Pure Magnesium From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2016-2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is conducting an administrative review of the antidumping duty order on pure magnesium from the People's Republic of China (China), covering the period May 1, 2016, through April 30, 2017. Commerce preliminarily determines that Tianjin Magnesium International, Co., Ltd. (TMI) and Tianjin Magnesium Metal, Co., Ltd. (TMM) (collectively, TMI/TMM) had no shipments of subject merchandise during the period of review (POR). We invite interested parties to comment on these preliminary results.

DATES: Applicable January 30, 2018.

FOR FURTHER INFORMATION CONTACT: James Terpstra, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3965.

Background

On May 1, 2017, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on pure magnesium from China for the POR.¹ On July 6, 2017, in response to a timely request from the petitioner,² and in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the antidumping duty order on pure magnesium from China with respect to TMI and TMM.³ Commerce has

exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from January 20 through 22, 2018. If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the preliminary results of this review is now February 5, 2018.⁴

Scope of the Order

Merchandise covered by the order is pure magnesium regardless of chemistry, form or size, unless expressly excluded from the scope of the order. Pure magnesium is a metal or alloy containing by weight primarily the element magnesium and produced by decomposing raw materials into magnesium metal. Pure primary magnesium is used primarily as a chemical in the aluminum alloying, desulfurization, and chemical reduction industries. In addition, pure magnesium is used as an input in producing magnesium alloy. Pure magnesium encompasses products (including, but not limited to, butt ends, stubs, crowns and crystals) with the following primary magnesium contents:

- (1) Products that contain at least 99.95% primary magnesium, by weight (generally referred to as "ultra pure" magnesium);
 - (2) Products that contain less than 99.95% but not less than 99.8% primary magnesium, by weight (generally referred to as "pure" magnesium); and
 - (3) Products that contain 50% or greater, but less than 99.8% primary magnesium, by weight, and that do not conform to ASTM specifications for alloy magnesium (generally referred to as "off-specification pure" magnesium).
- "Off-specification pure" magnesium is pure primary magnesium containing magnesium scrap, secondary magnesium, oxidized magnesium or impurities (whether or not intentionally added) that cause the primary magnesium content to fall below 99.8% by weight. It generally does not contain, individually or in combination, 1.5% or more, by weight, of the following

alloying elements: Aluminum, manganese, zinc, silicon, thorium, zirconium and rare earths.

Excluded from the scope of the order are alloy primary magnesium (that meets specifications for alloy magnesium), primary magnesium anodes, granular primary magnesium (including turnings, chips and powder) having a maximum physical dimension (*i.e.*, length or diameter) of one inch or less, secondary magnesium (which has pure primary magnesium content of less than 50% by weight), and remelted magnesium whose pure primary magnesium content is less than 50% by weight.

Pure magnesium products covered by the order are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 8104.11.00, 8104.19.00, 8104.20.00, 8104.30.00, 8104.90.00, 3824.90.11, 3824.90.19 and 9817.00.90. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope is dispositive.

Preliminary Determination of No Shipments

We received timely submissions from TMI and TMM certifying that they did not have sales, shipments, or exports of subject merchandise to the United States during the POR.⁵ On July 10, 2017, we requested the U.S. Customs and Border Protection (CBP) data file of entries of subject merchandise imported into the United States during the POR, and exported by TMI and/or TMM.⁶ This query returned no entries during the POR.⁷ Additionally, in order to examine TMI's and TMM's claim, we sent an inquiry to CBP requesting that any CBP officer alert Commerce if he/she had information contrary to these no-shipments claims.⁸ We received no notification from CBP of any such entries of subject merchandise concerning these companies.⁹

Because we have not received information to the contrary from CBP, consistent with our practice, we

¹ See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 82 FR 20315 (May 1, 2017).

² See letter from U.S. Magnesium LLC (the petitioner), "Pure Magnesium from the People's Republic of China: Request for Administrative Review," dated May 31, 2017.

³ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 82 FR 31292 (July 6, 2017). In the 2011-2012 administrative review of the order, Commerce determined TMM and TMI to be collapsed and treated as a single company for purposes of the proceeding and, because there were no changes to the facts which supported that decision since that determination was made, we continue to find that

these companies are part of a single entity for this administrative review. See *Pure Magnesium from the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2011-2012*, 79 FR 94 (January 2, 2014) and accompanying Issues and Decision Memorandum at Comment 5.

⁴ See Memorandum for The Record from Christian Marsh, Deputy Assistant Secretary for Enforcement and Compliance, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance, "Deadlines Affected by the Shutdown of the Federal Government" (Tolling Memorandum), dated January 23, 2018. All deadlines in this segment of the proceeding have been extended by 3 days.

⁵ See letter from TMI, "Pure Magnesium from the People's Republic of China; A-570-832; Certification of No Sales by Tianjin Magnesium International, Co., Ltd.," dated August 4, 2017, at first attachment to the letter. See letter from TMM, "Pure Magnesium from the People's Republic of China; A-570-832; Certification of No Sales by Tianjin Magnesium Metal Co., Ltd.," dated August 4, 2017, at first attachment to the letter.

⁶ See Memorandum, "U.S. Customs and Border Protection Data," dated October 16, 2017 (No Shipments Memo), at Attachment 1.

⁷ *Id.* at Attachment 2.

⁸ *Id.* at Attachment 3. See also CBP message 6273308, dated October 16, 2017.

⁹ See No Shipments Memo, at Attachment 4.

preliminarily determine that TMI/TMM had no shipments during the POR. In addition, we find it is not appropriate to rescind this review with respect to TMI/TMM but, rather, to complete the review with respect to TMI/TMM and issue appropriate instructions to CBP based on the final results of the review, consistent with our practice in non-market economy (NME) cases.¹⁰

Public Comment

Interested parties may submit case briefs no later than 30 days after the date of publication of this notice in the **Federal Register**.¹¹ Rebuttals to case briefs, which must be limited to issues raised in the case briefs, must be filed within five days after the date for filing case briefs.¹² Parties who submit arguments in this proceeding are requested to submit with each argument: (a) A statement of the issue, (b) a brief summary of the argument, and (c) a table of authorities.¹³ Parties submitting briefs should do so pursuant to Commerce's electronic filing system: Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).¹⁴ ACCESS is available to registered users at <https://access.trade.gov>, and is available to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce within 30 days of the date of publication of this notice. Hearing requests should contain the following information: (1) The party's name, address and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. If a request for a hearing is made, parties will be notified of the time and date of the hearing which will be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

Unless extended, we intend to issue the final results of this administrative review, including our analysis of all

issues raised in any written brief, not later than 120 days of publication of this notice in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁵ We intend to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. Pursuant to Commerce's practice in NME cases, if Commerce continues to determine in the final results that that TMI/TMM had no shipments of subject merchandise, any suspended entries during the POR from TMI/TMM will be liquidated at the China-wide rate.¹⁶

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For TMI/TMM, which claimed no shipments, the cash deposit rate will remain unchanged from the rate assigned to TMI/TMM in the most recently completed review of the company; (2) for previously investigated or reviewed Chinese and non-Chinese exporters who are not under review in this segment of the proceeding but who have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the China-wide rate of 111.73 percent; and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter(s) that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement off

antidumping duties prior to liquidation of the relevant entries during this period. Failure to comply with this requirement may result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice is issued in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: January 24, 2018.

Christian Marsh,

Deputy Assistant Secretary for Enforcement and Compliance.
