

for unavoidable loss of suitable upland habitat by the funding of an appropriate mitigation project through a Service-approved third party mitigation and conservation account.

Preliminary Determinations

The Service has made preliminary determinations that issuance of these incidental take permits is neither a major Federal action that will significantly affect the quality of the human environment within the meaning of section 102(2)(C) of the National Environmental Policy Act (NEPA; 42 U.S.C. 4321 *et seq.*), nor will they individually or cumulatively have more than a negligible effect on the species covered in the HCPs. The Service considers the impacts of the La Laguna Los Alamos Project on the California tiger salamander to be minor, as the project includes the permanent protection of 34 acres of suitable, high-quality habitat in a conservation easement. The Service considers the impacts of the Phillips 66 Idle Pipeline 352×4 Abandonment Project on the California tiger salamander to be minor, as the affected area is small (approximately 1.22 acres) and of low habitat quality. Therefore, based on this preliminary determination, both permits qualify for a categorical exclusion under NEPA.

Public Comments

If you wish to comment on the permit applications, draft HCPs, or associated documents, you may submit comments by one of the methods in **ADDRESSES**.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. Indian Gaming; Amendment to Class III Gaming Procedures for the Mashantucket Pequot Tribe

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: The notice announces Amendments to the Mashantucket Pequot Tribe Gaming Procedures.

DATES: March 25, 2019.

FOR FURTHER INFORMATION CONTACT: Ms. Paula L. Hart, Director, Office of Indian Gaming, Office of the Deputy Assistant Secretary—Policy and Economic Development, Washington, DC 20240, (202) 219-4066.

SUPPLEMENTARY INFORMATION: Under the Indian Gaming Regulatory Act (IGRA), Public Law 100-497, 25 U.S.C. 2701 *et seq.*, upon the occurrence of certain circumstances the Secretary of the Interior (Secretary) shall issue procedures providing for the operation of Class III gaming by an Indian Tribe. On May 31, 1991, the Secretary published a Notice of Final Mashantucket Gaming Procedures (Procedures) in the **Federal Register**. See 56 FR 24996. On August 2, 2017, the Mashantucket Pequot Tribe (Tribe) submitted proposed amendments to the Tribe's Procedures (Procedures Amendments), along with resolutions of the Connecticut General Assembly, signed by the Governor, indicating the State of Connecticut's (State) support and approval of the Procedures Amendments, as well as proposed amendments to the Tribal-State Memorandum of Understanding (MOU Amendments). The Department did not approve or disapprove the proposed Procedures Amendments or MOU Amendments at that time.

After further consultations with the Tribe, the Assistant Secretary—Indian Affairs publishes this notice that on March 15, 2019, she approved the proposed amendments to the Tribe's Procedures. Additionally, on March 19, 2019, the Assistant Secretary—Indian Affairs approved the Tribal-State MOU dated January 13, 1993, as amended on April 30, 1993, and April 25, 1994, as well as the MOU Amendments submitted on August 2, 2017.

Dated: March 19, 2019.

Tara M. Sweeney,

Assistant Secretary—Indian Affairs.

Privacy Act of 1974; System of Records

AGENCY: Bureau of Safety and Environmental Enforcement, Interior.

ACTION: Rescindment of a system of records notice.

SUMMARY: The Department of the Interior, Bureau of Safety and Environmental Enforcement is issuing a public notice of its intent to rescind the Privacy Act system of records notice, INTERIOR/MMS-12, Lessee/Operator Training Files from its existing inventory. The Lessee/Operator Training Files system of records was managed by the former Minerals Management Service in accordance with the Well Control and Production Safety Training regulation. Under this regulation, the Minerals Management Service accredited institutions to train lessee and operator personnel and to certify that they were competent and safe to work on the Outer Continental Shelf. Revisions to the regulation in October 2000 eliminated requirements for the Minerals Management Service to accredit institutions and for those institutions to provide copies of training certificates on individuals to the Minerals Management Service. The materials associated with these eliminated requirements were the subject matter of the relevant system of records. Subsequently, upon the dissolution of the Minerals Management Service, the responsibility for this system of records was transferred to the Bureau of Safety and Environmental Enforcement, which is now formally rescinding the INTERIOR/MMS-12, Lessee/Operator Training Files system of records notice.

