

proposal in the final EIS, it is important that the Commission receive your comments on or before April 11, 2016.

For your convenience, there are four methods you can use to submit your comments to the Commission. The Commission will provide equal consideration to all comments received, whether filed in written form or provided verbally. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502-8258 or efiling@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's Web site (www.ferc.gov) under the link to Documents and Filings. This is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the eFiling feature on the Commission's Web site (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." If you are filing a comment on a particular project, please select "Comment on a Filing" as the filing type; or

(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the applicable project docket number (CP15-93-000, CP15-94-000, or CP15-96-000) with your submission:

Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

(4) In lieu of sending written or electronic comments, the Commission invites you to attend one of the public comment meetings its staff will conduct in the Project area to receive comments on the draft EIS. The date, time, and location of the public comment meetings will be published in a separate Notice and will be mailed to all those receiving the draft EIS and posted on the FERC Web site (www.ferc.gov). The meetings will be recorded by a court reporter to ensure comments are accurately recorded. Transcripts will be placed into the formal record of the Commission proceeding and available for public review.

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and

Procedures (18 CFR part 385.214).² Only intervenors have the right to seek rehearing of the Commission's decision. The Commission grants affected landowners and others with environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered.

Questions?

Additional information about the project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC Web site (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on "General Search," and enter the docket number excluding the last three digits in the Docket Number field (*i.e.*, CP15-93, CP15-94, or CP15-96). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676; for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription that allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

[Project No. 1 4751-001]

Alpine Pacific Utilities, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On January 22, 2016, Alpine Pacific Utilities, LLC filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Fresno Dam Site Water Power Project (Fresno Dam Project or project) to be located in Hill County, Montana near the town of Kremlin at the existing Bureau of Reclamation Fresno Dam located on the Milk River. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would utilize the existing outlet structure on Fresno Dam. The proposed project would consist of the following new facilities: (1) A 48-inch-diameter, 100-foot-long bifurcated penstock leading from the existing outlet works; (2) a powerhouse containing two turbines/generating units with a combined installed capacity of 1.348 megawatts; (3) a tailrace discharging flows into the existing dam spillway; (4) a transformer in a 25-square-foot switchyard; (5) an approximately 1-mile-long, 12.74-kilovolt overhead transmission line connecting to existing Hill County Electric and Northwest Electric transmission systems; and (6) appurtenant facilities. The proposed project would have an average annual generation of 4,700 megawatt-hours.

Applicant Contact: Justin D. Ahmann, Alpine Pacific Utilities, LLC, 111 Legend Trail, Kalispell, MT 59901.

FERC Contact: Ryan Hansen, phone: (202) 502-8074, or email ryan.hansen@ferc.gov.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 Days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission strongly encourages electronic filing. Please file comments,
