Animal and Plant Health Inspection Service

Title: Nomination Request Form; Animal Disease Training.

OMB Control Number: 0579–0353.

Summary of Collection: The Animal Health Protection Act of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, eradicate pests or diseases of livestock or poultry. The Animal and Plant Health Inspection Service (APHIS) Veterinary Services (VS) is responsible for administering regulations intended to prevent the introduction of animal diseases into the United States. VS Professional Development Branch (PDS) provides vital training to private veterinarians and State, Tribal, Industry, and university personnel which prepare them for animal disease response. To determine the need and demand for such courses, PDS must collect information from individuals who wish to attend training events facilitated by PDS.

Need and Use of the Information: VS collects information using VS Form 1–5 from private veterinarians as well as State, Tribal, military, international, university, and industry personnel who want to attend PDS animal disease training. PDS requires the applicants' work addresses, work telephone numbers, work email addresses, agency/organization affiliations, supervisors' names and email addresses, and job titles. PDS uses this information to produce participant rosters after participants select courses and during training to encourage ongoing working relationships between course participants. Applicants submit the completed form (Web-based) before the PDS course date. The appropriate APHIS official selects applicants based on the need in their respective States for such trained personnel. VS Form 1–5 is subsequently sent to a PDS Program Specialist for processing.
