RIN 1615–ZB61

Extension and Redesignation of the Republic of Yemen for Temporary Protected Status

AGENCY: U.S. Citizenship and Immigration Services, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Through this Notice, the Department of Homeland Security (DHS) announces that the Secretary of Homeland Security (Secretary) is extending the designation of the Republic of Yemen (Yemen) for Temporary Protected Status (TPS) for 18 months, from March 4, 2017, through September 3, 2018, and redesignating Yemen for TPS for 18 months, effective March 4, 2017, through September 3, 2018. Through this Notice, DHS also sets forth procedures necessary for Yemeni nationals (or aliens having no nationality who last habitually resided in Yemen) either to re-register under the extension, if they already have TPS, and to apply for renewal of their Employment Authorization Documents (EAD) with U.S. Citizenship and Immigration Services (USCIS) or submit an initial registration application under the redesignation and apply for an EAD.

DATES: *Extension of Designation of Yemen for TPS:* The 18-month extension of the TPS designation of Yemen is effective March 4, 2017, and will remain in effect through September 3, 2018. The 60-day re-registration period runs from January 4, 2017 through March 6, 2017.

Redesignation of Yemen for TPS: The redesignation of Yemen for TPS is effective March 4, 2017, and will remain in effect through September 3, 2018, a period of 18 months. The 180-day initial registration period for new applicants under the Yemen TPS redesignation runs from January 4, 2017 through July 3, 2017.

The extension allows TPS beneficiaries to retain TPS through September 3, 2018, so long as they continue to meet the eligibility requirements for TPS. The redesignation of Yemen expands eligibility for TPS to include individuals who have been continuously residing in the United States since January 4, 2017. Previously, only individuals who had been continuously residing in the United States since September 3, 2015, were eligible for TPS under Yemen’s

designation. The Secretary has determined that an extension of Yemen’s current designation for TPS is warranted because the conditions that supported its designation on the basis of ongoing armed conflict persist. Additionally, the Secretary has determined that a redesignation of Yemen for TPS is warranted due to the ongoing armed conflict and to the extraordinary and temporary conditions in Yemen that prevent Yemeni nationals from returning in safety. The redesignation will extend TPS protection to eligible individuals who have arrived in the United States after the eligibility cutoff dates established by Yemen’s previous designation for TPS in September 2015. The redesignation is based on the Secretary’s determinations under the statute that (1) there continues to be an ongoing armed conflict in Yemen and, due to such conflict, requiring the return of Yemeni nationals to Yemen would pose a serious threat to their personal safety, and (2) there are extraordinary and temporary conditions in Yemen that prevent Yemeni nationals from returning to Yemen in safety, and it is not contrary to the national interest of the United States to permit Yemeni nationals to remain temporarily in the United States.

For individuals who have already been granted TPS under Yemen’s designation, the 60-day re-registration period runs from January 4, 2017 through March 6, 2017. USCIS will issue new EADs with a September 3, 2018, expiration date to eligible Yemen TPS beneficiaries who timely re-register and apply for EADs under this extension. Given the timeframes involved with processing TPS re-registration applications, DHS recognizes that not all re-registrants will receive new EADs before their current EADs expire on March 3, 2017. Accordingly, through this Notice, DHS automatically extends the validity of EADs issued under Yemen’s TPS designation for 6 months, through September 3, 2017, and explains how TPS beneficiaries and their employers may determine which EADs are automatically extended and their impact on Employment Eligibility Verification (Form I–9) and E-Verify processes.

Under the redesignation, individuals who currently do not have TPS may submit an initial application during the 180-day initial registration period that runs from January 4, 2017 through July 3, 2017. In order to receive a grant of TPS, initial applicants under this redesignation must demonstrate that they have continuously resided in the United States since January 4, 2017 and
