

emailing comments, please use “NOI Comments, Dakota Access Pipeline Crossing” as the subject of your email.

The location of all public scoping meetings will be announced at least 15 days in advance through a notice to be published in the local North Dakota newspaper (The Bismarck Tribune) and online at <https://www.army.mil/asacw>.

FOR FURTHER INFORMATION CONTACT: Mr. Gib Owen, Water Resources Policy and Legislation, Office of the Assistant Secretary of the Army for Civil Works, Washington, DC 20310-0108; telephone: (703) 695-6791; email: gib.a.owen.civ@mail.mil.

SUPPLEMENTARY INFORMATION: The proposed crossing of Lake Oahe by Dakota Access, LLC is approximately 0.5 miles upstream of the northern boundary of the Standing Rock Sioux Tribe’s reservation. The Tribe protests the crossing primarily because it relies on Lake Oahe for water for a variety of purposes, the Tribe’s reservation boundaries encompass portions of Lake Oahe downstream from the proposed crossing, and the Tribe retains water, treaty fishing, and hunting rights in the Lake.

The proposed crossing of Corps property requires the granting of a right-of-way (easement) under the Mineral Leasing Act (MLA), 30 U.S.C. 185. To date, the Army has not made a final decision on whether to grant the easement pursuant to the MLA. The Army intends to prepare an EIS to consider any potential impacts to the human environment that the grant of an easement may cause.

Specifically, input is desired on the following three scoping concerns:

- (1) Alternative locations for the pipeline crossing the Missouri River;
- (2) Potential risks and impacts of an oil spill, and potential impacts to Lake Oahe, the Standing Rock Sioux Tribe’s water intakes, and the Tribe’s water, treaty fishing, and hunting rights; and
- (3) Information on the extent and location of the Tribe’s treaty rights in Lake Oahe.

On July 25, 2016, the Corps granted permission to applicant Dakota Access, LLC, under Section 14 of the Rivers and Harbors Act of 1899, 33 U.S.C. 408 (408 permission), for a proposed pipeline crossing of Lake Oahe. Lake Oahe is on the Missouri River and owned by the Corps. The approximate 1,172-mile pipeline connects the Bakken and Three Forks oil production areas in North Dakota to an existing crude oil market near Patoka, Illinois. The pipeline is 30 inches in diameter and is projected to transport approximately 570,000 barrels per day.

The 408 permission was accompanied by a Finding of No Significant Impact based on an Environmental Assessment (EA), as contemplated under the National Environmental Policy Act (NEPA). The EA included a brief description and characterization of factors used in evaluating a potential alternative crossing location that was considered and eliminated during the analysis phase. The alternative route, which was eliminated, would cross the Missouri River approximately 10 miles north of Bismarck, ND.

On December 4, 2016, the Army determined that a decision on whether to authorize the pipeline to cross Lake Oahe at the proposed location merits additional analysis, more rigorous exploration and evaluation of reasonable siting alternatives, and greater public and tribal participation and comments as contemplated in the Council on Environmental Quality’s (CEQ’s) NEPA implementing regulations, 40 CFR 1502.14 and 1503.1. Currently, the Corps is developing a plan to implement the Army’s December 4, 2016 direction. This notice of public scoping should be integrated into the Corps’ plan of action.

Consistent with CEQ’s NEPA implementing regulations, an EIS will analyze, at a minimum:

- (1) Alternative locations for the pipeline crossing the Missouri River;
- (2) Potential risks and impacts of an oil spill, and potential impacts to Lake Oahe, the Standing Rock Sioux Tribe’s water intakes, and the Tribe’s water, treaty fishing, and hunting rights; and
- (3) Information on the extent and location of the Tribe’s treaty rights in Lake Oahe.

The range of issues, alternatives, and potential impacts may be expanded based on comments received in response to this notice and at public scoping meetings.

Public Comment Availability: Before including your address, telephone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment that your personal identifying information be withheld from public review, the Army cannot guarantee that this will occur.

Authority: This notice is published in accordance with sections 1503.1 and 1506.6 of the CEQ’s Regulations (40 CFR parts 1500–1508) implementing the procedural requirements of NEPA, as amended (42 U.S.C. 4321 *et seq.*), and the Army and Corps’ NEPA

implementation policies (32 CFR part 651 and 33 CFR part 230), and exercises the authority delegated to the Assistant Secretary of the Army (Civil Works) by General Orders No. 2017–1, January 5, 2017.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

BILLING CODE 5001–03–P

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Science Board; Notice of Federal Advisory Committee Meetings

AGENCY: Department of Defense.

ACTION: Notice of Federal Advisory Committee Meetings.

SUMMARY: The 2017 Defense Science Board (DSB) Summer Study Task Force on Nuclear Deterrence in the 21st Century’s Multi-Polar, Multi-Threat Strategic Environment (“the Nuclear Deterrence Summer Study Task Force”) will meet in closed session on Tuesday, January 24, 2017, from 8:15 a.m. to 12:00 p.m. and 12:30 p.m. to 6:00 p.m. at the Virginia Tech Advanced Research Center, 900 Glebe Road, 7th Floor, Arlington, VA and Wednesday, January 25, 2017, from 8:00 a.m. to 3:00 p.m. at the Executive Conference Center, 4075 Wilson Blvd., Suite 350, Arlington, VA. **DATES:** Tuesday, January 24, 2017, from 8:15 a.m. to 6:00 p.m.; and Wednesday, January 25, 2017, from 8:00 a.m. to 3:00 p.m.

