##### Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a CVD investigation within 65 days after the date on which the Department initiated the investigation. However, if the petitioner makes a timely request for a postponement, section 703(c)(1)(A) of the Act allows the Department to postpone making the preliminary determination until no later than 130 days after the date on which the Department initiated the investigation.

On February 12, 2016, the petitioners<sup>2</sup> submitted timely requests pursuant to section 703(c)(1)(A) of the Act and 19 CFR 351.205(e) to postpone the preliminary determinations.<sup>3</sup> For the reasons stated above and because there are no compelling reasons to deny the requests, the Department, in accordance with section 703(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations to no later than 130 days after the day on which the investigations were initiated. #### **Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Final Results of the Changed Circumstances Review**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On October 21, 2015, the Department of Commerce (the "Department") published a notice of preliminary results of a changed circumstance review ("CCR") of the antidumping duty ("AD") order on crystalline silicon photovoltaic cells, whether or not assembled into modules ("solar cells"), from the People's Republic of China ("PRC").<sup>1</sup> Based on our analysis of the comments from interested parties, we continue to find that Neo Solar Power Corporation ("Neo Solar") is not the successor-in-interest to DelSolar Co., Ltd. ("DelSolar Taiwan") for purposes of determining AD liability in this proceeding for these final results and, as such, is subject to the PRC-wide entity cash deposit rate with respect to entries of subject merchandise.

**DATES:** *Effective:* February 25, 2016.

**FOR FURTHER INFORMATION CONTACT:** Erin Kearney, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0167.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

The Department initiated this CCR on March 18, 2015, and published the *Preliminary Results* on October 21, 2015.<sup>2</sup> For a description of events that have occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>3</sup> The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS"). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

As explained in the memorandum from the Acting Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll all administrative deadlines due to the recent closure of the Federal Government. All deadlines in this segment of the proceeding have been extended by four business days. The revised deadline for the final results of this review is now February 18, 2016.<sup>4</sup>

##### **Scope of the Order**

The merchandise covered by this order is crystalline silicon photovoltaic

cells, and modules, laminates, and panels, consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including, but not limited to, modules, laminates, panels and building integrated materials. Merchandise covered by this order is currently classified in the Harmonized Tariff System of the United States ("HTSUS") under subheadings 8501.61.0000, 8507.20.80, 8541.40.6020, 8541.40.6030, and 8501.31.8000. These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of this order is dispositive. A complete description of the scope of the order is contained in the Issues and Decision Memorandum.<sup>5</sup>

##### **Analysis of Comments Received**

All issues raised by interested parties in the case briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is appended to this notice.

##### **Final Results of the Changed Circumstances Review**

Upon review of the comments received, the Department continues to find based upon the totality of the circumstances that material changes occurred after DelSolar Taiwan merged with, and became part of, Neo Solar, including significant changes in management, the board of directors, and ownership and, further, that Neo Solar did not demonstrate that its operations, with respect to the subject merchandise, were materially similar to the operations of DelSolar Taiwan pertaining to supplier relationships and customer base, as discussed in the *Preliminary Results* and the Issues and Decision Memorandum. Therefore, in these final results, the Department continues to find that Neo Solar is not the successor-in-interest to DelSolar Taiwan for purposes of antidumping duty liability in this proceeding.

##### **Instructions to U.S. Customs and Border Protection**

As a result of this determination, the Department finds that Neo Solar is subject to the cash deposit rate currently assigned to the PRC-wide entity with respect to the subject merchandise (*i.e.*,
