Abstract: The information collection request concerns the paperwork requirements in the regulations under 30 CFR part 585, Renewable Energy and Alternate Uses of Existing Facilities on the Outer Continental Shelf (OCS) issued pursuant to the OCS Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*). The OCS Lands Act at subsection 8(p) (43 U.S.C. 1337(p)) authorizes the Secretary of the Interior to issue leases, easements, or rights-of-way on the OCS for activities that produce or support production, transportation, or transmission of energy from sources other than oil and gas, including renewable energy. Subsection 8(p) directs the Secretary of the Interior to issue any necessary regulations to carry out the OCS renewable energy program. The Secretary delegated this authority to BOEM. BOEM has issued regulations for OCS renewable energy activities at 30 CFR part 585; this notice concerns the reporting and

recordkeeping elements required by these regulations.

Respondents are lessees and grantees submitting plans for—and, if such plans are approved, constructing, operating, maintaining, and decommissioning—commercial and noncommercial renewable energy projects on the OCS. BOEM must ensure that these activities are carried out in a manner that provides for, among other things, safety, protection of the environment, and consideration of other users of the OCS. In order to execute its duties, BOEM requires information regarding potential purchasers of leases, grants, and rights-of-way, their proposed activities and their payments to the Treasury and financial assurance.

BOEM uses forms to collect some information to ensure proper and efficient administration of OCS renewable energy leases and grants and to document the financial responsibility of lessees and grantees. Forms BOEM–0002, BOEM–0003, BOEM–0004, and BOEM–0006 are used by renewable energy entities on the OCS to assign a lease interest, designate an operator, and to assign or relinquish a lease or grant. Form BOEM–0005 was designed to document a surety's guarantee of the performance of lessees and grantees with respect to bonds issued on behalf of OCS renewable energy lessees, grantees, and operators. BOEM maintains the submitted forms as official lease and grant records pertaining to operating responsibilities, ownership, and financial responsibility.

BOEM protects proprietary information in accordance with the Freedom of Information Act (5 U.S.C. 552) and the Department of the Interior's implementing regulations (43 CFR part 2), and under regulations at 30 CFR 585.113, addressing disclosure of data and information to be made available to the public and others.