ADDRESSES: Virginia Tech Advanced Research Center, 900 Glebe Road, 7th Floor, Arlington, VA (January 24, 2017); and Executive Conference Center, 4075 Wilson Blvd., Suite 350, Arlington, VA (January 25, 2017).

FOR FURTHER INFORMATION CONTACT: Ms. Debra Rose, Executive Officer, Defense Science Board, 3140 Defense Pentagon, Room 3B888A, Washington, DC 20301–3140, via email at debra.a.rose20.civ@mail.mil, or via phone at (703) 571–0084 or the Defense Science Board Designated Federal Officer (DFO) Ms. Karen D.H. Saunders, Executive Director, Defense Science Board, 3140 Defense Pentagon, Room 3B888A, Washington, DC 20301, via email at karen.d.saunders.civ@mail.mil or via phone at (703) 571–0079.

SUPPLEMENTARY INFORMATION: Due to circumstances beyond the control of the Designated Federal Officer and the Department of Defense, the 2017 Defense Science Board Summer Study Task Force on Nuclear Deterrence in the

21st Century's Multi-Polar, Multi-Threat Strategic Environment was unable to provide public notification of its meetings on January 24–25, 2017, as required by 41 CFR 102–3.150(a). Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102–3.150(b), waives the 15-calendar day notification requirement.

These meetings are being held under the provisions of the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C. Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102–3.150.

The mission of the Defense Science Board is to provide independent advice and recommendations on matters relating to the Department of Defense's (DoD) scientific and technical enterprise. The objective of the Nuclear Deterrence Summer Study Task Force is to address the topic of nuclear force modernization and recapitalization, focusing on ways to reduce the affordability problem and on ways to respond to the changing strategic environment through technical, programmatic, and operational innovation. The Nuclear Deterrence Summer Study Task Force will consider the critical issues associated with the status and trends in major power threats and proliferators that could threaten the United States or its allies, to include their nuclear, advanced conventional, and cyber capabilities that might threaten the operational viability of our nuclear deterrent; make our ability to control escalation through non-nuclear means problematic; or impact the assurance of U.S. extended deterrence globally. This two-day session will focus on providing general and nuclear threat briefings, to include briefings on China, Russia, and the Democratic Republic of Korea, from the National Intelligence Council and Defense Intelligence Agency, and the International Nuclear Deterrence Efforts and Perspective from the Executive Secretary of Nuclear Weapons Council on the Future of Nuclear Deterrence; a briefing on the 'Perspective of the Office of Net Assessment on the Future of Nuclear Deterrence' by the Office of Net Assessment; a DoD Policy Brief on the Nuclear Posture Review by Assistant Secretary of Defense for Nuclear and Missile Defense Policy; and a U.S. Nuclear Weapons Policy brief from Mr. Frank Miller.

In accordance with section 10(d) of the FACA and 41 CFR 102–2.155, the DoD has determined that the Nuclear Deterrence Summer Study Task Force meeting will be closed to the public.

Specifically, the Under Secretary of Defense (Acquisition, Technology, and Logistics), in consultation with the DoD Office of General Counsel, has determined in writing that all sessions will be closed to the public because matters covered by 5 U.S.C. 552b(c)(1) will be considered. The determination is based on the consideration that it is expected that discussions throughout will involve classified matters of national security concern. Such classified material is so intertwined with the unclassified material and non-proprietary information that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meetings. To permit the meetings to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the DSB's findings or recommendations to the Secretary of Defense and to the Under Secretary of Defense for Acquisition, Technology and Logistics.

In accordance with section 10(a)(3) of the FACA and 41 CFR 102–3.105(j) and 102–3.140, interested persons may submit a written statement for consideration by the Nuclear Deterrence Summer Study Task Force at any time regarding its mission or in response to the stated agenda of a planned meeting. Individuals submitting a written statement must submit their statement to the DSB's DFO—Ms. Karen D.H. Saunders, Executive Director, Defense Science Board, 3140 Defense Pentagon, Room 3B888A, Washington, DC 20301, via email at Karen.d.saunders.civ@mail.mil or via phone at (703) 571–0079 at any point; however, if a written statement is not received at least 3 calendar days prior to the meeting, which is the subject of this notice, then it may not be provided to or considered by the Nuclear Deterrence Summer Study Task Force. The DFO will review all submissions with the Nuclear Deterrence Summer Study Task Force co-Chairs and ensure they are provided to Nuclear Deterrence Summer Study Task Force members prior to the end of the two-day meeting on January 25, 2017.

Dated: January 12, 2017.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001–06–P

DEPARTMENT OF EDUCATION

[Docket No.: ED–2016–ICCD–0126]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Principal Follow-Up Survey (PFS 2016–17) to the National Teacher and Principal Survey (NTPS 2015–16)

AGENCY: National Center for Education Statistics (NCES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a new information collection. **DATES:** Interested persons are invited to submit comments on or before February 17, 2017.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED–2016–ICCD–0126. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 224–84, Washington, DC 20202–4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact NCES Information Collections at NCES.Information.Collections@ed.gov.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that
