SUPPLEMENTARY INFORMATION:

Authority: 44 U.S.C. 3501–21.

Title: Department Of Veterans Affairs Acquisition Regulation (VAAR) Clause 852.236–89, Buy American Act.

OMB Control Number: 2900–0622.

Type of Review: Extension of a currently approved collection.

Abstract: The Buy American Act requires that only domestic construction

material shall be used to perform domestic Federal contracts for construction, with certain exceptions. VA policy is to not accept foreign construction material. However, if a bidder chooses to submit a bid that includes foreign material, VA will consider such bids if the material is specifically identified and the price of the material is provided. VAAR clause 852.236–89, Buy American Act, advises bidders of these provisions and requires bidders who want to offer foreign construction material to list the material and its price. Bidders who do not intend to offer foreign material do not need to submit any information under this clause. The information is required to allow VA to make an informed decision as to whether or not to accept a bid that includes foreign construction material. In actual practice, very few bidders ever offer foreign materials and, when they do, very few of those offers are accepted.

SUPPLEMENTARY INFORMATION: The Program of Comprehensive Assistance for Family Caregivers (PCAFC) was established by Title I of Public Law 111–163, Caregivers and Veterans Omnibus Health Services Act of 2010, and is codified in section 1720G(a) of title 38, United States Code (U.S.C.). VA has been administering PCAFC continuously since May 5, 2011 and has implemented this program through its regulations in part 71 of title 38, Code

of Federal Regulations (CFR). The purpose of PCAFC is to support family caregivers of eligible veterans (as defined in 38 U.S.C. 1720G(a)(2) and 38 CFR 71.20 to include certain servicemembers) through the provision of caregiver benefits, including training, respite care, counseling, technical support, beneficiary travel (in certain circumstances), a monthly stipend payment, and access to health care (if qualified) through the Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMPVA). 38 U.S.C. 1720G(a)(3), 38 CFR 71.40.

For purposes of this notice hereinafter, the term “veteran” refers to veterans and servicemembers who apply for or participate in the Program of Comprehensive Assistance for Family Caregivers.

We are issuing this notice in order to solicit input on several components of the program, as further explained below. This notice and request for information serves as a means for VA to consult with key stakeholders on whether and how PCAFC should be modified to provide the highest quality care and support to veterans and their family caregivers in a consistent manner. We will use the information to inform any updates to this program and its implementing regulations. To the extent that there are any comments related to, or which would require changing, the relevant statutory authorities, those comments are outside the scope of this notice, as those would require Congressional action. The intent of this notice is for VA to garner input from the public on whether and how to change its regulations under the current statute.

This notice and request for information has a comment period of 45 days, during which individuals, groups, and entities may reply to the questions presented below. VA believes that 45 days is sufficient to provide comments, as the individuals, groups, and entities interested in this program likely have information and opinions readily available or can quickly compile and submit such information. Commenters are encouraged to provide complete but concise responses to the questions outlined below. Please note that VA will not respond to comments or questions regarding policy plans, decisions, or issues with regard to this notice. VA may choose to contact individual commenters, and such communications would serve to further clarify their written comments.
