DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. EL17–50–000]

Handsome Lake Energy, LLC; Notice of Institution of Section 206 Proceeding and Refund Effective Date

On March 21, 2017, a letter order was issued in Docket No. EL17–50–000 by the Director, Division of Electric Power—East, Office of Energy Market Regulation, pursuant to section 206 of the Federal Power Act (FPA), 16 U.S.C. 824e (2012), instituting an investigation into whether the proposed rate decrease of Handsome Lake Energy, LLC may be unjust, unreasonable, unduly discriminatory or preferential. *Handsome Lake Energy, LLC*, 158 FERC 62,218 (2017).

The refund effective date in Docket No. EL17–50–000, established pursuant to section 206(b) of the FPA, will be the date of publication of this notice in the **Federal Register**.

Any interested person desiring to be heard in Docket No. EL17–50–000 must file a notice of intervention or motion to intervene, as appropriate, with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rule 214 of the Commission’s Rules of Practice and Procedure, 18 CFR 385.214, within 21 days of the date of issuance of the order.

Dated: April 4, 2017.

Kimberly D. Bose,

Secretary.

[Docket No. NJ17–11–000]

Oncor Electric Delivery Company LLC; Notice of Filing

Take notice that on April 3, 2017, Oncor Electric Delivery Company LLC submitted its tariff filing: Oncor TFO Tariff Rate Changes, to be effective 3/27/2017.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the “eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the “eLibrary” link and is available for review in the Commission’s Public Reference Room in Washington, DC. DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. IC17–3–000]

Commission Information Collection Activities (FERC–603); Comment Request

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Comment request.

SUMMARY: The Federal Energy Regulatory Commission (Commission or FERC) previously issued a 60-day Notice in the **Federal Register** requesting public comments on FERC–603 (Critical Energy/Electric Infrastructure Information (CEII) Request). The Commission received no comments.

In compliance with the requirements of the Paperwork Reduction Act of 1995, the Commission is submitting the FERC–603 to the Office of Management and Budget (OMB) for review of the information collection requirements. Any interested person may file comments directly with OMB and should address a copy of those comments to the Commission as explained below.

DATES: Comments on the FERC–603 are due by May 10, 2017.

ADDRESSES: Comments filed with OMB, identified by the OMB Control No. 1902–0197 should be sent via email to the Office of Information and Regulatory Affairs: oir_submission@omb.gov, Attention: Federal Energy Regulatory Commission Desk Officer.

A copy of the comments should also be sent to the Commission, in Docket No. IC17–3–000, by either of the following methods:

- *eFiling at Commission’s Web site:* <http://www.ferc.gov/docs-filing/efiling.asp>

- *Mail/Hand Delivery/Courier:* Federal Energy Regulatory Commission, Secretary of the Commission, 888 First Street NE., Washington, DC 20426.

Instructions: All submissions must be formatted and filed in accordance with submission guidelines at: <http://www.ferc.gov/help/submission-guide.asp>. For user assistance, contact FERC Online Support by email at ferconlinesupport@ferc.gov, or by phone at: (866) 208–3676 (toll-free), or (202) 502–8659 for TTY.

Docket: Users interested in receiving automatic notification of activity in this docket or in viewing/downloading comments and issuances in this docket may do so at <http://www.ferc.gov/docs-filing/docs-filing.asp>.

FOR FURTHER INFORMATION CONTACT:

Ellen Brown may be reached by email at DataClearance@FERC.gov, by telephone at (202) 502-8663, and by fax at (202) 273-0873.

SUPPLEMENTARY INFORMATION:

Title: FERC-603, Critical Energy/Electric Infrastructure Information (CEII) Request.

OMB Control No.: 1902-0197.

Type of Request: Three-year extension of the information collection requirements for FERC-603, with no changes to the current reporting requirements.¹ Clarifications and an administrative update, as discussed below, will be included.

Abstract: This collection is used by the Commission to implement procedures for individuals with a valid or legitimate need requesting access to Critical Energy/Electric Infrastructure Information (CEII), which is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552), subject to a non-disclosure agreement.

On February, 21, 2003, the Commission issued Order No. 630 (66 FR 52917) to address the appropriate

treatment of Critical Energy Infrastructure Information in the aftermath of the September 11, 2001 terrorist attacks. Given that such information would typically be exempt from mandatory disclosure pursuant to the Freedom of Information Act, the Commission determined that it was important to have a process for individuals with a valid and legitimate need to access certain critical infrastructure information. As such, the Commission's Critical Energy Infrastructure Information process was designed to limit the distribution of critical infrastructure information to those individuals with a need to know in order to avoid having sensitive information fall into the hands of those who may use it to attack the Nation's infrastructure.² This collection was prepared as part of the implementation of the Critical Energy Infrastructure Information request process.

