

generators and the necessary electrical transmission facilities (*i.e.* underwater and underground cable) to connect to the Central Maine Power distribution line located in Port Clyde within the town of St. George, Maine. Additional project activities and/or potential impacts from the proposed project would occur in or near Hampden, Searsport, Monhegan Island, Port Clyde and Pemaquid, Maine. The operation, maintenance and eventual decommissioning of the proposed project are considered connected actions under the Council on Environmental Quality's *Regulations for Implementing the Procedural Provisions of the National Environmental Policy Act* and will be analyzed in this Environmental Assessment (EA) as part of the proposed action.

Pursuant to the requirements of the National Environmental Policy Act (NEPA), DOE is preparing an EA to identify and analyze potential impacts to the human environment that may occur if DOE authorizes the expenditure of federal funding in support of New England Aqua Ventus I. DOE is requesting public input on the scope of the EA for New England Aqua Ventus I.

The notice of public scoping for the EA, a description of the proposed project, and additional meeting information, including inclement weather delays or postponements, are posted at: www.energy.gov/node/2053718.

[Docket No. RM98-1-000]

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file

associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for electronic review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document.
