SUMMARY: We, the U.S. Fish and Wildlife Service, in response to a request from Hilcorp Alaska, LLC, Harvest Alaska, LLC, and the Alaska Gasline Development Corporation, have proposed to issue regulations authorizing the nonlethal, incidental take by harassment of small numbers of northern sea otters in State and Federal waters (Alaska and the Outer Continental Shelf) within Cook Inlet, Alaska, as well as all adjacent rivers, estuaries, and coastal lands. SUPPLEMENTARY INFORMATION: On March 19, 2019, we, the U.S. Fish and Wildlife

Service (Service), published a proposed rule under section 101(a)(5)(A) of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361(a)(5)(A)) (MMPA), which gives the Secretary of the Interior (Secretary) the authority to allow the incidental, but not intentional, taking of small numbers of marine mammals in response to requests by U.S. citizens engaged in a specified activity in a specified region. The Secretary has delegated authority for implementation of the MMPA to the Service.

Background

On May 3, 2018, Hilcorp Alaska, LLC (Hilcorp), Harvest Alaska, LLC, and the Alaska Gasline Development Corporation, hereinafter referred to as the "applicant," petitioned the Service to promulgate regulations pursuant to section 101(a)(5)(A) of the MMPA for the nonlethal, unintentional taking of small numbers of northern sea otters (*Enhydra lutris kenyoni*) incidental to oil and gas exploration, development, production, and transportation activities in Cook Inlet, Alaska, for a period of 5 years. On June 28, 2018, the applicant submitted an amended request providing additional project details.

As described in the proposed rule of March 19, 2019 (84 FR 10224), the proposed incidental take regulations (ITR), if finalized, will not authorize the proposed activities. Rather, they will authorize the nonlethal incidental, unintentional take of small numbers of sea otters associated with those activities based on standards set forth in the MMPA. The proposed ITR includes: Permissible amounts and methods of nonlethal taking; measures to ensure the least practicable adverse impact on sea otters and their habitat; measures to avoid and reduce impacts to subsistence uses; and requirements for monitoring and reporting. For further information, please see the proposed rule.

In comments received thus far on the proposed rule, the Service received requests from the Marine Mammal Commission, the Center for Biological Diversity, and the Cook Inlet Keepers to extend the comment period deadline. Accordingly, we will now accept comments until the date specified above in **DATES**.

Request for Public Comments

If you wish to comment on the proposed regulations, the associated draft environmental assessment, or the information collection, you may submit your comments by any of the methods described in **ADDRESSES**. Please identify if you are commenting on the proposed regulations, draft environmental assessment, or the information

collection, make your comments as specific as possible, confine them to issues pertinent to the proposed regulations, and explain the reason for any changes you recommend. Where possible, your comments should reference the specific section or paragraph that you are addressing. The Service will consider all comments that are received by the close of the comment period (see **DATES**).

Comments, including names and street addresses of respondents, will become part of the administrative record. Before including your address, telephone number, email address, or other personal identifying information in your comment, be advised that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comments to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

Dated: March 27, 2019.

[Docket No. 190212104-9261-01]

RIN 0648-BI58

Regulations Governing the Taking of Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, Commerce.

ACTION: Proposed rule.

SUMMARY: On February 14, 2005, NMFS received a request from the Makah Indian Tribe for a waiver of the Marine Mammal Protection Act (MMPA) moratorium on take of Eastern North Pacific (ENP) gray whales (*Eschrichtius robustus*). The Tribe requested that NMFS authorize a tribal hunt in the coastal portion of the Tribe's usual and accustomed fishing area (U&A) for ceremonial and subsistence purposes, and authorize the making and sale of handicrafts. The MMPA imposes a general moratorium on the taking of marine mammals but authorizes the Secretary of Commerce to waive the

moratorium and issue regulations governing the take of marine mammals if certain statutory criteria are met. The decision to waive the moratorium and issue regulations must be made on the record after an opportunity for an agency hearing on both the waiver and regulations. The hearing is governed by agency regulations, which call for the appointment of a presiding officer and prescribe other procedures. This notice announces the proposed waiver and regulations. A related notice announcing a hearing on the proposed waiver and regulations is published elsewhere in this issue of the **Federal Register**.

DATES: NMFS has scheduled a hearing before an Administrative Law Judge at 9:30 a.m. PDT on August 12, 2019, to consider the issuance of a waiver of the take moratorium and the regulations (see **ADDRESSES**). Parties interested in participating in the hearing process should consult the related notice of hearing published elsewhere in this issue of the **Federal Register**.

Filing deadlines: Any person desiring to participate as a party in the hearing must notify the Regional Administrator (see **ADDRESSES**), by certified mail, postmarked on or before May 6, 2019. Interested parties should consult the related notice of hearing and regulations at 50 CFR part 228 for additional deadlines and hearing procedures.

ADDRESSES: The hearing before Administrative Law Judge George J. Jordan will be held beginning at 9:30 a.m. PDT on August 12, 2019, at the Henry M. Jackson Federal Building, 915 Second Avenue, 4th Floor Auditorium, Seattle, WA 98174.

Information related to the hearing and the Draft Environmental Impact Statement (DEIS), a complete list of references cited in this rulemaking, and background on the Makah Tribe's waiver request will be available on the NMFS website at: <https://www.fisheries.noaa.gov/action/formal-rulemaking-proposed-mmpa-waiver-and-hunt-regulations-governing-gray-whale-hunts-makah>.