On December 4, 2015, President Obama signed the Fixing America's Surface Transportation Act (FAST Act) into law, which directed the Commission to issue regulations aimed at securing and sharing critical infrastructure information.³ On November 17, 2016, in Order No. 833 (in Docket No. RM16-15), the Commission adopted a Final Rule implementing the FAST Act by

amending its regulations that pertain to the designation, protection, and sharing of Critical Energy/Electric Infrastructure Information (CEII). The Final Rule became effective on February 21, 2017.⁴

FERC-603, Critical Energy/Electric Infrastructure Information (CEII) request form is largely unchanged from the previously approved version. As in the previous version, a person seeking access to CEII must file a request for that information by providing information about their identity and the reason the individual needs the information. With that information, the Commission is able to assess the requester's need for the information against the sensitivity of the information. The form will be updated to refer to CEII as Critical Energy/Electric Infrastructure Information as opposed to Critical Energy Infrastructure Information.⁵ The form will also be updated to provide clarification about the statement of need that CEII requesters must provide by referring individuals to the regulations.⁶ Compliance with these requirements is mandatory. A sample updated CEII request form is attached to this notice.

Type of Respondent: Persons seeking access to CEII.

*Estimate of Annual Burden:*⁷ The Commission estimates the total annual burden and cost⁸ for this information collection as follows.

FERC-603: CRITICAL ENERGY/ELECTRIC INFRASTRUCTURE INFORMATION REQUEST

Number of respondents	Annual number of responses per respondent	Total number of responses	Average burden and cost per response	Total annual burden hours & total annual cost	Cost per respondent (\$)
(1)	(2)	(1)*(2)=(3)	(4)	(3)*(4)=(5)	(5)÷(1)
200	1	200	0.3 hrs. (rounded); \$22.35.	60 hrs. (rounded); \$4,470	\$22.35

Comments: Comments are invited on:
(1) Whether the collection of

information is necessary for the proper performance of the functions of the

Commission, including whether the information will have practical utility;

¹ The Commission previously issued a 60-day Notice in the **Federal Register** (82 FR 8735, 1/30/2017) requesting public comments on FERC-603. The Commission received no comments.

² The Commission defined Critical Energy Infrastructure Information to include information about "existing or proposed critical infrastructure that: (i) Relates to the production, generation, transportation, transmission, or distribution of energy; (ii) could be useful to a person planning an attack on critical infrastructure; (iii) is exempt from mandatory disclosure under the Freedom of Information Act, and (iv) does not simply give the location of the critical infrastructure. Critical infrastructure means existing and proposed systems and assets, whether physical or virtual, the incapacity or destruction of which would negatively affect security, economic security, public health or safety, or any combination of those matters.

³ Fixing America's Surface Transportation Act, Pub. L. 114-94, 61,003, 129 Stat. 1312, 1773-1779

(2015) (to be codified at 16 U.S.C. 824 *et seq.*) (FAST Act).

⁴ The sample CEII Request Form will be posted with this Notice in Docket No. IC17-3 in eLibrary, but it will not be published in the **Federal Register**.

⁵ Section 215A(a)(3) of the FAST Act defined Critical Electric Infrastructure Information to include information that qualifies as critical energy infrastructure information under the Commission's regulations. The Commission therefore defined the term "Critical Electric Infrastructure Information" to include "Critical Energy Infrastructure Information" as defined under the Commission's existing regulations and determined to refer to both types of information, collectively, as CEII.

⁶ Specifically, 18 CFR 388.113(g)(5)(i)(b) states that a Statement of Need must include: The extent to which a particular function is dependent upon access to the information; why the function cannot be achieved or performed without access to the information; an explanation of whether other

information is available to the requester that could facilitate the same objective; how long the information will be needed; whether or not the information is needed to participate in a specific proceeding (with that proceeding identified); and an explanation of whether the information is needed expeditiously.

⁷ "Burden" is the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to Title 5 Code of Federal Regulations 1320.3.

⁸ The Commission staff thinks that the average respondent for this collection is similarly situated to the Commission, in terms of salary plus benefits. Based upon FERC's 2016 annual average of \$154,647 (for salary plus benefits), the average hourly cost is \$74.50/hour.

(2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Dated: April 4, 2017.

Kimberly D. Bose,
Secretary.
