(2) *Title of the Form/Collection:* Refugee/Asylee Relative Petition.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* I–730; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract: Primary:* Individuals or households. Form I–730 is used by a refugee or asylee to file on behalf of his or her spouse and/or children for follow-to-join benefits provided that the relationship to the refugee/asylee existed prior to their admission to the United States.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection I–730 is 6,039 and the estimated hour burden per response is .667 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The estimated total number of respondents for the information collection I–730 is 6,039 and the estimated hour burden per response is .667 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is $739,778.

Endangered and Threatened Wildlife and Plants; Initiation of 5-Year Status Reviews for 138 Species in Hawaii, Oregon, Washington, and California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of initiation of reviews; request for information.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), are initiating 5-year status reviews for 138 species in Hawaii, Oregon, Washington, and California under the Endangered Species Act of 1973, as amended (Act). A 5-year status review is based on the best scientific and commercial data available at the time of the review; therefore, we are requesting submission of any new information on these species that has become available since the last review.

DATES: To ensure consideration in our reviews, we are requesting submission of new information no later than June 19, 2017. However, we will continue to accept new information about any listed species at any time.

ADDRESSES: Submit information on any of the 133 species in Hawaii (see table under What Species Are Under Review?) via U.S. mail to: Field Supervisor; Attention: 5-Year Review; U.S. Fish and Wildlife Service; Pacific Islands Fish and Wildlife Office; 300 Ala Moana Blvd., Room 3–122, Honolulu, HI 96850.

For the marbled murrelet, submit information via U.S. mail to: Field Supervisor; Attention: 5-Year Review; U.S. Fish and Wildlife Service; Washington Fish and Wildlife Office; 510 Desmond Dr. SE., Suite 102, Lacey, WA 98503, or by email to *mamu5yrreview@fws.gov.*

For the Oregon silverspot butterfly, Malheur wire-lettuce, large-flowered woolly meadowfoam, and Cook's lomatium, submit information via U.S. mail to: Field Supervisor; Attention: 5-Year Review; U.S. Fish and Wildlife Service; Oregon Fish and Wildlife Office; 2600 SE 98th Ave., Suite 100; Portland, OR 97266.

FOR FURTHER INFORMATION CONTACT: Gregory Koob, U.S. Fish and Wildlife Service, Pacific Islands Fish and Wildlife Office (see **ADDRESSES**), 808–792–9400 (for species in Hawaii); Deanna Lynch, U.S. Fish and Wildlife Service, Washington Fish and Wildlife Office, 360–753–9440 (for marbled murrelet); or Michele Zwartjes, U.S. Fish and Wildlife Service, Oregon Fish and Wildlife Office, 503–231–6179 (for Oregon silverspot butterfly, Malheur wire-lettuce, large-flowered woolly meadowfoam, and Cook's lomatium). Individuals who are hearing impaired or speech impaired may call the Federal Relay Service at 800–877–8339 for TTY assistance.

SUPPLEMENTARY INFORMATION:

Why do we conduct 5-year reviews?

Under the Act (16 U.S.C. 1531 *et seq.*), we maintain Lists of Endangered and Threatened Wildlife and Plants (which we collectively refer to as the List) in the Code of Federal Regulations (CFR) at 50 CFR 17.11 (for animals) and 17.12 (for plants). Section 4(c)(2) of the Act requires us to review each listed species' status at least once every 5 years. For additional information about 5-year reviews, go to *http://www.fws.gov/endangered/what-we-do/recovery-overview.html,* scroll down to ''Learn More about 5-Year Reviews,'' and click on the ''5-Year Reviews'' link.

What information do we consider in the review?

A 5-year review considers all new information available at the time of the review. In conducting these reviews, we consider the best scientific and commercial data that has become available since the listing determination or most recent status review, such as:

(A) Species biology, including but not limited to population trends, distribution, abundance, demographics, and genetics;

(B) Habitat conditions, including but not limited to amount, distribution, and suitability;

(C) Conservation measures that have been implemented that benefit the species;

(D) Threat status and trends in relation to the five listing factors (as defined in section 4(a)(1) of the Act); and

(E) Other new information, data, or corrections, including but not limited to taxonomic or nomenclatural changes, identification of erroneous information contained in the List, and improved analytical methods.

Any new information will be considered during the 5-year review and will also be useful in evaluating the ongoing recovery programs for these species.

What species are under review?

This notice announces our active review of the 138 species listed in the table below.

Request for New Information

To ensure that a 5-year review is complete and based on the best available scientific and commercial information, we request new information from all sources. See What Information Do We Consider in Our Review? for specific criteria. If you submit information, please support it with documentation such as maps, bibliographic references, methods used to gather and analyze the data, and/or copies of any pertinent publications, reports, or letters by knowledgeable sources.

If you wish to provide information for any species listed above, please submit your comments and materials to the appropriate contact in the Pacific Islands Fish and Wildlife Office, Oregon Fish and Wildlife Office, or Washington Fish and Wildlife Office (see **ADDRESSES**).

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments and materials received will be available for public inspection, by appointment, during normal business hours at the offices where the comments are submitted.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–1314 (Final)]

Phosphor Copper From Korea

Determination

On the basis of the record [1] developed in the subject investigation, the United States International Trade Commission (''Commission'') determines, pursuant to the Tariff Act of 1930 (''the Act''), that an industry in the United States is materially injured by reason of imports of phosphor copper from Korea, provided for in subheading 7405.00.10 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (''Commerce'') to be sold in the United States at less than fair value (''LTFV'').

Background

The Commission, pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)), instituted this investigation effective March 9, 2016, following receipt of a petition filed with the Commission and Commerce by Metallurgical Products Company, West Chester, Pennsylvania. The Commission scheduled the final phase of the investigation following notification of a preliminary determination by Commerce that imports of phosphor copper from Korea were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of November 9, 2016 (*81 FR 78852*). The hearing was held in Washington, DC, on February 28, 2017, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made this determination pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)). It completed and filed its determination in this investigation on April 17, 2017. The views of the Commission are contained in USITC Publication 4681 (April 2017), entitled *Phosphor Copper from Korea: Investigation No. 731–TA–1314 (Final).*

By order of the Commission.

Issued: April 17, 2017.

Lisa R. Barton,

Secretary to the Commission.
