SUPPLEMENTARY INFORMATION:*Title:* Importation of Potatoes From Mexico.*OMB Control Number:* 0579–0413.*Type of Request:* Revision to and extension of approval of an information collection.

Abstract: The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. Regulations authorized by the PPA concerning the importation of fruits and vegetables into the United States from certain parts of the world are contained in “Subpart—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–76).

Section 319.56–66 of the regulations provides the requirements for the importation of potatoes from Mexico into the United States. As a condition of entry, the potatoes have to be produced in accordance with a systems approach as described in the regulations. The regulations require the use of information collection activities, such as a bilateral workplan, grower registration, packinghouse registration, inspections with agricultural seals, surveys, and phytosanitary certificates.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 1.15 hours per response.

Respondents: Producers of potatoes in Mexico, importers, and the national plant protection organization of Mexico.

Estimated annual number of respondents: 19.

Estimated annual number of responses per respondent: 11.

Estimated annual number of responses: 205.

Estimated total annual burden on respondents: 236 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 17th day of April 2017.

Michael C. Gregoire,

Acting Administrator, Animal and Plant Health Inspection Service.

Certain New Pneumatic Off-the-Road Tires From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2014–2015

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce (Commerce).

SUMMARY: On October 14, 2016, the Department of Commerce ("Department") published the preliminary results of the seventh administrative review of the antidumping duty order on certain new pneumatic off-the-road tires ("OTR tires") from the People's Republic of China ("PRC") and provided to interested parties an opportunity to comment on these preliminary results. Based on our analysis of the comments received, we made certain changes in the margin calculation regarding one mandatory respondent, Xuzhou Xugong Tyres Co., Ltd. ("Xugong"). We also continue to find that the other mandatory respondent, Guizhou Tyre Co., Ltd. ("GTC"), is not eligible for separate rate status and, thus, is part of

the PRC-wide entity. The final dumping margins for this review are listed in the "Final Results" section of this notice, below.

DATES: Effective April 21, 2017.

FOR FURTHER INFORMATION CONTACT:

Amanda Mallott or Keith Haynes, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-6430 and (202) 482-5139, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 14, 2016, the Department published its *Preliminary Results* of the antidumping duty administrative review of OTR tires from the PRC.¹ In accordance with 19 CFR 351.309, we invited interested parties to comment on the preliminary results. On December 22, 2016, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department extended the period for issuing the final results of this review by sixty-days, to April 12, 2017.²

We received case briefs from Titan Tire Corporation and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC ("Petitioners"), the mandatory respondents Xuzhou Xugong Tyres Co., Ltd. ("Xugong")³ and Guizhou Tyre Co.,

¹ See *Certain New Pneumatic Off-the-Road Tires From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2014–2015*, 81 FR 71068 (October 14, 2016) ("Preliminary Results") and accompanying "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Certain New Pneumatic Off-the-Road Tires from the People's Republic of China; 2014–2015," dated October 5, 2016 ("PDM").

² See Memorandum to Christian Marsh titled, *Certain New Pneumatic Off-the-Road Tires from the People's Republic of China: Extension of Deadline for Final Results of Antidumping Duty Administrative Review; 2014–2015*, dated December 22, 2016.

³ The Department previously collapsed Xugong and its affiliates Xuzhou Armour Rubber Company Ltd. ("Armour") and Xuzhou Hanbang Tyre Co., Ltd. ("Hanbang") into a single entity; see *Certain New Pneumatic Off-the-Road Tires From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2013–2014*, 80 FR 61166, 61167 (October 9, 2015), unchanged in *Certain New Pneumatic Off-the-Road Tires From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2013–2014*, 81 FR 23272 (April 20, 2016). This decision is unchallenged in the instant review; thus, the Department continues to treat Xugong, Armour, and Hanbang as a single entity (collectively, "Xugong").
