaluate, assess, document, and control the full range of credit, market, operational, legal, and reputational risks associated with these transactions. These policies may be developed specifically for CSFTs or included in the set of broader policies governing the institution generally. A financial institution operating in foreign jurisdictions may tailor its policies and procedures as appropriate to account for, and comply with, the applicable laws, regulations, and standards of those jurisdictions.

A financial institution's policies and procedures should establish a clear framework for the review and approval of individual CSFTs. These policies and procedures should set forth the responsibilities of the personnel involved in the origination, structuring, trading, review, approval, documentation, verification, and execution of CSFTs. A financial institution should define what constitutes a new complex structured finance product and establish a control process for the approval of such new product. An institution's policies also should provide for new complex structured finance products to receive the approval of all relevant control areas that are independent of the profit center before the products are offered to customers.

Current Actions: The Federal Reserve proposes to extend, without revision, the FR 4022 information collection.

Board of Governors of the Federal Reserve System, March 30, 2016.

Robert deV. Frierson,
Secretary of the Board.
