

contributorily infringes asserted claims 1, 2, 4, 5, 7, 8, 10, 13, 56, and 64 by importing fully assembled Blank Switches. The Commission has determined not to reach the issue of whether Arista contributorily infringes the asserted claims of the '668 patent by importing the Imported Components.

The Commission has determined to find no violation of section 337 with respect to the remaining asserted claims of the '853, '875, '492, and '211 patents.

Specifically, with respect to the '853 patent, the Commission has determined to affirm with modification, to supply the Commission's reasoning, the Final ID's finding that Arista's Accused ACL Products do not directly infringe claim 46, and to affirm the Final ID's finding that Arista does not directly infringe claim 63 of the '853 patent.

Accordingly, the Commission has determined to affirm the Final ID's finding of no indirect infringement with respect to those claims. Based on the Final ID's unreviewed finding that assignor estoppel applies with respect to the '853 patent, the Commission has determined not to reach the issue of whether Feldmeier anticipates the '853 patent.

With respect to the '875 and '492 patents, the Commission has determined to affirm with modification the Final ID's finding of no infringement of the asserted claims and that Cisco has failed to satisfy the technical prong of the domestic industry requirement.

With respect to the '211 patent, the Commission did not review the Final ID's finding of no infringement with respect to the asserted claims of the '211 patent. The Commission has also determined to vacate the Final ID's finding with respect to the validity of claims 1 and 12 of the '211 patent, and declines to reach the technical prong issue.

The Commission has determined that the appropriate form of relief is a limited exclusion order under 19 U.S.C. 1337(d)(1), prohibiting the unlicensed entry of network devices, related software and components thereof that infringe any of claims 1, 7, 9, 10, and 15 of the '577 patent; and claims 1, 2, 4, 5, 7, 8, 10, 13, 18, 56, and 64 of the '668 patent, and an order that Arista cease and desist from importing, selling, marketing, advertising, distributing, transferring (except for exportation), soliciting United States agents or distributors, and aiding or abetting other entities in the importation, sale for importation, sale after importation, transfer (except for exportation), or distribution of certain network devices, related software and components thereof that infringe any of claims 1, 7,

9, 10, and 15 of the '577 patent; and claims 1, 2, 4, 5, 7, 8, 10, 13, 18, 56, and 64 of the '668 patent.

The Commission has determined that the public interest factors enumerated in section 337(d) and (f), 19 U.S.C. 1337(d) and (f), do not preclude the issuance of the limited exclusion order or cease and desist order. The Commission has determined that bonding at five (5) percent of the entered value of the covered products is required during the period of Presidential review, 19 U.S.C. 1337(j).

The Commission's order and opinion were delivered to the President and the United States Trade Representative on the day of their issuance.

The investigation is terminated.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: May 4, 2017.

## NATIONAL CAPITAL PLANNING COMMISSION

### Public Comment on Draft, Updated Submission Guidelines

**AGENCY:** National Capital Planning Commission.

**ACTION:** Notice of 45 day public comment period and public meetings.

**SUMMARY:** The National Capital Planning Commission (NCPC or Commission) has released a draft of updated Submission Guidelines (Submission Guidelines). Federal and non-federal agency applicants whose development proposals are subject to statutory mandated Commission plan and project review must submit their proposals to the Commission following a process laid out in the Submission Guidelines. The Submission Guidelines describe the content of submissions, the submission stages, and the coordination and review process governing submissions. While the Submission Guidelines are critical to the Commission's ability to carry out its planning and review authorities, they have not been updated since October 3, 1991. As such, NCPC staff prepared recommendations to update the Submission Guidelines to ensure they are clear, consistent with agency policy and easily accessible to applicants. The proposed Guidelines accomplish three primary objectives: (1) Create clear, accessible, and efficient guidelines that are responsive to applicant needs; (2) Align NCPC's review stages and National Environmental Policy Act requirements with those of applicant agencies to save time and resources in the planning process; and (3) Allow staff to exempt from Commission review certain minor projects based on specific criteria where there is no federal interest. The draft Submission Guidelines offered for public comment are available online at [www.ncpc.gov](http://www.ncpc.gov).

**Dates and Time:** The public comment period closes on June 26, 2017. Public meetings to discuss the draft submission Guidelines will be held on Tuesday, May 23, 2017 from 6:00 p.m.-7:30 p.m. and Thursday, May 25, 2017 from 9:30 a.m.-11:00 a.m. Both meetings will be held at the National Capital Planning Commission, 401 9th Street NW., Suite 500, Washington, DC 20004.
