Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: West Coast Region U.S. Pacific Highly Migratory Species Hook and Line Logbook.

OMB Control Number: 0648–0223.

Form Number(s): NOAA 88–197.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 850.

Average Hours per Response: One hour.

Burden Hours: 3,400.

Needs and Uses: This request is for extension of a currently approved collection.

Under the Fishery Management Plan for United States (U.S.) West Coast Fisheries for Highly Migratory Species (HMS FMP) U.S. fishermen, participating in the Pacific Hook and Line fishery (also known as the albacore troll and pole-and-line fishery), are required to obtain a Highly Migratory Species (HMS) permit. Permit holders are required to complete and submit logbooks documenting their daily fishing activities, including catch and effort for each fishing trip. Logbook forms must be completed within 24 hours of the completion of each fishing day and submitted to the Southwest Fisheries Science Center (SWFSC) within 30 days of the end of each trip. These data and associated analyses help the SWFSC provide fisheries information to researchers and the needed management advice to the U.S.

in its negotiations with foreign fishing nations exploiting HMS.

Affected Public: Business or other for-profit organizations.

Frequency: For each fishing trip.

Respondent’s Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395–5806.

Dated: February 8, 2018.

Sarah Brabson,

NOAA PRA Clearance Officer.

Hydrographic Services Review Panel Meeting

AGENCY: National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of open public meeting.

SUMMARY: The Hydrographic Services Review Panel (HSRP) will hold a meeting that will be open to the public and public comments are requested in advance and/or during the meeting. Information about the HSRP meeting, agenda, presentations, webinar registration, and other background documents will be posted online at: <https://www.nauticalcharts.noaa.gov/hsrp/hsrp.htm>.

DATES: The meeting is April 4–5, 2018. The dates, agenda, and times are subject to change. For updates, please check online at: <https://www.nauticalcharts.noaa.gov/hsrp/hsrp.htm>.

ADDRESSES: Miami, Florida, with meeting venue to be announced online in March at: <https://www.nauticalcharts.noaa.gov/hsrp/hsrp.htm>.

FOR FURTHER INFORMATION CONTACT:

Lynne Mersfelder-Lewis, HSRP program manager, National Ocean Service, Office of Coast Survey, NOAA (N/NSD), 1315 East-West Highway, SSMC3 #6305, Silver Spring, Maryland 20910; telephone: 301–533–0064; email: Lynne.Mersfelder@noaa.gov.

SUPPLEMENTARY INFORMATION: The meeting is open to the public, seating

will be available on a first-come, first-served basis, and public comment is encouraged. There are public comment periods scheduled each day and noted in the agenda. Each individual or group making verbal comments will be limited to a total time of five (5) minutes and will be recorded. For those not onsite, comments can be submitted via the webinar chat function or via email in writing. Individuals who would like to submit written statements in advance, during or after the meeting should email their comments to Lynne.Mersfelder@noaa.gov. The HSRP will provide webinar capability. Pre-registration is required to access the webinar and is at the following: <https://attendee.gotowebinar.com/register/6210294947783426818>.

The Hydrographic Services Review Panel (HSRP) is a Federal Advisory Committee established to advise the Under Secretary of Commerce for Oceans and Atmosphere, the NOAA Administrator, on matters related to the responsibilities and authorities set forth in section 303 of the Hydrographic Services Improvement Act of 1998, as amended, and such other appropriate matters that the Under Secretary refers to the Panel for review and advice. The charter and other information are located online at: <https://www.nauticalcharts.noaa.gov/hsrp/CharterBylawsHSIAStatute.htm>. Past HSRP public meeting summary reports, agendas, presentations, transcripts, webinars, and other information is available online at: <https://www.nauticalcharts.noaa.gov/hsrp/meetings.htm>.

Matters to be considered: The panel is convening to hear federal, state, regional and local partners and stakeholders on issues relevant to NOAA’s navigation services, focusing on Florida and the U.S. Caribbean region as well as national issues. Navigation services include the data, products, and services provided by the NOAA programs and activities that undertake geodetic observations, gravity modeling, shoreline mapping, bathymetric mapping, hydrographic surveying, nautical charting, tide and water level observations, current observations, and marine modeling. This suite of NOAA products and services support safe and efficient navigation, resilient coasts and communities, and the nationwide positioning information infrastructure to support America’s commerce. The Panel will hear from state and federal agencies, non-federal organizations, and partners about their missions and use of NOAA’s navigation services, the value these services bring, and what improvements could be made. Other administrative matters may be

considered. The agenda is subject to change.

Special accommodations: This meeting is physically accessible to people with disabilities. Please direct requests for sign language interpretation or other auxiliary aids to Lynne.Mersfelder@noaa.gov by March 15, 2018.

Dated: February 1, 2018.

Kathryn Ries,

*Deputy Director, Office of Coast Survey,
National Ocean Service, National Oceanic
and Atmospheric Administration.*

National Oceanic and Atmospheric Administration

Hydrographic Services Review Panel

AGENCY: National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of membership solicitation for Hydrographic Services Review Panel.

