Steven Andrews or Shelby Geller, Standards and Rulemaking Division, (202) 366-8553, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590-0001.

SUPPLEMENTARY INFORMATION: Section 1320.8 (d), title 5, Code of Federal Regulations (CFR) requires PHMSA to provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. This notice identifies an information collection request that PHMSA will be submitting to the Office of Management and Budget (OMB) for renewal and extension. This information collection is contained in 49 CFR 171.6 of the Hazardous Materials Regulations (HMR; 49 CFR parts 171-180). PHMSA has revised burden estimates, where appropriate, to reflect current reporting levels or adjustments based on changes in proposed or final rules published since the information collection was last approved. The following information is provided for this information collection: (1) Title of the information collection, including former title if a change is being made; (2) OMB control number; (3) summary of the information collection activity; (4) description of affected public; (5) estimate of total annual reporting and recordkeeping burden; and (6) frequency of collection. PHMSA will request a 3-year term of approval for this information collection activity and will publish a notice in the **Federal Register** upon OMB's approval.

PHMSA requests comments on the following information collection:

Title: Hazardous Materials Shipping Papers & Emergency Response Information.

OMB Control Number: 2137-0034.

Summary: This information collection is for the requirement to provide a shipping paper and emergency response information with shipments of hazardous materials. Shipping papers are a basic communication tool in the transportation of hazardous materials and, by definition (*see* 49 CFR 171.8), include a shipping order, bill of lading, manifest, or other shipping document serving a similar purpose and containing the information required by §§ 172.202, 172.203, and 172.204 of the HMR. A shipping paper with emergency response information must accompany most hazardous materials shipments and be readily available at all times during transportation.

Shipping papers serve as the principal source of information regarding the presence of hazardous materials, identification, quantity, and emergency response procedures. They inform on compliance with other requirements (*i.e.*, the placement of rail cars containing different hazardous materials in trains); prevent the loading of poisons with foodstuffs; maintain the separation of incompatible hazardous materials; and limit the amount of radioactive materials that may be transported in a vehicle or aircraft. Shipping papers and emergency response information also notify transport workers that hazardous materials are present and serve as a principal means of identifying hazardous materials during transportation emergencies. Firefighters, police, and other emergency response personnel are trained to obtain the DOT shipping papers and emergency response information when responding to hazardous materials transportation emergencies. The availability of accurate information concerning hazardous materials being transported significantly improves response efforts in these types of emergencies.

Affected Public: Shippers and carriers of hazardous materials in commerce.

Annual Reporting and Recordkeeping Burden:

Number of Respondents: 260,000.

Total Annual Responses: 175,234,493.

Total Annual Burden Hours: 4,598,685.

Frequency of Collection: On occasion.

Issued in Washington, DC, on February 13, 2018.

William S. Schoonover,

Associate Administrator of Hazard Materials Safety, Pipeline and Hazardous Materials Safety Administration.

Title: Department of Veterans Affairs (VA) Post-Separation Transition Assistance Program (PSTAP) Assessment Survey.

OMB Control Number: 2900-NEW.

Type of Review: New Collection.

Abstract: The PSTAP Assessment Survey will be used by VA to assess how the TAP training for Transitioning Servicemembers (TSMs) prepares Veterans for civilian life. This new information collection request (ICR) will be conducted once per year and is designed as a longitudinal survey. In the first year of data collection, the survey will be fielded to all Veterans who meet the criteria at the time of fielding of having separated from the military at six months, one year, and three years prior to the date that surveys (first mailing will solicit electronic responses) will be mailed. Civilian life readiness will measure domains of a TSM's life including employment, entrepreneurship, mental/physical health, social relationships, financial situation, and housing. In addition, the survey will assess if TSMs understand and utilize their available VA benefits, and which TAP curriculum modules (tracks) are the most and least useful.

Affected Public: Individuals.

Estimated Annual Burden: 4,210 hours.

Estimated Average Burden per Respondent: 18.5 minutes.

Frequency of Response: Annual.

Estimated Number of Respondents: 13,655.

By direction of the Secretary.