DATES: These changes take effect upon publication.

ADDRESSES: You may submit comments, identified by docket number [DOI-2018-0015], by any of the following methods:

- *Federal e-Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Mail:* Teri Barnett, Departmental Privacy Officer, U.S. Department of the Interior, 1849 C Street NW, Room 7112, Washington, DC 20240.

SUPPLEMENTARY INFORMATION: The former Minerals Management Service (MMS) described the requirements for lessees and operators to train their personnel in 30 Code of Federal Regulations Part 250, Subpart O, Well Control and Production Safety Training. This regulation assigned responsibility to MMS for oversight of training for well control and production safety systems, and oversight of MMS accredited institutions to train and certify lessee and operator personnel to work competently and safely on the Outer Continental Shelf. Training organizations were required to provide copies of training certificates, which included the individual's full name, Social Security number, and training completion date, among other categories of records, which were maintained under Privacy Act system of records notice (SORN), INTERIOR/MMS-12, Lessee/Operator Training Files.

In October 2000, the regulation was amended to reassign responsibilities for overseeing well control and production safety training to lessees and operators. When the regulation went into effect, the records associated with the regulation no longer met the Privacy Act standard for a system of records and eliminated the need for the SORN. The

records covered by this SORN were disposed of in accordance with the prevailing records retention schedule.

In May 2010, Secretary's Order 3299 directed the division of MMS into three independent entities with separate and clearly defined missions: The Bureau of Safety and Environmental Enforcement (BSEE), the Bureau of Ocean Energy Management, and the Office of Natural Resources Revenue. Responsibilities for this system of records notice transferred to BSEE. Pursuant to the provisions of the Privacy Act of 1974, as amended, the Bureau of Safety and Environmental Enforcement is formally rescinding the INTERIOR/MMS-12, Lessee/Operator Training Files system of records notice from its system of records inventory. Rescinding the INTERIOR/MMS-12, Lessee/Operator Training Files system of records notice will have no adverse impacts on individuals as the records were disposed of in accordance with the records retention schedule. This rescindment will also promote the overall streamlining and management of Department of the Interior Privacy Act systems of records.

DEPARTMENT OF LABOR

[DOL-2018-0004]

Notice of Final Determination To Remove Uzbek Cotton From the List of Products Requiring Federal Contractor Certification as to Forced or Indentured Child Labor Pursuant to Executive Order 13126

AGENCY: Bureau of International Labor Affairs, U.S. Department of Labor.

ACTION: Notice of final determination.

SUMMARY: This notice is a final determination to revise the list required by Executive Order No. 13126 ("Prohibition of Acquisition of Products Produced by Forced or Indentured Child Labor", hereafter the E.O. List). The E.O. List identifies a list of products, by their country of origin, that the Department of Labor (DOL), in consultation and cooperation with the Department of State (DOS) and the Department of Homeland Security (DHS) (collectively, the Departments), has a reasonable basis to believe might have been mined, produced, or manufactured by forced or indentured child labor.

The Departments proposed removing cotton from Uzbekistan from the E.O. List in a Notice of Initial Determination that was published in the **Federal Register** on July 31, 2018. After a thorough review of the comments received and information available, the Departments have determined that the use of forced child labor in the cotton harvest in Uzbekistan has been significantly reduced to isolated incidents. As a result, this product no longer meets the criteria for inclusion in the E.O. List.

This final determination is the fifth revision of the E.O. List required by E.O. 13126 in accordance with DOL's Procedural Guidelines for the Maintenance of the List of Products Requiring Federal Contractor Certification as to Forced or Indentured Child Labor (Procedural Guidelines).

SUPPLEMENTARY INFORMATION:

I. Initial Determination