SUMMARY: The National Oceanic and Atmospheric Administration is seeking nominations for members to serve on the Hydrographic Services Review Panel.

DATES: Nominations are sought to fill five vacancies that occur on January 1, 2019. Nominations should be submitted by no later than May 25, 2018. Nominations will be accepted and kept on file on an ongoing basis regardless of date submitted for use with current and future vacancies. HSRP maintains a pool of candidates and advertises once a year to fulfill the HSLA requirements on membership solicitation. Current members who may be eligible for a second term must reapply.

ADDRESSES: Nominations will be accepted by email and should be sent to: Hydroservices.panel@noaa.gov and Lynne.Mersfelder@noaa.gov. You will receive a confirmation response.

FOR FURTHER INFORMATION CONTACT: Lynne Mersfelder-Lewis, NOAA HSRP program manager, email Lynne.Mersfelder@noaa.gov or phone: 240-523-0064.

SUPPLEMENTARY INFORMATION: In accordance with the Hydrographic Service Improvements Act Amendments of 2002, Public Law 107-372, the Administrator of the National Oceanic and Atmospheric Administration (NOAA) is required to solicit

nominations for membership at least once a year for the Hydrographic Services Review Panel (HSRP). The HSRP, a Federal advisory committee, advises the Administrator on matters related to the responsibilities and authorities set forth in section 303 of the Hydrographic Services Improvement Act and such other appropriate matters as the Administrator refers to the Panel for review and advice. Those responsibilities and authorities include, but are not limited to: Acquiring and disseminating hydrographic data and providing hydrographic services, as those terms are defined in the Act; promulgating standards for hydrographic data and services; ensuring comprehensive geographic coverage of hydrographic services; and testing, developing, and operating vessels, equipment, and technologies necessary to ensure safe navigation and maintain operational expertise in hydrographic data acquisition and hydrographic services.

The Act states “the voting members of the Panel shall be individuals who, by reason of knowledge, experience, or training, are especially qualified in one or more of the disciplines and fields relating to hydrographic data and hydrographic services, marine transportation, port administration, vessel pilotage, coastal and fishery management, and other disciplines as determined appropriate by the Administrator.” The NOAA Administrator seeks and encourages individuals with expertise in marine navigation and technology, port administration, marine shipping or other intermodal transportation industries, cartography and geographic information systems, geodesy, physical oceanography, coastal resource management, including coastal preparedness and emergency response, and other related fields. To apply for membership, applicants are requested to submit five items including a cover letter that responds to the five questions below. The entire package should be a maximum length of eight pages or fewer. NOAA is an equal opportunity employer.

(1) A cover letter that responds to the five questions listed below and serves as a statement of interest to serve on the panel. Please see “Short Response Questions” below.

(2) Highlight the nominee’s specific area(s) of expertise relevant to the purpose of the Panel from the list in the **Federal Register** Notice.

(3) A short biography of 300 to 400 words.

(4) A current resume.

(5) The nominee’s full name, title, institutional affiliation, mailing address, email, phone, fax and contact information.

Short Response Questions

(1) List the area(s) of expertise, as listed above, which you would best represent on this Panel.

(2) List the geographic region(s) of the country with which you primarily associate your expertise.

(3) Describe your leadership or professional experiences which you believe will contribute to the effectiveness of this panel.

(4) Describe your familiarity and experience with NOAA NOS navigation data, products, and services.

(5) Generally describe the breadth and scope of your knowledge of stakeholders, users, or other groups who interact with NOAA and whose views and input you believe you can share with the panel.

Under 33 U.S.C. 883a, *et seq.*, NOAA’s National Ocean Service (NOS) is responsible for providing nautical charts and related information for safe navigation. NOS collects and compiles hydrographic, tidal and current, geodetic, and a variety of other data in order to fulfill this responsibility. The HSRP provides advice on current and emerging oceanographic and marine science technologies relating to operations, research and development; and dissemination of data pertaining to:

- (a) Hydrographic surveying;
- (b) Shoreline surveying;
- (c) Nautical charting;
- (d) Water level measurements;
- (e) Current measurements;
- (f) Geodetic measurements;
- (g) Geospatial measurements;
- (h) Geomagnetic measurements; and
- (i) Other oceanographic/marine related sciences.

The Panel has fifteen voting members appointed by the NOAA Administrator in accordance with 33 U.S.C. 892c. Members are selected on a standardized basis, in accordance with applicable Department of Commerce guidance. The Co-Directors of the Center for Coastal and Ocean Mapping/Joint Hydrographic Center and two other NOAA employees serve as nonvoting members of the Panel. The Director, NOAA Office of Coast Survey, serves as the Designated Federal Official (DFO).

Voting members are individuals who, by reason of knowledge, experience, or training, are especially qualified in one or more disciplines relating to hydrographic surveying, tides, currents, geodetic and geospatial measurements, marine transportation, port administration, vessel pilotage, coastal
