

Act (ESA). The Tribal Plan describes research and assessment activities that may affect listed PS Chinook salmon, HCS chum salmon, PS steelhead, and S eulachon in Washington State. The proposed research is intended to increase knowledge of species listed under the ESA and to help guide management and conservation efforts. NMFS has completed a proposed evaluation of how well the Tribal Plan fulfills ESA criteria, and the Secretary of Commerce (Secretary) is making that proposed evaluation available for public comment.

DATES: Comments or requests for a public hearing on the applications must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific standard time on February 10, 2017.

ADDRESSES: Written comments on the applications should be sent to the Protected Resources Division, NMFS, 1201 NE Lloyd Blvd., Suite 1100, Portland, OR 97232-1274. Comments may also be sent via fax to 503-230-5441.

FOR FURTHER INFORMATION CONTACT: Mitch Dennis, Lacey, WA (ph.: 360-753-9580), Fax: 360-753-9517, email: Mitch.Dennis@noaa.gov).

SUPPLEMENTARY INFORMATION:

Species Covered in This Notice

The following listed species are covered in this notice:

Chinook salmon (*Oncorhynchus tshawytscha*): Threatened Puget Sound (PS).

Steelhead (*O. mykiss*): Threatened PS.

Chum salmon (*O. keta*): Threatened Hood Canal Summer-run (HCS).

Eulachon (*Thaleichthys pacificus*): Threatened Southern (S).

Authority

Under section 4 of the ESA, the Secretary is required to adopt such regulations as he deems necessary and advisable for the conservation of the species listed as threatened. The ESA Tribal 4(d) rule (70 FR 37160; June 28, 2005) states that the ESA section 9 take prohibitions do not apply to Tribal Plans that will not appreciably reduce the likelihood of survival and recovery for the listed species.

The Tribal Plan

The NWIFC—through the BIA and on behalf of the Northwest Indian Tribes—has submitted a Tribal Plan for scientific research and assessment activities within the range of the PS Chinook salmon, HCS chum salmon, PS steelhead, and S eulachon. The Northwest Indian Tribes conduct,

independently and in cooperation with other agencies, a variety of research and assessment projects. These projects provide the technical basis for managing fisheries and conserving and restoring salmon stocks and their habitat. The need for an improved understanding of salmonid survival in the freshwater and early marine life stages drives much of the current research. The Tribal Plan includes implementation, monitoring, and evaluation procedures designed to ensure that the research is consistent with the objectives of the ESA. The research activities described in the Tribal Plan would take place over a five-year period starting in 2017.

As 50 CFR 223.209 requires, the Secretary must determine whether the Tribal Plan would appreciably reduce the likelihood of survival and recovery for PS Chinook salmon, HCS chum salmon, PS steelhead, and S eulachon. The Secretary must take comments on how the Tribal Plan addresses the criteria in 50 CFR 223.209 in making that determination.

(1) In general, the Board shall advise the Secretary and the Director concerning:

(A) Strategies for utilizing the Sea Grant College Program to address the Nation's highest priorities regarding the understanding, assessment, development, management, utilization, and conservation of ocean, coastal, and Great Lakes resources;

(B) The designation of Sea Grant Colleges and Sea Grant Institutes; and

(C) Such other matters as the Secretary refer to the Board for review and advice.

(2) Biennial Report. The Board shall report to the Congress every two years on the state of the National Sea Grant College Program. The Board shall indicate in each such report the progress made toward meeting the priorities identified in the strategic plan in effect under section 204(c). The Secretary shall make available to the Board such information, personnel, and administrative services and assistance as it may reasonably require carrying out its duties under this title.

The Board shall consist of 15 voting members who shall be appointed by the Secretary for a 4-year term, renewable for a 2nd 4-year term at the discretion of the Secretary. The Director and a director of a Sea Grant program who is elected by the various directors of Sea Grant programs shall serve as nonvoting members of the Board. Not less than 8 of the voting members of the Board shall be individuals who, by reason of knowledge, experience, or training, are especially qualified in one or more of

the disciplines and fields included in marine science. The other voting members shall be individuals who, by reason of knowledge, experience, or training, are especially qualified in, or representative of, education, marine affairs and resource management, coastal management, extension services, State government, industry, economics, planning, or any other activity which is appropriate to, and important for, any effort to enhance the understanding, assessment, development, management, utilization, or conservation of ocean, coastal, and Great Lakes resources. No individual is eligible to be a voting member of the Board if the individual is (A) the director of a Sea Grant College or Sea Grant Institute; (B) an applicant for, or beneficiary (as determined by the Secretary) of, any grant or contract under section 205 [33 USCS § 1124]; or (C) a full-time officer or employee of the United States.

Please be aware that after the selection process is complete, applicants selected to serve on the Board must complete the following actions before they can be appointed as a Board member:

(a) Security Clearance (on-line Background Security Check process and fingerprinting), and other applicable forms, both conducted through NOAA Workforce Management; and (b) Confidential Financial Disclosure Report. As an SGE, you are required to file a Confidential Financial Disclosure Report annually to avoid involvement in a real or apparent conflict of interest. You may find the Confidential Financial Disclosure Report at the following Web site: <http://www.oce.gov/Forms-Library/OGE-Form-450-Confidential-Financial-Disclosure-Report/>.
